The Age of Wonders Aron Appelfeld, 1981 **Aharon Appelfeld's Fiction** Emily Miller Budick, 2005-01-17 How can a fictional text adequately or meaningfully represent the events of the Holocaust Drawing on philosopher Stanley Cavell's ideas about acknowledgment as a respectful attentiveness to the world Emily Miller Budick develops a penetrating philosophical analysis of major works by internationally prominent Israeli writer Aharon Appelfeld Through sensitive discussions of the novels *Badenheim 1939* *The Iron Tracks* *The Age of Wonders* and *Tzili* and the autobiographical work *The Story of My Life* Budick reveals the compelling art with which Appelfeld renders the sights sensations and experiences of European Jewish life preceding during and after the Second World War She argues that it is through acknowledging the incompleteness of our knowledge and understanding of the catastrophe that Appelfeld's fiction produces not only its stunning aesthetic power but its affirmation and faith in both the human and the divine This beautifully written book provides a moving introduction to the work of an important and powerful writer and an enlightening meditation on how fictional texts deepen our understanding of historical events Jewish Literature and Culture Alvin H Rosenfeld editor

The Enigma of Good and Evil: The Moral Sentiment in Literature Anna-Teresa Tymieniecka, 2006-08-27 Striking toward peace and harmony the human being is ceaselessly torn apart in personal social national life by wars feuds inequities and intimate personal conflicts for which there seems to be no respite Does the human condition in interaction with others imply a constant adversity Or is this conflict owing to an interior or external factor of evil governing our attitudes and conduct toward the other person To what criteria should I refer for appreciation judgment direction concerning my attitudes and my actions as they bear on the well being of others At the roots of these questions lies human experience which ought to be appropriately clarified before entering into speculative abstractions of the ethical theories and precepts Literature which in its very gist dwells upon disentangling in multiple perspective the peripeteia of our life experience offers us a unique field of source material for moral and ethical investigations Literature brings preeminently to light the Moral Sentiment which pervades our life with others our existence tout court Being modulated through the course of our experiences the Moral Sentiment sustains the very sense of literature and of personal human life Tymieniecka

Admitting the Holocaust Lawrence L. Langer, 1996-06-20 In the face of the Holocaust writes Lawrence L. Langer our age clings to the stable relics of faded eras as if ideas like natural innocence innate dignity the inviolable spirit and the triumph of art over reality were immured in some kind of immortal shrine immune to the ravages of history and time But these ideas have been ravaged and in *Admitting the Holocaust* Langer presents a series of essays that represent his effort over nearly a decade to wrestle with this rupture in human values and to see the Holocaust as it really was His vision is necessarily dark but he does not see the Holocaust as a warrant for futility or as a witness to the death of hope It is a summons to reconsider our values and rethink what it means to be a human being These penetrating and often gripping essays cover a wide range of issues from the Holocaust's relation to time and memory to its portrayal in literature to its use and abuse by culture to its role in reshaping our sense of history's legacy In many Langer examines the ways in which accounts of the Holocaust in history literature film and theology have extended and sometimes limited our insight into an event that is often said to defy understanding itself He singles out Cynthia Ozick as one of the few American writers who can meet the challenge of imagining mass murder without flinching and who can distinguish between myth and truth On the other hand he finds Bernard Malamud's literary treatment of the Holocaust never entirely successful it seems to have been a threat to Malamud's vision of man's basic dignity and he argues that William Styron's portrayal of the commandant of Auschwitz in *Sophie's Choice* pushed Nazi violence to the periphery of the novel where it disturbed neither the author nor his readers He is especially acute in his discussion of the language used to describe the Holocaust arguing that much of it is used to console rather than to confront He notes that when we speak of the survivor instead of the victim of martyrdom instead of murder regard being gassed as dying with dignity or evoke the redemptive rather than grievous power of memory we draw on an arsenal of words that tends to build verbal fences between what we are mentally willing or able to face and the harrowing reality of the camps and ghettos A respected Holocaust scholar and author of *Holocaust Testimonies The Ruins of Memory* winner of the 1991 National Book Critics Circle Award for criticism Langer offers a view of this catastrophe that is candid and disturbing and yet hopeful in its belief that the testimony of witnesses in diaries journals memoirs and on videotape and the unflinching imagination of literary artists can still offer us access to one of the darkest episodes in the

