Una introducción a la misión AETH Carlos F. Cardoza-Orlandi, 2003-04-01 La iglesia existe por la misión al igual que el fuego existe por la combustión. Con estas palabras de Emil Brunner el autor nos recuerda que ser la iglesia es estar en misión. Después de describir las diferentes cautividades de la misión que han subyugado al cristianismo de los Estados Unidos el autor lucha para exponer una fuerte y comprometida práctica de la misión comenzando en las congregaciones locales y extendiéndose hasta la comunidad más amplia. Este libro de Introducción a la Misión puede ayudar a estudiantes de seminario y a grupos de estudio de laicos a conocer el mandato cristiano fundamental y unirse a la misión de Dios en el mundo. The church exists by mission as fire exists by burning. With these words of Emil Brunner the author reminds us to be the church is to be in mission. After describing the various captivities of the mission which subjugated to Christianity in the United States the author struggles to expose a strong and committed practice of mission beginning in local congregations and extending to the broader community. This book Una Introducción a la Misión can help seminary students and lay study groups to learn the fundamental Christian mandate and join God's mission in the world.

Desde la Biblioteca. Lugar de encuentro en la Universidad María Jesús Saiz Vega, 2022-12-29 Se trata de un texto escrito con ocasión del cincuenta aniversario de la Universidad de Cantabria. La autora, directora de la Biblioteca universitaria, recorre la historia de la institución desde un punto de vista personal que parte de la experiencia en primera persona. Esta crónica pone el foco en el personal y los servicios que dan soporte a la actividad académica y que, sin ser los protagonistas de la universidad, son actores imprescindibles en su día a día. El texto comienza con una panorámica general y un relato de los principales momentos de cambio universitario; ilustra a continuación esta evolución con dos aspectos concretos: la gestión administrativa y la información científica como ejemplos significativos de las enormes transformaciones de este medio siglo; y por último desgrana las horas de un día cualquiera en la vida del campus en una descripción fabulada pero realista y verosímil del presente de la Universidad de Cantabria cincuenta años después.
