Sonderausgabe. Peter Mayle, 2003 A Taste for Provence Helen Lefkowitz Horowitz, 2016-06-10 Provence today is a state of mind as much as a region of France promising clear skies and bright sun gentle breezes scented with lavender and wild herbs scenery alternately bold and intricate and delicious foods served alongside heady wines Yet in the mid twentieth century a travel guide called the region a mostly dry scrubby rocky arid land How then did Provence become a land of desire an alluring landscape for the American holiday In *A Taste for Provence* historian Helen Lefkowitz Horowitz digs into this question and spins a wonderfully appealing tale of how Provence became Provence The region had previously been regarded as a backwater and known only for its Roman ruins but in the postwar era authors chefs food writers visual artists purveyors of goods and travel magazines crafted a new alluring image for Provence Soon the travel industry learned that there were many ways to roam and some even involved sitting still The promise of longer stays where one cooked fresh food from storied outdoor markets became desirable as American travelers sought new tastes and unadulterated ingredients Even as she revels in its atmospheric cultural and culinary attractions Horowitz demystifies Provence and the perpetuation of its image today Guiding readers through books magazines and cookbooks she takes us on a tour of Provence pitched as a new Eden and she dives into the records of a wide range of visual media paintings photographs television and film demonstrating what fueled American enthusiasm for the region Beginning in the 1970s Provence for a summer a month or even just a week or two became a dream for many Americans Even today as a road well traveled Provence continues to enchant travelers armchair

and actual alike Beyond Boundaries ,2016-08-29 Despite the recent growth in university courses on European Studies and Cultural Studies and notwithstanding increasing public concern about questions of national identity within Europe there is currently little material available which explores the diversity of European identities specifically within the context of European literary and filmic culture In tackling ten novels six plays four films three short stories three books of travel writing and one diary covering fifteen nationalities in all the authors of this volume are seeking to fill this gap The twelve essays contain detailed textual analysis embedded within a framework of cultural theory whose most celebrated reference points include Freud Edward Said Benedict Anderson and Homi Bhabha This volume is aimed not only at specialists in identity studies and those concerned with the artistic landscape of a wider Europe including Russia the Balkans Finland and Turkey It will also interest those preoccupied with building an imaginative and imagined identity for Europe an identity which might help to sustain it as a political entity and lend it greater popular legitimacy than it enjoys at present Unquenchable!

Natalie MacLean,2011-11-01 We wine writers tend to be obsessive souls How else can a person stay fascinated throughout a career with just one drink Compare us to food writers Over their lives they ll encounter thousands of ingredients and ways of combining and cooking them Wine by contrast is just fermented grapes But it engages our primary senses smell taste feel in a way that is both hedonistic and cerebral That s why I ve spent the past several years traipsing around the world visiting wineries tasting their offerings and searching for the world s best cheap wines The narrative is as familiar as Arthur s quest for the grail and as naive as Dr Seuss s plaintive search for the affirmative in Are You My Mother With her signature conversational style Natalie MacLean takes you on a whirlwind journey through the world of wine searching for great taste at a low cost By turns confessional with guilty admissions from a penny pincher who loves simple pleasures and spirited Unquenchable is informed by MacLean s decade long career as an award winning wine writer In this engaging and enlightening book MacLean recounts her adventures with the most passionate personalities in some of the most gorgeous off beat places in the world from the crazed vintner who explains his philosophy while speeding down the Autobahn to the Sicilian winemakers you don t want to disappoint with your tasting notes Yet there s plenty to take away from her inspired recommendations for food pairing to lists of favorite value wines and vintners plus plenty of pointers that will enhance your own drinking pleasure **Passages Westward** Maria Lähteenmäki,Hanna Snellman,2006-12-27 The West has always been a resource for the Finns Scholars artists and other professionals have sought contacts from Europe throughout the centuries The Finnish experience in Western Europe and the New World is a story of migrant laborers expatriates and specialists working abroad But you don t have to be born in Finland to be a Finn The experiences of second generation Finnish immigrants and their descendants open up new possibilities for understanding the relationship between Finland and the West The Finnish passage westward has not always crossed national borders Karelian evacuees headed west as did young people from the Finnish countryside when opportunities to make a living in agriculture and forestry diminished in the post

war era The legacy of these migrants is still visible in the suburbs of Finnish cities today This book is a joint effort of the Department of Ethnology and the Department of History at the University of Helsinki It was written by Ph D students supervised by Academy Research Fellows Maria Lhteenm ki and Hanna Snellman in collaboration with colleagues abroad interested in current research in ethnology and history
