the lunisolar Arabian Calendar all his life At the end of the tenth year after he migrated from Mecca to Medina and during his Farewell Pilgrimage the Qur'an sternly abolished the process of intercalation i.e. the *Nasi* the very process which allowed the Arabs to organize their various economic and religious activities When Caliph Umar ibn al-Khattab initiated the Hijri Calendar seven years after Prophet Muhammad's death i.e. in 17 AH he founded it as purely lunar which meant its months were allowed to float within the solar year Caliph Umar is famous for his zeal in protecting the fundamental Islamic principle of monotheism This I show was the reason for introducing the Hijri Calendar as purely lunar because *Nasi* i.e. Quraysh's method of intercalation was hopelessly entangled with the polytheistic religion of Quraysh the Prophet's tribe and the guardian of the holy places in Mecca and its environs The harmful effects of following the purely lunar Hijri Calendar were realized from early on But the prohibition of *Nasi* inhibited the early Islamic caliphs from reforming the Hijri Calendar This book explores the history of the Arabian Calendar and its intimate connection with the Hijri Calendar The main findings of this book are as follows 1 The main *hajj* shrines in Mecca are aligned in the direction of sunrises and sunsets of the Summer Solstice day 2 Quraysh intercalated its Arabian Calendar by forcing the Summer Solstice SS Day to occur within the 11th month of the Arabian Calendar Shawwal The *Nasi* month was added when the onset of the SS was about to transfer to into the 11th month Dhu al-Qada 3 The onset of the SS day was determined through the sunset alignment along the line joining the posts of al-Wus'at and al-Aqaba Jamarat and also by observing the sun rising from behind the peak of Mount Thaur from the location of the sacrificial altar of pre-Islamic Mina 4 The Prophet arrived in his migration from Mecca to Medina on the Days of *shahr* which corresponded to the dates of 8th of Rabi' al-Thani the 10th of the Hebrew month Tishri and to the 23rd of September 632 5 The epoch of the Hijri Calendar must be adjusted back by two days from the epoch used so far 6 The Farewell Pilgrimage occurred in autumn on September 4 632 CE not in spring on March 11 632 CE

Sunday in Roman Paganism Robert Leo Odom, 2003 With most of the Christian world honoring Sunday as their day of worship the question of its origin becomes important Over the past hundred years much has been written about the use of the week among ancient pagan peoples However little has been done to compile such historical material into an easily accessible book for the general public Robert Leo Odom for years has conducted special research on the Sabbath Sunday question In *Sunday in Roman Paganism* he leads readers through the pages of history showing the rise of the planetary week and its day of the Sun in the heathenism of the Roman world during the early centuries of the Christian era This book is not a capsule history of Sunday as a church festival but rather the history of the planetary week as it was known and used in the pagan world and to show whether or not its day of the Sun was then regarded by pagans as being sacred to their Sun god

The Diaconate James Monroe

Barnett,1995-01-01 This book is a highly readable comprehensive study that has established itself as the definitive work on the diaconate Drawing upon original sources the book provides valuable insights into the development of the office of the deacon in the early church and situates it within the context of the church s total ministry Dr Barnett contends that a radical change in the nature and understanding of the church s ministry took place in the fourth century A ministry that had included the whole people of God in a horizontal organic structure gave way to one that was clerical and hierarchical This change among other factors eventually transformed the diaconate into an inconsequential transitional office on the way to the priesthood Responding to the present day revival of the diaconate in the Roman Catholic Episcopal Lutheran and other churches Barnett calls for a restoration of the office to its original place as full and equal order thus re creating the great symbol of the servant ministry that Christ gave to all the church James Monroe Barnett now living in retirement in Omaha is the former rector of Trinity Episcopal Church Norfolk NE Utopia ,2003-08-19 **Beyond Words** Center for Gifted Education Staff,2002-08 *Patterns of Change* Center for Gifted Education Staff,2003-08 *A Land Like Your Own* Jason M.
