## **Encounters With Merton Spiritual Reflections:**

*Encounters with Merton*, 1981      **Encounters with Merton** Henri J. M. Nouwen, 1972      Thomas Merton's Encounter with Buddhism and Beyond Jaechan Anselmo Park, 2019-03-07 Thomas Merton recognized the value and possibility of contemplative dialogue between monastics and contemplatives of other religious traditions and hoped that through such dialogue monastics would strive for inter monastic communion and a bonding of the broader spiritual family He held out hope that this bond would demonstrate the fundamental unity of humanity to a world that was becoming ever more materialistic and divided Among other themes and topics this book explores Thomas Merton's role as a pioneer of Buddhist Christian dialogue and monastic interreligious dialogue It delves into the process of Merton's self transformation through contemplative experiences explores his encounter with Zen and Tibetan Buddhists and his pioneering engagements in Buddhist Christian dialogue and presents and responds to the criticisms of those who raise questions about Merton's understanding of Buddhism Fr Jaechan Anselmo Park OSB articulates and analyzes the influences of Buddhist theory and practice on Thomas Merton's contemplative spirituality and shows how Merton's legacy has influenced and continues to inspire interreligious and inter monastic dialogue particularly in an Asian monastic context      Impressively Free Higgins, Michael W., Burns, Kevin, 2019 Explores the genesis and evolution of Nouwen's multi layered understanding of priestly ministry      **Henri Nouwen and The Return of the Prodigal Son** Gabrielle Earnshaw, 2020-05-12 The Return of the Prodigal Son A Story of Homecoming is Henri Nouwen's most popular book selling over one million copies since its publication in 1992 What accounts for its ongoing popularity as a spiritual classic Drawing from extensive research in Nouwen's archives author and Chief Archivist for the Henri Nouwen Legacy Trust Gabrielle Earnshaw provides a detailed account of how the book came to be written shedding light on Nouwen's writing process and aspects of his life experience that influenced his insights and ideas Earnshaw examines Nouwen's intellectual formation as well as the impact of his family and friends on the shape of the book Letters many published here for the first time give us a privileged look at Henri's world during the nine years he took to complete the book Earnshaw considers how it compares to other books published at the same time to place the work and its author in a historical cultural and religious spiritual context Finally she explores how Nouwen himself was changed by the book and why twenty three years later it continues to touch the hearts and minds of 21st century readers      **Mere Spirituality** Wil Hernandez, PhD, Obl. OSB, 2015-09-16 Discover Henri Nouwen's authentic spacious spirituality of being deeply beloved in this insightful distillation of his vast literary legacy Scholar and spiritual director Wil Hernandez offers an elegant synthesis of Nouwen's main themes inspiring us to embrace the power and vulnerability of mere spirituality      *Henri Nouwen and Soul Care* Wil Hernandez, 2008 In examining Henri Nouwen's approach to the ministry of soul care and spiritual formation at close range we can conclude that his holistic and integrative style is essentially drawn from his sophisticated understanding of the coinherence of spirituality with psychology ministry

and theology Henri Nouwen's ministry is characterized by a ministry of integration primarily because he first of all embodied a spirituality of integration His ministry was but an overflow of his spirituality Unquestionably Nouwen ministered out of who he was as a person a person of deep integrity The author contends that Henri Nouwen's work of soul care and spiritual formation is never about techniques Neither is it about programs and curricula important as they are in ministry More importantly it is definitely not about roles even though multiple roles have been attached to his person

