Afrocentricity and the Academy James L. Conyers, Jr.,2015-09-01 Afrocentricity is a philosophical and theoretical perspective that emphasizes the study of Africans as subjects not as objects and is opposed to perspectives that attempt to marginalize African thought and experience Afrocentricity became popular in the 1980s as scores of African American and African scholars adopted an Afrocentric orientation to information The editor of this collection argues that as scholars embark upon the 21st century they can no longer be myopic in their perceptions and analyses of race The seventeen essays

examine a wide range of variations on the Afrocentric paradigm in the areas of history literature political science philosophy economics women s studies cultural studies ethnic studies and social policy The essays written by professors librarians students and others in higher education who have embraced the Afrocentric perspective are divided into four sections Pedagogy and Implementation Theoretical Assessment Critical Analysis and Pan Africanist Thought

Shamanism Gary Edson, 2014-04-14 The ancient practice of shamanism touches many cultures and spiritual philosophies This book offers an in depth look at the beliefs and practices centered on the shaman a person believed to have powers to heal and communicate with the spirit world It explores shamanism and its associated myths artifacts and legends as a communally endorsed acknowledgment of the supernatural or spirit world that evolved in the Neolithic Period and continues to appeal today The work is heavily illustrated featuring more than 90 of the author s drawings of masks fetishes carvings and ongon and 40 rare photographs of shamans medicine men and women and healers
