AIDS and Mental Health Practice R Dennis Shelby, Michael Shernoff, 2013-11-12 Addressing contemporary issues faced by individuals with HIV AIDS AIDS and Mental Health Practice Clinical and Policy Issues provides psychologists psychiatrists social workers and counselors with research and case studies that offers models for effective clinical practice at this stage of the epidemic Each chapter is written by experts in the field and demonstrates ways to provide better services to different populations many of whom are ignored in AIDS and mental health literature As a result this book will provide professionals in the field and students in training with the most current practice information about mental health practice and HIV AIDS AIDS and Mental Health Practice will help you understand the diverse needs of people with HIV AIDS and organize services to assist these populations AIDS and Mental Health Practice discusses issues that affect several different groups in order to help you understand the unique situations of your clients You will learn how to design treatments that will be most beneficial to Latinos intravenous drug users orphaned children African Americans HIV negative gay men HIV nonprogressors HIV positive transsexuals end stage AIDS clients couples of mixed HIV status and individuals suffering from HIV associated Cognitive Motor Disorder This book provides you with approaches that will improve services for these populations including talking to patients about the positive and negative aspects of taking protease inhibitors and discussing their feelings of hope skepticism and fear of being disappointed by the treatment preparing clients to go back to work by exploring the meaning of work and referring them to vocational services if necessary providing support groups for people living with AIDS PLWAs their loved ones their families and individuals in bereavement as a result of an AIDS related death organizing a HIV negative gay men s support group that uses exercises and homework to focus on the members ambivalent connection to the AIDS community how they remain HIV negative and ways to deal with separation and grief issues assessing and or correcting underlying racism in AIDS service organizations The prevention and intervention strategies in Mental Health and AIDS Practice will help you address and treat mental health issues associated with HIV AIDS and offer clients more effective and relevant services

Global HIV/AIDS Politics, Policy, and Activism Raymond A.

Smith,2013-10-28 An international team of specialists in politics policy and activism provide an indispensable guide to the persistent challenges and emerging issues posed by the global HIV AIDS epidemic now in its fourth decade The HIV AIDS epidemic is at a critical turning point Compelling new findings herald the potential to eventually grind the epidemic to a halt through a combination of expanded treatment coverage and new biomedical approaches to prevention At the same time the severe global economic downturns have negatively affected wealthy donor nations that have provided the funds and technical support for programs in the developing world It is against this backdrop that this landmark three volume set was developed It provides a broad overview of the critical political issues surrounding HIV AIDS inspects key areas of policy and policymaking and spotlights the most important forms of activism and community mobilization The volumes reflect an eclectic and wide ranging set of issues written by an international team comprising dozens of authors from nations including the United States the United Kingdom Ghana South Africa Brazil Cambodia Norway and Qatar The international contributors represent a variety of disciplines and bring with them a range of styles and methodological approaches appropriate to their specific topics and disciplines An important addition to academic and public libraries this expansive work will benefit students and other readers interested in politics policymaking public health activism and community mobilization both in the United States and globally **Handbook of the New Sexuality Studies** Steven Seidman,Nancy Fischer,Chet

Meeks,2007-03-12 As the field of sexuality studies has become a growth area in academia and classes on sexuality studies are incorporated into various disciplines the expanding book market has been filled with specialist oriented texts which are often theoretically focused and contain too many summaries for an undergraduate audience Addressing this imbalance this key new volume presents the field of sexuality in an accessible and engaging way for undergraduates Breaking new ground both substantively and stylistically this book offers students academics and researchers an accessible engaging introduction and overview of this emerging field Its central premise is to explore the social character of sexuality the role of social differences such as race or nationality in creating sexual variation and the ways sex is entangled in relations of power and inequality Through this novel approach the field of sexuality is considered for the first time in multicultural global and comparative terms and from a truly social perspective This important volume consists of over fifty short and original essays on the key topics and themes in sexuality studies and interviews with twelve leading scholars in the field which convey some of the most innovative work being done Each contribution clearly conveys the latest research with examples Ideal for students of gender and sexuality studies this topical and timely volume will be an invaluable resource to all those with an interest in sexuality studies AIDS, Rhetoric, and Medical Knowledge Alex Preda,2004-11-29 This 2005 book examines the formation of scientific knowledge about the AIDS epidemic in the 1980s and shows the broader cultural assumptions which grounded this knowledge Alex Preda highlights the metaphors narratives and classifications which framed scientific hypotheses about the nature of the infectious agent and its transmission ways and compares these arguments with those

used in the scientific knowledge about SARS Through detailed rhetorical analysis of biomedical publications the author shows how knowledge about epidemics is shaped by cultural narratives and categories of social thought Preda situates his analysis in the broader frame of the world risk society where scientific knowledge is called upon to support and shape public policies about prevention and health maintenance among others But can these policies avoid the influence of cultural narratives and of social classifications The book shows how culture matters for prevention and health policies as well as with respect to how scientific research is organized and funded