twentieth century **American Bandstand** John A. Jackson, 1999 Based on extensive interviews with dozens of photographs this is a riveting and uncensored account of a show that managed to survive countless revolutions in popular music 36 halftones *What We Talk about When We Talk about Hebrew (and What It Means to Americans)* Naomi B. Sokoloff, Nancy E. Berg, 2018-08-14 Why Hebrew here and now What is its value for contemporary Americans In *What We Talk about When We Talk about Hebrew and What It Means to Americans* scholars writers and translators tackle a series of urgent questions that arise from the changing status of Hebrew in the United States To what extent is that status affected by evolving Jewish identities and shifting attitudes toward Israel and Zionism Will Hebrew programs survive the current crisis in the humanities on university campuses How can the vibrancy of Hebrew literature be conveyed to a larger audience The volume features a diverse group of distinguished contributors including Sarah Bunin Benor Dara Horn Adriana Jacobs Alan Mintz Hannah Pressman Adam Rovner Ilan Stavans Michael Weingrad Robert Whitehill Bashan and Wendy Zierler With lively personal insights their essays give fellow Americans a glimpse into the richness of an exceptional language Celebrating the vitality of modern Hebrew this book addresses the challenges and joys of being a Hebraist in America in the twenty first century Together these essays explore ways to rekindle an interest in Hebrew studies focusing not just on what Hebrew means as a global phenomenon and long lived tradition but on what it can mean to Americans **Art and the Artist in the Contemporary Israeli Novel** Joseph Lowin, 2016-12-21 *Art and the Artist in the Contemporary Israeli Novel* presents studies of eight contemporary works of Israeli fiction by eight major Israeli novelists It deals with a society where drama lived in reality but also in the mind is a central moving force What this book shows is the ways these texts deal with the themes of creativity and the creation of a work of art and with the way art and artists are portrayed in a culture that is often perceived as being otherwise preoccupied The book involves close and painstaking readings of these novels and travels along a broad spectrum of themes It also shows how these texts engage in dialogue with texts of the Jewish tradition on the one hand and on the other hand with each other Two major points of the book are its emphasis on the work as literary art and the way the same themes often find their way into the varied works created by this literary generation The book notes two tendencies among Israeli writers that there is a great urge to tell their story and the story of Israel and that to make clear not only what is happening in these novels but also what is going on in their works of art the novelist take the leisurely route of literary emerging slowly but surely leading the reader to see how art emerges from the most prosaic of events Despite its easygoing tone the book still claims to be a serious book dealing with serious issues both ethical and metaphysical One of the cases this book endeavors to make is that one of the main goals of contemporary Israeli writers is to insert their works of art via a midrashic mode of writing in which previous texts are constantly being re written and being made modern as links in the great chain of the Jewish textual tradition These novels often refer back to biblical tales and to rabbinic ways of reading them But they also demonstrate how the writers themselves and their books and are also a part of that tradition Most of all

however these writers are supremely aware that they are artists and that they have a particular responsibility to their art

Children during the Holocaust Patricia Heberer, 2011-05-31 Children during the Holocaust from the United States Holocaust Memorial Museum's Center for Advanced Holocaust Studies tells the story of the Holocaust through the eyes and fates of its youngest victims The ten chapters follow the arc of the persecutory policies of the Nazis and their sympathizers and the impact these measures had on Jewish children and adolescents from the years leading to the war to the roundups deportations and emigrations to hidden life and death in the ghettos and concentration camps and to liberation and coping in the wake of war This volume examines the reactions of children to discrimination the loss of livelihood in Jewish homes and the public humiliation at the hands of fellow citizens and explores the ways in which children's experiences paralleled and diverged from their adult counterparts Additional chapters reflect upon the role of non Jewish children as victims perpetrators and bystanders during World War II Offering a collection of personal letters diaries court testimonies government documents military reports speeches newspapers photographs and artwork Children during the Holocaust highlights the diversity of children's experiences during the nightmare years of the Holocaust
