Encyclopedia Of International Organized Crime

Larry E Sullivan

Encyclopedia Of International Organized Crime:

The Encyclopedia of International Organized Crime Carlo DeVito, 2005 An overview of organized crime examines the world's crime syndicates and discusses the origins, history, practices, and role in the global underworld of such criminal organizations as the Yakuza, the Triads, the Jamaican Posse, the South American drug cartels, and the Russian Mafia.

Encyclopedia of Transnational Crime and Justice Margaret E. Beare, 2012-04-26 Accessible and jargon-free and available in both print and electronic formats, the one-volume Encyclopedia of Transnational Crime and Justice contains a range of up-to-date entries that not only reflect transnational crime but transnational justice. World Encyclopedia of Organized Crime Jay Robert Nash, 1995-09-14 Global Organized Crime Mitchel P. Roth, 2017-01-20 In the maelstrom of globalization and cyberspace, organized crime continues to defy definition. A diverse array of activities is perpetuated by criminal organizations, criminal groups, and associations, and gangs, and it is clear that one specific label is no longer adequate. This book offers a uniquely global approach to organized crime and the multitude of forces that shape it in the 21st century. As well as discussing definitions and the historical roots of organized crime, this book examines various forms of organized crime around the world: in the US, Mexico, Latin America, and the Caribbean; Russia and Europe; Asia and Africa. This revised and updated new edition includes coverage of the rise of the Ndrangheta in Italy and their global expansion; the impact of drug legalization on organized crime; and the problem of methamphetamine, organ trading, money laundering, and animal poaching. Changes in gang traditions and gangland penitentiaries, the decentralization of Mexican cartels, the growth of opium production in Myanmar, and the drug war in Africa, and the advancement of ISIS and the emergence of the Silk Road and the Dark Net. This book is essential reading for students engaged in the study of global and transnational organized crime, with features including chapter overviews, key terms, critical thinking questions, and case studies. *Biker Gangs and Transnational Organized Crime* Thomas Barker, 2014-10-17 *Biker Gangs and Transnational Organized Crime* Second Edition describes and analyzes a rapidly expanding global problem: criminal acts committed by motorcycle gangs. Thomas Barker, one of the world's top experts on outlaw biker gangs, offers fascinating details about the Bandidos, the Vagos, the Mongols, and other one-percenters' criminal biker gangs, as opposed to the vast majority of motorcycle enthusiasts. He combines this data with a strengthened conceptual framework that makes sense of this complicated picture. U.S.-based motorcycle gangs like the Hells Angels have proliferated, especially in Canada and Europe, to the point where these gangs have more members in other countries than in the United States. Increasingly, more often in recent years, their crimes are not limited to rumble or drug use; these gangs challenge the dominance of organized crime, leading to violent conflicts between the rivals. Germany, Scandinavia, the UK, the Netherlands, and Canada are particularly hard hit by this rising violence. One of Barker's unique contributions is his Criminal Organization Continuum, building on the groundbreaking network approach to organized crime proposed by Klaus von Lampe. Introduced in the first edition, Barker elaborates his continuum tool and makes it more multi-

