Publications ,1993 **The Psychology of Reading** Mildred C. Robeck,Randall R. Wallace,2017-11-06 The need to know why as well as how children and youth respond as they do to reading instruction has guided the selection of this book's content The second edition of this title originally published in 1990 has retained and elaborated upon the three major themes previously presented that reading is a linguistic process that motivation the affective domain may be as important in learning to read as the cognitive domain and that the reality of learning theory is to be found in the mechanisms of the brain where information is mediated and memory traces are stored The text integrates views from cognitive psychology psycholinguistics and neuropsychology as they relate to reading and writing A learning motivation model is provided to present associative learning conceptualization and self directed reading in a hierarchical relationship with distinct cognitive and affective components The distinction between beginning and proficient reading is maintained throughout the text *Resources in Education* ,1999-10 *There's a Writer in Our House! Strategies for Supporting and Encouraging Young Writers and Readers at Home* Ann P. Kaganoff,2024-04-11 There s a Writer in Our House is an invitation to parents of children in first grade through fifth grade interested in actively participating in their children s early literacy learning from the very first steps Founded upon well researched literacy instructional methods that have been informed by the author s clinical perspective as well as her years of experience with many kinds of learners this book provides a valuable understanding of how both writing and reading contribute to child development in multiple areas Chapters provide background concepts regarding grammar and specific critical thinking skills in both writing and reading as well as customizable child centered activities used to practice and build writing and reading comprehension skills You will learn how to advance and encourage your child s learning and communication skills by highlighting important literacy areas such as vocabulary development background knowledge and critical thinking You will also learn to recognize and track the significant developmental achievements of your child as you proceed from the early to the more complex At Home activities as well as receive strategies for how to respond and give feedback in specific situations such as when a child writes something that makes sense to the child but not to the parent how to offer feedback that identifies and labels a child s strengths and how to collaborate effectively with a child who is just developing new interests or a new willingness to try something that previously seemed hard Practical accessible and most importantly fun this book is a must read for all parents regardless of background seeking to support their children s ongoing literacy development confidently and effectively **Teaching English** Susan Brindley,2020-10-07 This book offers an opportunity to engage with the debates in English teaching and to explore the viewpoints of writers who have contributed to those debates It provides invaluable introduction to the complexities of English to Novice English teachers **Recent Department of Education Publications in ERIC** United States.
