Encyclopaedia Of Ethics And Logic In 10 Vols:

Encyclopedia of Ethics Lawrence C. Becker, Charlotte B. Becker, 2013-10-18 The editors working with a team of 325 renowned authorities in the field of ethics have revised expanded and updated this classic encyclopedia Along with the addition of 150 new entries all of the original articles have been newly peer reviewed and revised bibliographies have been updated throughout and the overall design of the work has been enhanced for easier access to cross references and other reference features New entries include Cheating Dirty hands Gay ethics Holocaust Journalism Political correctness and many more *Religion and Tribal Society* Subhadra Channa, 2002 [A Library of the World's Best Literature - Ancient and Modern - Vol. XLV \(Forty-Five Volumes\); Synopses of Famous Books & General Index](#) Charles Dudley Warner, 2009-01-01 It would be enough to recommend this astonishing 45 volume set first published in 1896 if it were merely a wonderfully massive compilation of the world's best writings from the world's best authors up until the advent of the 20th century But A Library of the World's Best Literature is so much more than that For this marvelous collection represents the evolution of human thought the evolution of human civilization even as seen through the mind of one of the most important if sadly almost forgotten literary figures of the 19th century Popular American essayist novelist and journalist CHARLES DUDLEY WARNER 1829 1900 was renowned for the warmth and intimacy of his writing which encompassed travelogue biography and autobiography fiction and more and influenced entire generations of his fellow writers Here the prolific writer turned editor for his final grand work a splendid survey of global literature classic and modern and it's not too much to suggest that if his friend and colleague Mark Twain who stole Warner's quip about how everybody complains about the weather but nobody does anything about it had assembled this set it would still be hailed today as one of the great achievements of the book world And so it still deserves to be Arranged not chronologically but alphabetically mostly under the names of authors but in some cases of literatures or special subjects such as Icelandic literature or Arthurian legend this set is no dry reference work These eminently browsable volumes available through Cosimo for the first time in decades in both paperback and hardcover editions are meant to be read and enjoyed by anyone who loves the written word Volume 45 features more synopses of notable works from Adam Bede by George Eliot to Zury The Meanest Man in Spring County by Joseph Kirkland including many not previously referenced in the set but highlighted as well worth a serious reader's time and attention This volume also includes a General Index to the 45 volume set [Sociology of Religion in India](#) V.
