This collection of conference presentations from the 2018 meeting of Societas Homiletica focuses on how preaching and homiletical studies around the world address the rhetorical biblical political and spiritual dimensions of fear as it has emerged in recent decades Meeting the Messiah Kara Lassen Oliver, 2010-08-01 Journey through this Advent season with a in church and society purposeful focus on the Christ child Meeting the Messiah encourages you to slow down and pay attention to the real meaning of Christmas Six weeks of short readings and guided reflection will enrich your celebration of Advent Christmas and Epiphany You will be filled with joy and thanksgiving as you think about scripture passages from the perspectives of the Holy Spirit John the Baptist Mary the shepherds the magi and Jesus himself This year look closely at the Christ child as if you were meeting him for the first time For individual or group study Contemporary Authors Scot Peacock, 2002-12 Your students and users will find biographical information on approximately 300 modern writers in this volume of Contemporary American Book Publishing Record Cumulative 1998 R R Bowker Publishing, 1999-03 Authors R The Asymptote of Love James Kellenberger, 2018-10-16 Discusses the complexities and paradoxes of love as represented in the history of Western philosophy and Christianity In The Asymptote of Love James Kellenberger develops a theory of religious love that resists essentialist definitions of the term and brings into conversation historical debates on love in Western philosophy and Christian theology He argues that if love can be likened to a mathematical asymptote which is a straight line that infinitely approaches a curve but never quite reaches it then the asymptote of love reaches toward the infinite endpoint of love at its uttermost namely God's love Drawing upon a broad range of thinkers who have put forth classic debates on love such as St

Augustine of Hippo Anders Nygren and St Thomas Aguinas as well as some lesser known figures in the debate such as Leo Tolstoy and Albert Schweitzer Kellenberger explains the profound connection between human agape and God's infinite love in its capacity to offer both directive guidance and to exist beyond human conception. The widening of the circle of love is a rather novel contribution both from the author and from the twentieth century in general For this reason alone the book stands out in contemporary publishing Joeri Schrijvers author of Between Faith and Belief Toward a Contemporary Phenomenology of Religious Life Women and Mystical Experience in the Middle Ages Frances Beer, 1992 Original and thought provoking study of three medieval women mystics based on writings and biographical material A wholly feminine voice within Catholicism they express the inexpressible better than any amount of rational thinking about God THE TIMES The three women who are the subject of this fascinating study lefta rich legacyof medieval spirituality Frances Beer explores their writings and draws on available historical evidence to bring the experience of all three women closer to a 20th century audience She sees Hildegard s perception of her Creator as informed by the heroic ideal while Mechthild s erotic experience seems to show the influence of the minnesingers Julian s experience of tender intimacy with her Lord demonstrates an egalitarian confidence in the ability of the individual soul to progress towards onenesswith the divine Their individual natures are also further revealed through the author's examination of their resolution of a number of theological problems In contrast the works of two medieval men writing for women are also explored FRANCESBEER is Associate Professor of English at York University Toronto The Transforming Fire of Divine Love John H. Armstrong, 2025-03-01 Most Bible readers know God is love 1 John 4 8 16 And most have heard the words of John 3 16 God so loved the world perhaps the best known verse in the entire Bible But few readers realize that these are perhaps the most daring verses in all the Scripture Why They tell us who God is and why we can trust him Yet very few Christians realize how much of what they believe about the nature of God is rooted in ideas foreign to divine love How did this happen What can be done to change how we can relate to the God who is perfect and inexhaustible love John Armstrong shares a deeply personal story of his long slow journey to know and experience God as a compassionate and loving Father As a pastor trained in evangelical theology he came to know and experience the teaching of the whole church about God thus the story he tells will inform how you can know the God who is amazing love This readable primer will help you develop a doctrine that can free you from guilt fear and many misconceptions we have about God You will see that what you believe about God will truly affect everything else you believe The Life Writing of Otherness Lauren Rusk, 2012-12-06 Focusing on innovative works by Woolf Baldwin Kingston and Winterson the author analyzes how they each represent the self as unique collectively other and inclusively human and how these conflicting aspects of selfhood interact To Tell the Sacred Tale Ruffing, Janet K., RSM,2011 This book shows the singular importance of narrative in the process of spiritual direction and reflects on this interactive process of sharing our sacred stories in pastoral contexts in order to hear and respond more deeply to the story God is telling in our lives

The Compassion Quest Trystan Owain Hughes, 2013-02-21 In this follow up to his much praised Finding Hope and Meaning in Suffering Trystan Owain Hughes encourages us to develop an approach to life that looks beyond our own concerns Using illustrations from poetry literature and film and drawing on contemporary scientific thought the author makes plain that our natural state is an interconnected harmony with God with each other and with the world around us Gradually we come to realize that loving others and desiring the best for them is worthwhile even when there seems to be little in it for us Just as Christ chose to humble himself and become God with us so we too will bring light to the lives of those around us by transcending our self centredness and becoming fully present to those in need And as we begin to attune ourselves to love s frequency our inner being will instinctively embrace all creation as sacred and deserving of our care and Dominican Penitent Women Maiju Lehmijoki-Gardner, 2005 Dominican Penitent Women is the first attention comprehensive introduction in English to Dominican penitent spirituality The volume examines Italian lay women s ways of life through religious rules hagiographical texts and their own writings spanning the thirteenth to sixteenth centuries The first section contains translations of two versions of their rules which open a window to the religious practices and institutions that structured their lives The second section introduces hagingraphical texts including the Miracoli of Catherine of Siena and an extract from Thomas of Siena's Supplement which includes accounts not discussed in Raymond of Capua's Legenda maior A final section consists of Osanna of Mantua's letters to Francesco Gonzaga and Lucia Brocadelli's Seven Revelations in which these two women wove mundane details and cunning practical insights into their Christ centered Cambridge Platonist Spirituality Charles Taliaferro, Alison J. Teply, 2004 This anthology collects devotion Book jacket essays poetry and treatises by a group of English philosophers from the Age of Reason who were devoted to the goodness of God and the spiritual importance of rationalism These philosophers known as the Cambridge Platonists produced a movement in philosophical theology that flourished around Cambridge University in the seventeenth century and influenced not only Great Britain but the United States and beyond Their school of thought emphasized the great goodness of God the compatibility of reason and faith an integrated life of virtue and the deep joy of living in concord with God This volume introduces and presents the key documents of the Cambridge Platonist movement while setting its thinkers in their historical and religious context the decades of turbulence and political crises surrounding the English Civil War Audi. Filia Saint John (of Avila), 2006 John of Avila 1499 1569 was a major figure in the ecclesial reform and spiritual renewal that finally came to pass in 16th century Spain In spite of discrimination because of his Jewish background John had an excellent education at the Universities of Salamanca and Alcala centers of Christian humanistic studies in Spain As a diocesan priest in Andalusia he labored as a preacher confessor spiritual director catechist evangelist educator and theologian He knew and helped many saints including Ignatius of Loyola Teresa of Avila and John of God Master Avila as he was called centered his efforts on the establishment of colleges and universities for the education of laity and priests and on reform of the priesthood He also

directed many religious and lay people His spiritual masterpiece the Audi filia is a guide to the spiritual life in which hearing the word of God in the Scriptures and contemplating the face of Christ especially in his passion leads to personal transformation in the communion of the Father and the Son In many ways the book reflects the time in which it was written but it also transcends it to provide direction for a faithful and mature Christian life in any age