The Culture of AIDS in Africa Gregory Barz, Judah Cohen, 2011-11-03 The Culture of AIDS in Africa presents 30 chapters offering a multifaceted nuanced and deeply affective portrait of the relationship between HIV AIDS and the arts in Africa including source material such as song lyrics and interviews

AIDS: The Threat to World Security , AIDS and Business Saskia Faulk, Jean-Claude Usunier, 2009-05-02 The spread of HIV AIDS affects businesses in all sectors all industries and all countries For companies and organizations everywhere the question is no longer whether to take action on HIV AIDS but which actions to take Complete with an impressive collection of complex background and research on HIV AIDS and a foreword by Dr Peter Piot former Executive Director of UNAIDS this volume collects case studies of managers worldwide faced with challenging HIV AIDS related management decisions AIDS and Business will fascinate the general reader seeking an understanding of the HIV AIDS pandemic and to the advanced reader looking to develop a more sophisticated understanding of the impact of the disease The case studies in this volume set in nine countries detail the issues facing businesses operating in areas where HIV AIDS prevalence is growing The topics discussed include understanding the role of social and cultural factors in the spread of HIV the different organizations and institutions fighting the epidemic designing an HIV communications campaign HIV testing ethical issues marketing ethics and CSR condoms marketing and designing an HIV workplace program Useful as a resource on HIV AIDS and business a set of case studies or a training tool this book contains a unique range of tools for learning to understand the epidemic designed from a grounded and practical business perspective

Gender, Sexuality and National Identity in the Lives of British Lifestyle Migrants in Spain Laura Dixon, 2021-03-28 This book takes an intimate look at the lives of British migrants in Sitges an affluent coastal tourist town in Northern Spain and investigates ideas of gender sexuality and national identity as they are brought to life through the voices of British lifestyle migrants Situating Sitges as a specifically affluent and middle class location representing a particular form of lifestyle migration this rich and detailed study explores how the experiences of British migrants re inscribe culturally specific understandings of the relationship between space place culture and identity What ultimately emerges is an account of the complex structural constraints of identity as British migrants find themselves stuck within the stereotype of badly behaved Brits Abroad and entangled in highly conservative conceptualisations of gender and sexuality that leave them unable to live the kind of cosmopolitan lifestyles that they so purposefully sought This is a fascinating study suitable for researchers in gender and

sexuality studies tourism sociology and anthropology The Complete HIV/AIDS Teaching Kit Josefina J. Card, Angela Amarillas, Alana Conner, Diana Dull Akers, Julie Solomon, Ralph J. DiClemente, 2007-09-28 A unique multi media teaching kit for those instructing clients staff and students about HIV AIDS HIV AIDS has rapidly emerged as one of the greatest threats to human health in the 21st century In the absence of a cure prevention remains a crucial strategy for reducing its impact It is critically important to understand not only the science of the disease but also the behavioral and sociocultural influences that both facilitate and prevent the spread of HIV In a concise and convenient format The Complete HIV AIDS Teaching Kit provides a multidisciplinary approach to teaching the biomedical social psychological and behavioral aspects of HIV transmission prevention and treatment offering readers a full understanding of the disease Helpful teaching tools like learning objectives key medical and science terms discussion questions and quizzes are just a few of the resources included in the text to make counseling clients leading group discussions teaching students or offering outreach in your community more accessible and effective The CD Includes PowerPoint slides In classroom learning activities Supplemental homework assignments Recommended reading lists Web resources And much more Use the companion volume Tools for Building Culturally Competent HIV Prevention Programs to answer all your questions about program structure effectiveness goals recruitment evaluation and more

Group Work With Populations at Risk Geoffrey L. Greif, Paul H. Ephross, 2011 Group Work With Populations at Risk Third Edition is a fundamental resource for practitioners in health and mental health settings and a comprehensive guidebook of group work skills Geared toward students and professionals gaining a beginning understanding of groups this volume describes how to work with vulnerable populations that include returning war veterans Latino and Latina immigrants women and men who were abused as children children of divorce and people struggling with substance abuse AIDS cancer or chronic mental illness Each chapter describes the population and reviews the relevant literature identifies themes and practice principles presents a case illustration provides evaluation guidance and refers readers to key references and web resources Each one is designed to stand alone for easy reference and overviews of skill building and evidence based practice make this a timely comprehensive resource for group leaders regardless of specialty