dimensional to help refine the definition of adult criminal gangs The product of years of research this book lays the groundwork for further study by offering students police and researchers the most thorough account available of outlaw motorcycle gangs Mafia Inc. Andre Cedilot, Andre Noel, 2012-08-07 Updated and available for the first time in English Mafia Inc reveals how the Rizzuto clan built their Canadian empire through force and corruption alliances and compromises and turned it into one of the most powerful criminal organizations in North America Relying on extensive court documents police sources and sources in the family's home village in Sicily Montreal journalists Andre Cedilot and Andre Noel reconstruct the history of the Rizzuto clan and expose how its business extends throughout Canada and the world shaping the criminal underworld influencing politicians and bending the will of business leaders to their own self satisfying ends *The Oxford Handbook of Organized Crime* Letizia Paoli, 2014-09-26 While the success of national and international law enforcement cooperation to suppress organized crime means that stable large scale criminal organizations like the Cosa Nostra or the Japanese Yakuza have seen their power reduced organized crime remains a concern for many governments Economic globalization and the easing of restrictions on exchanges across borders now provide ample opportunity for money making activities in illegal markets Policies designed to stop illegal market flows often shift these activities to new places or create new problems as the U S led war on drugs spread production and trafficking to a number South and Central American countries The Oxford Handbook of Organized Crime provides informed authoritative and comprehensive overviews of these issues and other principal forms of organized crime as well as the type and effectiveness of efforts to prevent and control them Leading scholars from criminology law sociology history and political science discuss the key concepts history and methods of organized crime the major actors and interactions involved in it the markets and activities frequently associated with organized crime and the policies designed to combat it Individual chapters on criminal organizations and specific activities or markets comprise the heart of the volume The chapters on actors provide the history analyze the structure and activities and assess the strength and future prospects of each organization Articles on particular markets address the patterns of activity identify the most affected regions and where possible provide estimated revenues discuss factors promoting the activity and disclose information on the victims and harms caused The Oxford Handbook of Organized Crime delivers a systematic high quality and truly global approach to the topic and with it a more complete understanding of organized crime in its many forms for researchers government officials and policymakers Mafia - the history with Mario Puzo's Godfather in background Marta Zapala-Kraj, 2010-11-07 Research Paper postgraduate from the year 2009 in the subject English Language and Literature Studies Literature language English abstract Nowadays the word Mafia refers nearly all groups or gangs involved in organized crime However originally Mafia meant an organized criminal organization of Italian predominantly Sicilian heritage In fact this word is a mere literary creation while the real name is Cosa Nostra meaning our thing For many years the common understanding of the Mafia was strictly limited by argument on whether

there even was a Mafia In the recent decades that argument was more or less settled and the principal argument remaining is whether or not organized crime and the Mafia are one and the same thing According to Finckenauer To this end this useful primer to the phenomenon quite rightly starts with a simple question that begs a complex answer what is organized crime Sometimes the mobsters are easy to identify a collection of never do wells with no visible source of income but owning flashy cars and homes involved in the staples of organized criminality whether trafficking drugs or infiltrating legitimate businesses The old stereotypes which were always something of a caricature are becoming even less applicable in the modern world In part the confusion revolves around an understanding of the real nature of organized crime that existed since the earliest days of the nation and indeed earlier It is worth remembering that organized crime achieves its status not only by the fact of groups of practitioners but also due to the fact that organized crime is syndicate crime in which certain activities are apportioned out to the various gangs and honored in the main by these gangs What is interesting in the beginning and even till the 1950s many people regarded the Mafia not as law breaking criminals but as role models and protectors of the weak and the poor as the state offered no protection to the lower classes The question arises where from such interest and the phenomenon of good Mafia attitude within the societies all over the world As it will be presented within the course of this paper out of the numerous fiction books and movies above all Mario Puzo's *The Godfather* from 1969 and obviously the film adaptation made by Francis Ford Coppola were so successful that they deeply shaped a general understanding of the mafia

International Law and Transnational Organized Crime Pierre Hauck, Sven Peterke, 2016 Examining the various sources of law that form this area of growing academic and practical importance International Law and Transnational Organized Crime provides readers with a thorough understanding of the key concepts and legal instruments in international law governing transnational organized crime [Encyclopedia of Law Enforcement](#) Larry E Sullivan, 2005 Vols 1 and 2 cover U S law enforcement Vol 3 contains articles on individual foreign nations together with topical articles on international law enforcement *The Great Pictorial History of World Crime* Jay Robert Nash, 2004-04-29 The vast and mysterious world of criminals from ancient times through the 21st century is vividly captured in *The Great Pictorial History of World Crime* This unique and staggering reference work chronicles every major criminal act from every era A definitive reference source to worldwide crime this unparalleled survey is organized into sixteen chapters

