## **Encounter Cases From Flying Saucer Review:**

*Encounter Cases from Flying Saucer Review* Charles Bowen, 1977      *Encounter Cases from Flying Saucer Review* Charles Bowen, 2017-07-11 Close Encounters of the Third Kind offered us a fictional view of UFO contacts. Now take a look at the startling reality as found in the files of the world's preeminent UFO magazine Flying Saucer Review. FSR Charles Bowen, editor of FSR, introduces us to UFO sightings, frightening abductions, mysterious messages, incredible reappearances, and alien encounters. UFOs have always been a highly controversial subject. In the U.S., government officials have long attempted to deny the existence of UFOs and alien encounters. In France, the defense minister recently confirmed his government's strong interest in the UFO phenomenon. And from all over the world, there have been countless reports of encounters with UFOs and extraterrestrials. For decades, Flying Saucer Review led the pack in seeking out, documenting, and reporting bonafide encounters with UFOs. Now, at last, their most noteworthy cases have been put together to present a conclusive argument for the actual existence of UFOs. The evidence paints a crystal clear portrait of UFO contacts: what we have learned from them and how much more we must discover while time still remains. In England, a young couple flees from the presence of an unearthly being. In Argentina, a business man is instantaneously transported over 900 miles. In Japan, a car is engulfed in a cloud of vapor and mysteriously vanishes. In America, spectral figures are seen near several UFO landing sites. In France, a farmer is temporarily paralyzed by two extraterrestrials. In Rhodesia, a driver is accosted by aliens and given a view of a spaceship's interior. How long they have been among us and why they are here can only be guessed at. But the fact that they are indeed here can no longer be denied. What should be our next move?      *High Strangeness* Jerome Clark, 1996      **The Mammoth Encyclopedia of Extraterrestrial Encounters** Ronald Story, 2012-03-01 An illustrated A to Z guide to all things alien. Over 400 entries from more than 100 contributors cover everything from the incidents and witnesses involved to the concepts at stake and experts' personal position statements. Entries range from alien abductions, the Fantasy Prone hypothesis, and JAL Flight no 1628 to the Lakenheath Bentwaters Episode, mind control by aliens, and Roswell. The contributors include Isaac Asimov, Jerome Clark, Erich von Daniken, Peter Davenport, Hilary Evans, Timothy Good, Marvin Kottmeyer, Jenny Randles, Carl Sagan, Whitley Streiber, and Jacques Vallee. There are over 300 images, eyewitness drawings, and photographs.      **The Spaceships of the Visitors** Kevin Randle, Russ Estes, 2011-01-18 The first comprehensive field guide to alien spacecraft, complete with illustrations of more than one hundred spaceships. In the last decade, the number of reports of alien spacecraft sightings has skyrocketed. However, the phenomenon of alien encounters is not new. Here, for the first time, two UFO experts, Kevin Randle and Russ Estes, cover the history of UFO sightings from the ancient to the modern, using research from many different sources, including the Air Force and private UFO groups. Each of the more than one hundred entries is based on actual eyewitness accounts and includes a detailed drawing of each spaceship based on photographs or drawings made by the people who saw it with their own eyes. A concise summary of the facts where the sighting took place, names of the

witnesses craft type and such specifics as each craft's dimensions color sound and exhaust mechanism A unique reliability rating on a scale from 0 to 10 A gripping you were there narration of the encounter along with meticulous documentation of source material Spaceships of the Visitors is a fascinating and essential reference for anyone curious about alien visitation
