Encyclopedia of World Literature in the 20th Century Leonard S. Klein, *Encyclopedia of World Literature in the 20th Century* Steven Serafin,1998 *The Reception of Northrop Frye* ,2021-08-31 The widespread opinion is that Northrop Frye s influence reached its zenith in the 1960s and 1970s after which point he became obsolete his work buried in obscurity This almost universal opinion is summed up in Terry Eagleton s 1983 rhetorical question Who now reads Frye In *The Reception of Northrop Frye* Robert D Denham catalogues what has been written about Frye books articles translations dissertations and theses and reviews in order to demonstrate that the attention Frye s work has received from the beginning has progressed at a geomantic rate Denham also explores what we can discover once we have a fairly complete record of Frye s reception in front of us such as Hayden White s theory of emplotments applied to historical writing and Byron Almén s theory of musical narrative The sheer quantity of what has been written about Frye reveals that the only valid response to

Eagleton's rhetorical question is a very large and growing number the growth being not incremental but exponential
