Their plans hinge on getting Ares back beneath their control. His time is running out and it's vital that they recapture him soon. The rest of the team is expendable except for Harmoni. They would very much like to get their hands on her as well. She's the key to figuring out exactly what their lost specimen can do. Purpose Denier Harmoni and her team are faced with a different kind of mission when they return to Augury from their latest job. One of the wolves who guards Omen's property is in trouble. Rescuing the shifter will have repercussions that none of them could have expected. It will change the dynamic of the group entirely. Thanks to her unexpected influx of power, Harm will have to relearn how to use all of her talents again. They'll need every edge they can get during their war against Aion Corp and the Octet who run the company. Their enemies are now aware that Harmoni is far more powerful than they'd realized. They're even more determined to bring her and Ares beneath their control. Omen has to choose someone to search for the syriactae now that they have an idea of where he's lurking. Ares is his hated rival so the last thing he wants to do is aid him. Harmoni will take her team and leave if he does nothing so he has no choice but to ask for help from someone he'd rather avoid at all costs.

Hope Stealer J.C. Diem, Harmoni is on the run from an organization that wants to lock her away. She and her friends escaped from their captors five years ago and have become successful thieves. With two wolf shifters, a demon, and whatever kind of creature Harm is, few can ward their valuables from the foursome with the talents they possess. Their latest heist leads them to a mysterious gorgeous man who is being held against his will. Harmoni knows they have to free him from the moment she sees him. For her entire nineteen years, she thought she was the only one of her kind. Now there's another and he might have the answers she needs. With the addition of Ares to their team, their world is about to be turned on its head. Harm and her crew will soon be on the run again but this time they'll have to rely on the help of the one creature she's hoping to avoid. Omen's help always comes at a cost and she's no longer sure she wants to pay the price the vampire is asking.