Assassination Bigamy Burglary Cannibalism Celebrity Slayings Drugs Fraud Gangs Gangsters and Organized Crime Kidnapping Mass Murder Piracy Robbery Secret Criminal Societies Serial Killers Terrorism Unsolved Homicides Each chapter begins with an essay that introduces the topic and provides a concise overview of the historical social and political significance of the crime Subjects are further developed crime by crime through descriptive entries covering the criminal acts modus operandi criminal background information and motives along with insightful anecdotes In addition to being a being a vital and informative historical and sociological reference work *The Great Pictorial History of World Crime* features

more than 2 500 illustrations More than a chronicle of chilling events these two volumes provide gripping reading for anyone interested in true crime law enforcement criminology and criminal justice **International Business** Ehud Menipaz,Amit Menipaz,2011-03-17 What is international business How does it differ from local or national business What are the fundamental challenges and emerging trends in international business What is the impact of globalization corporate social responsibility and the ever expanding use of digital technology on corporate strategies and executive decisions International Business Theory and Practice addresses these questions by providing the student with a broad overview of the subject while guiding readers through the practical issues and context of international business with the use of a range of examples cases and discussion questions drawn from around the world Current critical issues in international business are analysed and explored corporate social responsibility in an era of unprecedented globalization the rise of the global entrepreneur and the democratization of competition worldwide and applications of technology in a digital economy Key Features Unpacks the complex issues facing both multi national enterprises MNE and international small and medium enterprises SME Contains a full range of learning features including international case studies explanations of key terms a glossary and annotated further reading *Women and Children as Victims and Offenders: Background, Prevention, Reintegration* Helmut Kury,Śławomir Redo,Evelyn Shea,2016-06-20 This work compiles experiences and lessons learned in meeting the unique needs of women and children regarding crime prevention and criminal justice in particular the treatment and social reintegration of offenders and serves as a cross disciplinary work for academic and policy making analyses and follow up in developing and developed countries Furthermore it argues for a more humane and effective approach to countering delinquency and crime among future generations In a world where development positively depends on the rule of law and the related investment security two global trends may chart the course of development urbanization and education Urbanization will globalize the concepts of justice and fairness education will be dominated by the urban mindset and digital service economy just as a culture of lawfulness will This work looks at crime prevention education as an investment in the sustainable quality of life of succeeding generations and at those who pursue such crime prevention as the providers of much needed skills in the educational portfolio Adopting a reformist approach this work collects articles with findings and recommendations that may be relevant to domestic and international policymaking including the United Nations Studies and their educational value for the welfare of coming generations The books address the relevant United Nations ideas by combining them with academic approaches Guided by the Editors respective fields of expertise and in full recognition of academic freedom and organized scepticism it includes contributions by lawyers criminologists sociologists and other eminent experts seeking to bridge the gap between academic and policy perspectives as appropriate against the international background including the United Nations developments The second volume opens with Part IV which presents articles on different kinds of crime prevention The effectiveness of punishment and in particular imprisonment is examined by contrasting it with alternative sanctions and the

following questions are raised Does harsh punishment have a crime preventive effect What are the side effects of imprisonment on the offenders and their families Are alternatives such as restorative justice or mediation more effective and cheaper Part V outlines proactive strategies of crime prevention e g for potential sex offenders or in the domain of internet crime Part VI envisions a more peaceful and inclusive society which would be realized by improving the protection of women and children in their everyday life and easing the reintegration of those who have become offenders The importance of the role played by the UN in formulating these goals is underlined The volume concludes with an epilogue of the 70th President of the United Nations Economic and Social Council Martin Sajdik and a post scriptum of the editors p **The Growing**

