Participating Witness Anthony G. Siegrist, 2013-08-21 At a time when the fractious legacy of the Protestant Reformation is coming under new scrutiny Anthony Siegrist explores the implications of ecumenism for believers baptism Writing from within the tradition of the Radical Reformation he challenges dominant ecclesiological assumptions and argues that this central practice needs to be reconstrued Siegrist works constructively to develop a concrete account of believers baptism that attends closely to the dynamics of divine initiation Siegrist deliberately stretches the traditional Anabaptist conversation to include not just expected voices like Yoder and Marpeck but also luminaries from the broader Christian tradition Barth Bonhoeffer and a variety of ancient sources are creatively engaged The intent of *Participating Witness* is eminently practical but its argumentation is carried out with theological rigor

A Chance to Serve Brian Reynolds, 1983 A

Chance to Serve is a formation program that enables teenagers to become effective ministers to their peers. This systematic program offers interested young people a progressive sequence of opportunities for growth in personal faith for community building and for leadership training. Written by Brian Reynolds, cofounder of the Center for Ministry Development, this training program has been successfully piloted in several different settings around the country. This peer ministry training program is suitable for use in a variety of settings: schools, parishes, retreat centers, youth programs, campus ministry settings, or diocesan youth organizations. The leader's manual is organized into three sections. Section 1 presents the conceptual and theoretical framework of peer ministry. Section 2 addresses the practical aspects of establishing a program. Section 3, which forms the heart of the training program, consists of eighteen detailed 150-minute training modules, including copies of the worksheets for the young people. A bibliography contains additional peer ministry resources for the reader.

How to Grow in Faith Fr. Michel Remery, 2021-04-07. *How to Grow in Faith* challenges Catholics of all ages, especially young people, to ask questions, search for answers together, and discover how God loves each of them very deeply. Using *Tweeting with GOD* and *Online with Saints* as a basis, this book comprises a full interactive catechetical program for participants, including online material, videos, mobile apps, social media, and assorted activities. Those engaged in youth, young adult, and adult ministries will find this to be a valuable resource which can be used in religious education, sacrament preparation, RCIA, and marriage preparation. The program is versatile enough to be utilized by people who are completely new to the Faith, as well as those searching to deepen their understanding. The personalized program consists of eighteen meetings and can be spread over the course of months and even years. Each meeting begins with a question that helps participants to explore their faith through interactive exercises and profound dialogue. Participants grow together while searching for answers that reveal the truth about life, love, and faith.

ABOUT THE AUTHOR Father Michel Remery is a Catholic priest, founder of *Tweeting with GOD*, and author of several books, including *Online with Saints*. He studied architecture (1992-96) and worked for the Dutch Royal Air Force and as a consulting engineer before studying philosophy and theology in Rome (1999-2006). His Ph.D. dissertation was on the relationship between liturgy and architecture. As a priest, he has worked especially with young people and students. He served as Vice Secretary General of the Council of European Bishops' Conferences (2012-17), overseeing commissions related to social communications, youths, and catechesis. In 2018, he continued his priestly ministry in Luxembourg as national youth chaplain and internationally as director of *Tweeting with GOD*.

More Perfect Unions Rebecca L. Davis, 2010-07-31. The American fixation with marriage so prevalent in today's debates over marriage for same-sex couples owes much of its intensity to a small group of reformers who introduced Americans to marriage counseling in the 1930s. Today, millions of couples seek help to save their marriages each year. Over the intervening decades, marriage counseling has powerfully promoted the idea that successful marriages are essential to both individuals and the nation's well-being. Rebecca Davis reveals how couples and counselors transformed the ideal of the perfect marriage as they debated sexuality, childcare,

mobility wage earning and autonomy exposing both the fissures and aspirations of American society From the economic dislocations of the Great Depression to more recent debates over government funded Healthy Marriage programs counselors have responded to the shifting needs and goals of American couples Tensions among personal fulfillment career aims religious identity and socioeconomic status have coursed through the history of marriage and explain why the stakes in the institution are so fraught for the couples involved and for the communities to which they belong Americans care deeply about marriages their own and other people s because they have made enormous investments of time money and emotion to improve their own relationships and because they believe that their personal decisions about whom to marry or whether to divorce extend far beyond themselves This intriguing book tells the uniquely American story of a culture gripped with the hope that with enough effort and the right guidance more perfect marital unions are within our reach

A Primer on Christian Ethics Luke Bretherton, 2023-11-09 An introduction to Christian ethics that provides a new constructive framework for Christian moral and political thought It draws on and integrates classic sources and approaches with contemporary liberationist and critical voices while making the ethical relationship between human and nonhuman life a central concern

Encountering Religion in the Workplace Raymond F. Gregory, 2011-01-15 In a recent survey 20 percent of the workers interviewed reported that they had either experienced religious prejudice while at work or knew of a coworker who had been subjected to some form of discriminatory conduct Indeed according to the Equal Employment Opportunity Commission the filing of religious discrimination charges under Title VII of the Civil Rights Act of 1964 which prohibits discrimination in employment based on race color national origin sex and religion increased 75 percent between 1997 and 2008 The growing desire on the part of some religious groups to openly express their faith while at work has forced their employers and coworkers to reconsider the appropriateness of certain aspects of devotional conduct Religion in the workplace does not sit well with all workers and from the employer s perspective the presence of religious practice during the workday may be distracting and at times divisive A thin line separates religious self expression by employees and employers from unlawful proselytizing In *Encountering Religion in the Workplace* Raymond F Gregory presents specific cases that cast light on the legal ramifications of mixing religion and work in the office on the factory floor even within religious organizations Court cases arising under Title VII and the First Amendment must be closely studied Gregory argues if we are to fully understand the difficulties that arise for employers and employees alike when they become involved in workplace disputes involving religion and his book is an ideal resource for anyone hoping to understand this issue

Dancing in the Dark, Revised Edition Graham Buxton, 2016-11-08 Christians are often tempted to encapsulate God in their own little boxes as if God could be tied down to our finite way of thinking But we can neither domesticate nor fully understand God for theology has a lot to do with coming to terms with the mystery of God This revised edition of *Dancing in the Dark* shaped as in the first edition by the two overarching themes of God as Trinity and a theology of participation embraces the notion of mystery in presenting a compelling vision of seeing all things finally united within the inner life of God As we engage in Christian ministry we are summoned to participate as grace filled faith communities in the triune God s immeasurably loving and healing work in the world leading those who are in darkness into an awareness of the God who imparts life in all its glorious abundance that which is so and a journey into the mystery of that which is to come The liberating ministry of the gospel is both a declaration and an invitation an invitation to the dance