**Tuning the Rig** Fred Herron, 2010 To tune the rig describes adjusting a ship's rigging the rig of a well tuned boat allows the sails to function well This task must be performed to ensure the best performance by the ship Tuning the Rig takes that metaphor as a guide for Catholic educators and administrators as well as for the larger church It argues from a variety of perspectives rooted in the Catholic imagination that the rig constantly needs to be re-tuned to balance between visions of the church as teacher and learner Why should this matter to Catholic educators To Herron our understanding of the church as learner is at the heart of our understanding of ourselves as disciples One of the logical consequences of this era of baptismal consciousness is a rising awareness on the part of the laity that their task is not simply to pay pray and obey but to grow and journey in faith Herron's focus ranges from issues closely pertaining to Catholic schools to the larger questions of the Catholic imagination The underlying thread however is the challenge of maintaining the richness of the Catholic imagination of tuning the rig in changing times and the ordinary life of the church

**Christian Perspectives on Transforming Interreligious Encounter** Peter C. Phan, Anh Q. Tran, 2024-05-15 Christian Perspectives on Transforming Interreligious Encounter underscores the urgency of interreligious dialogue for contemporary society aiming to foster interfaith understanding justice and peace The initial section focuses on novel approaches to engaging with the religious Other through non-Christian sacred texts Contributors explore the Jewish Christian relationship offer Christian interpretations of Hindu Buddhist and Confucian scriptures and discuss the Qur'an's potential to refine Christian theology The dangers of

comparative theology are warned against and alternative perspectives such as Asian liberation theology are proposed for situating religion critically as well as share the insights on Christian engagement with Zen practice The second part explores the transformation of key Christian doctrines through interreligious encounters Contributors delve into topics such as the conditions for faith and divine revelation formulating a Christology in dialogue with Asian traditions and understanding the Spirit as a source of questioning They investigate the communitarian dimension of religious faith discuss the Catholic Church's stance on interreligious dialogue examine the role of biblical hermeneutics in decolonizing theology and reflect on the existential threat of ecological destruction The third part pays tribute to Leo Lefebure emphasizing his impact on Catholic theology and comparative theology and concludes with Lefebure's epilogue providing him with the last word

**Church, Liberation and World Religions** Mario I. Aguilar, 2012-11-08 This work proposes a theological investigation of the community of the Church as outlined by liberation theology and a possible conversation with liberation from suffering in Tibetan Buddhism What unites both is the human process of sublimation for others whereby liberation theologians as well as enlightened lamas give the best of themselves for the liberation of others At this stage of discussions between inclusivists and exclusivists this work proposes that dialogue with world religions and therefore with Buddhism is not about finding possible dogmatic similarities but a common place a common purpose through a common humanity

**Encounters in Thought** Aaron K. Kerr, 2019-10-17 Thinking is a dynamic process resulting from practices of integration Thought encounters in openness wonder receptivity and contemplation confer upon us intellectual work that is uniquely our own Digital patterns however distract us from these creative encounters Our intellectual searching is weakened and fragmented by frenetic consumption of information We miss out on reason's innate pull toward integration and concrete reality This book is an invitation to enter into openness wonder receptivity and contemplation with deeper understanding and intentionality We can do this by considering exemplars persons who lived out the integrity of their hard won beliefs Each process of integration is applied also so that practical knowledge and practice become a way into this intellectual restoration We need deeper knowledge won in the slow orbit of encounters Encounters in thought are precisely what each generation needs to apprehend the cosmos nature authority truth and moral action Responsibility to this ecologic age requires a reform of reason this book is just one attempt to convey a way toward this restoration

**Awakening Desire** Irene Alexander, 2018-04-19 The hope of this book is that it awakens desire to know more intimately the God who breaks through our compartmentalization and naming While most in the West have heard God's name as almost exclusively masculine a child growing up in Israel would have experienced the Spirit of God and Lady Wisdom as female This ruach the breath of God brooded over the face of the deep in the creation story like a hovering mother bird The God of the Bible and the early church has been described with both masculine and feminine imagery referred to by the church fathers and mystics as both Mother and Father In our time we have lost much of this rich feminine imagery This book explores not only this historical knowing of God but also more

contemporary writers such as Carl Jung Paul Young The Shack George MacDonald and Thomas Merton Each of these men engaged with the Divine Feminine giving us examples of how we too may find God more deeply and more intimately
