

The background of the book cover is a light blue gradient. It features several faint, semi-transparent chemical structures. At the top left, there are two small structures, possibly representing amino acids or simple peptides. Below them, a long, complex polypeptide chain is visible, featuring various side chains and amide bonds. In the lower half, there are more complex structures, including what appears to be a cyclic peptide or a macrocycle, and another long chain with multiple amide and ester groups. The overall theme is clearly related to organic chemistry, specifically the synthesis of amino acids and peptides.
