Cotter, Jerome T. Walsh, Chris Franke, 1999 In Ruth Tod Linafelt offers an interpretation of the book which he calls unsettling in that he refuses to settle on a single meaning in a book so fraught with complexity and ambiguity Ambiguity built into grammar syntax and vocabulary carried over into the

larger issues of characterization theology and the book's purpose. He also argues that Ruth is intended to read as an interlude between Judges and Samuel. Esther by Timothy Beal focuses on a story of anti-Judaism in an ancient world that raises contemporary questions about sexism, ethnocentrism, and national identity. Beal questions the text without assuming that there will be univocal answers, allowing for complexity, perplexity, and the importance of accidents. Beal emphasizes the general and the tentative over the continuous. Using rhetorical criticism as a way into the text, Beal also focuses on its narrative structure.

*Encounters of the Spirit* Richard W. Pointer, 2007-09-28. Historians have long been aware that the encounter with Europeans affected all aspects of Native American life. But were Indians the only ones changed by these cross-cultural meetings? Might the newcomers' ways, including their religious beliefs and practices, have also been altered amid their myriad contacts with native peoples? In *Encounters of the Spirit*, Richard W. Pointer takes up these intriguing questions in an innovative study of the religious encounter between Indians and Euro-Americans in early America. Exploring a series of episodes across the three centuries of the colonial era and stretching from New Spain to New France and the English settlements, he finds that the flow of cultural influence was more often reciprocal than unidirectional.

**T. F. Torrance in Recollection and Reappraisal** Bruce Ritchie, 2021-01-19. This is perhaps the most engaging and readable introduction to T. F. Torrance's theology around. The author writes from the perspective of having been a student in Torrance's theology class in Edinburgh when Torrance was at the height of his powers, painting a fascinating picture of Torrance in action as a teacher. The book sets Torrance's theology in context by placing it in relation to liberal Protestantism on the one hand and traditional Calvinism on the other. It explores Torrance's methodology; it offers insights on how he linked incarnation and atonement; and it also suggests how some of Torrance's ideas may be extended in order to result in an even more integrated and cohesive theology. This book is a must not only for Torrance readers but for all lovers of theology.

*On the Road: Encounters in Luke-Acts* Octavian D. Baban, 2006-10-18. Contemporary reconstructions of Luke's theology of the Way should include in a more conscientious manner the contribution of Luke's post-Easter on-the-road encounters: the Emmaus, Gaza, and Damascus road narratives. This book argues that Luke follows here the rules of Hellenistic mimesis (imitation), many of which are illustrated in the novels, dramas, and history treatises of his time. Filtering these rules through his own theology and literary taste, he represents in the end the history and the proclamation of the early church in an attractive and challenging manner, inviting his readers to good literature and to captivating spiritual experiences.

*Bethlehem's Closet* Donald H. Neidigk, 2002-06. If you want to try something different for Advent this year, *Bethlehem's Closet: A Reunion of Grace* is a great resource that provides congregations with an intriguing learning experience. It's a unique series of five monologues telling the fascinating stories of the women mentioned in Matthew's genealogy of Jesus. Donald Neidigk believes that the embarrassing events in some of these women's lives are important for us to know since they demonstrate that Jesus was born into an imperfect family with secrets in the closet, just like you and me. And that makes him a sympathetic Savior, exactly

what we need So even though the shepherds and wise men may be more typical of the season s characters Bethlehem s Closet A Reunion of Grace offers a refreshing way to celebrate Christ s birth Each monologue comes with a children s message using easily obtained objects to reinforce the lesson and a convenient order of worship The monologues examine these women Tamar A Wronged Widow Rahab A Former Prostitute Ruth A Moabite Convert Bathsheba A Violated Wife Mary A Young Mother Donald H Neidigk is a graduate of New Mexico State University B S and Denver Seminary M Div with additional graduate study at Concordia Theological Seminary in Fort Wayne Indiana He is currently the pastor of Calvary Lutheran Church in Rio Rancho New Mexico and also serves as the Circuit Counselor for the Sandia South Circuit of the Rocky Mountain District of the Lutheran Church Missouri Synod Neidigk is the author of The Gifts of Lent and Conversations With the Savior CSS      The Zionist Paradox Yigal Schwartz,2014-08-26 Many contemporary Israelis suffer from a strange condition Despite the obvious successes of the Zionist enterprise and the State of Israel tension persists with a collective sense that something is wrong and should be better This cognitive dissonance arises from the disjunction between place defined as what Israel is really like and Place defined as the imaginary community comprised of history myth and dream Through the lens of five major works in Hebrew by writers Abraham Mapu 1853 Theodor Herzl 1902 Yosef Luidor 1912 Moshe Shamir 1948 and Amos Oz 1963 Schwartz unearths the core of this paradox as it evolves over one hundred years from the mid nineteenth century to the 1960s      The Ambiguous Figure of the Neighbor in Jewish, Christian, and Islamic Texts and Receptions Marianne Bjelland Kartzow,2021-09-12 This book examines an undertheorized topic in the study of religion and sacred texts the figure of the neighbor By analyzing and comparing this figure in Jewish Christian and Islamic texts and receptions the chapters explore a conceptual shift from Children of Abraham to Ambiguous Neighbors Through a variety of case studies using diverse methods and material chapters explore the neighbor in these neighboring texts and traditions The figure of the neighbor seems like an innocent topic at the surface It is an everyday phenomenon that everyone have knowledge about and experiences with Still analytically it has a rich and innovative potential Recent interdisciplinary research employs this figure to address issues of cultural diversity gender migration ethnic relationships war and peace environmental challenges and urbanization The neighbor represents the borderline between insider and outsider friend and enemy us and them This ambiguous status makes the neighbor particularly interesting as an entry point into issues of cultural complexity self definition and identity This volume brings all the intersections of religion ethnicity gender and socio cultural diversity into the same neighborhood paying attention to sacred texts receptions and contemporary communities The Ambiguous Figure of the Neighbor in Jewish Christian and Islamic Texts and Receptions offers a fascinating study of the intersections between Jewish Christian and Islamic text and will be of interest to anyone working on these traditions