Quicksand Anonymous, 2012-11-13 An accessible informative insider's view this book reminds readers that there is still a long way to go Kirkus Reviews Weaving together her own story with straightforward questions and answers the author explains the real ways that HIV AIDS can be transmitted and explores the common experiences and emotions that might be encountered by friends and family members of someone who has the virus She also discusses why HIV AIDS is often still kept a secret and the importance of treating this condition like any other With up to date medical information that has been thoroughly vetted by experts this first person narrative offers an invaluable look at what it is like to watch someone you know battle HIV AIDS Back matter includes a glossary a bibliography and resources for further information **Encyclopedia of Lesbian and Gay Histories and Cultures** George Haggerty, Bonnie Zimmerman, 2003-09-02 Beginning in 1869 when the

study of homosexuality can be said to have begun with the establishment of sexology this Encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavours While gays and lesbians have shared many aspects of life their histories and cultures developed in profoundly different ways To reflect this crucial fact the Encyclopedia has been prepared in two separate volumes assuring that both histories receive full unbiased attention and that a broad range of human experience is covered Written by some of the most famous names in the field as well as new researchers this is intended as a reference for students and scholars in all areas of study as well as the general public

Group Work with Populations At-Risk Geoffrey Greif, Carolyn Knight, 2016-08-02 Group Work with Populations a Risk Fourth Edition is a fundamental resource for practitioners in health and mental health settings and a comprehensive guidebook of group work skills Geared toward students and professionals gaining a beginning understanding of groups this volume describes how to work with vulnerable populations The first chapters new additions to this edition and written by a new co editor provide overarching skills and techniques that apply across group work settings and populations These skills along with case examples provide a template for practice with groups The vulnerable populations that are addressed include returning war veterans immigrants the aging and their caregivers children and adults who have been abused and people struggling with substance abuse issues cancer and chronic mental illness New chapters have been added for survivors of sex trafficking children in need of social skills training people who experienced intimate partner violence parents who are homeless and fathers who are incarcerated Each chapter designed to stand alone for easy reference describes the population and reviews the relevant literature identifies themes and practice principles presents case illustrations provides evaluation guidance and refers readers to key references and web resources

Religion, Death, and Dying Lucy Bregman, 2009-11-25 A wide ranging anthology for general readers covering many religious ethical and spiritual aspects of death dying and bereavement in American society What do various spiritual and ethical belief systems have to say about modern medicine s approach to the end of life Do all major religions characterize the afterlife in similar ways How do funeral rites and rituals vary across different faiths Now there is one resource that gathers leading scholars to address these questions and more about the many religious ethical and spiritual aspects of death dying and bereavement in America Religion Death and Dying compares and contrasts the ways different faiths and ethical schools contemplate the end of life The work is organized into three thematic volumes first an examination of the contemporary medicalized death from the perspective of different religious traditions and the professions involved second an exploration of complex often controversial issues including the death of children AIDS capital punishment and war and finally a survey of the funeral and bereavement rituals that have evolved under various religions

Mutual Aid Groups, Vulnerable and Resilient Populations, and the Life Cycle Alex Gitterman, Lawrence Shulman, 2005 The authors reveal the ways in which mutual aid processes help individuals overcome social and emotional trauma in contemporary society by reducing isolation universalizing individual

problems and mitigating stigma New chapters in this completely revised and updated third edition illustrate the power of mutual aid processes in dealing with children traumatized by the events of September 11 adult survivors of sexual abuse parents with developmentally challenged children people with AIDS in substance recovery and mentally ill older adults

Pedretti's Occupational Therapy - E-Book Heidi McHugh Pendleton, Winifred Schultz-Krohn, 2011-12-20 Chapter on polytrauma post traumatic stress disorder and injuries related to the War on Terror teaches you how to provide OT services to this unique population Content covers new advances in prosthetics and assistive technologies and provides more up to date assessment and interventions for TBI problems related to cognitive and visual perception Full color design visually clarifies important concepts Video clips on the companion Evolve website vividly demonstrate a variety of OT interventions

Information Sources in the Social Sciences David Fisher, Sandra Price, Terry Hanstock, 2018-02-19 No detailed description available for Information Sources in the Social Sciences **Invisible No More** Pedro Noguera, Aída Hurtado, Edward Fergus, 2013-06-17 Latino men and boys in the United States are confronted with a wide variety of hardships that are not easily explained or understood They are populating prisons dropping out of high school and are becoming overrepresented in the service industry at alarming degrees Young Latino men especially have among the lowest wages earned in the country a rapidly growing rate of HIV AIDS and one of the highest mortality rates due to homicide Although there has been growing interest in the status of men in American society there is a glaring lack of research and scholarly work available on Latino men and boys This groundbreaking interdisciplinary volume edited by renowned scholars Pedro Noguera Aída Hurtado and Edward Fergus addresses the dearth of scholarship and information about Latino men and boys to further our understanding of the unique challenges and obstacles that they confront during this historical moment The contributors represent a cross section of disciplines from health criminal justice education literature psychology economics labor sociology and more By drawing attention to the sweeping issues facing this segment of the population this volume offers research and policy a set of principles and overarching guidelines for decreasing the invisibility and thus the disenfranchisement of Latino men and boys