Threat of International Organized Crime United States. Congress. House. Committee on the Judiciary. Subcommittee on Crime,1996 **International Law and Transnational Organised Crime** Pierre Hauck,Sven Peterke,2016-08-11 Since the end of the Cold War states have become increasingly engaged in the suppression of transnational organised crime The existence of the UN Convention against Transnational Organised Crime and its Protocols demonstrates the necessity to comprehend this subject in a systematic way Synthesizing the various sources of law that form this area of growing academic and practical importance International Law and Transnational Organised Crime provides readers with a thorough understanding of the key concepts and legal instruments in international law governing transnational organised crime The volume analyses transnational organised crime in consideration of the most relevant subareas of international law such as international human rights and the law of armed conflict Written by internationally recognized scholars in international and criminal law as well as respected high level practitioners this book is a useful tool for lawyers public agents and academics seeking straightforward and comprehensive access to a complex and significant topic *World Police Encyclopedia: L-Z, index* Dilip K. Das,Michael Palmiotto,2006 The World Police Encyclopedia is the only existing reference work to systematically survey all the police systems in all the countries of the world the 189 UN member states plus Switzerland Each article describes police history police education and training structure of the force s in relation to the country s form of government and criminal justice system police responsibilities and duties most common crimes structure and role of the courts correction structure organization and function of the police force s use of firearms local and central interactions community relations and current issues and challenges This unique resource will be of interest to scholars of history foreign policy and politics as well as government agencies NGOs and others involved in working internationally to control international and domestic crime *Organized Crime in the United States* Kristin M. Finklea,2009-12 Contents 1 Intro 2 Definitions of Organized Crime OC 3 Background Omnibus Crime Control and Safe Streets Act OC Control Act and RICO Asset Forfeiture and Money Laundering Statutes More Recent Fed Attention to OC 4 Fed Law Enforcement Efforts to Combat OC 5 Federal Investigations and Prosecutions of OC 6 Current OC Trends OC Groups Operating in the U S Eurasian Russian Asian Italian Balkan Other OC Groups 7 Domestic Impact of OC Impact of OC on the Economy Money Laundering

Cigarette Trafficking Piracy and Counterfeiting OC and Terrorists 8 Potential Issues for Congress Fed OC Resources
Multilateral Crime Fighting Potential OC Nexus with Terrorism 9 Legis in the 111th Cong The Containment of Organised Crime and Terrorism Cyrille J.C.F. Fijnaut,2016-11-21 This unique volume collects articles and contributions to edited books published throughout his distinguished career by Professor Cyrille Fijnaut one of the world s leading experts in the fields of organised crime security and criminology It makes clear what issues the author systematically explored over the years and how he helped to shape the fields in which he has worked and continues to work The texts reflecting the author s profound understanding of these complex fields and wealth of experience on a practical level are presented according to topic In addition the volume offers English translations of seminal articles published originally in Dutch thus making these important texts accessible to international scholars for the first time The volume thus constitutes a unique and indispensable resource for scholars and practitioners inside and outside the Netherlands *Organized Crime, Political Transitions and State Formation in Post-Soviet Eurasia* A. Kupatadze,2012-01-25 Based on over 130 interviews with criminals law enforcement officials and government representatives from post Soviet Georgia Ukraine and Kyrgyzstan this book situates organized crime in the debate on state formation and examines the diverging patterns in organized crime following the aftermath of these countries Coloured Revolutions **The Reference Librarian's Bible** Steven W. Sowards,Juneal Chenoweth,2018-07-26 Divided into dedicated categories about the subjects most meaningful to librarians this valuable resource reviews 500 texts across all major fields Drawing on their collective experience in reference services and sifting through nearly 30 000 reviews in ARBAonline editors Steven Sowards associate director for collection at Michigan State University Libraries and Juneal Chenoweth editor of American Reference Books Annual curated this collection of titles most of which have been published since 2000 to serve collections and reference librarians in academic and public libraries From the Encyclopedia of Philosophy and the Social Sciences and Encyclopedia of the Civil War to the Encyclopedia of Physics Encyclopedia of Insects and Taylor s Encyclopedia of Garden Plants to the formidable Oxford English Dictionary The Reference Librarian s Bible encompasses every subject imaginable and will be your first stop for choosing and evaluating your library s collections as well as for answering patrons questions
