 This updated edition of the award winning three volume reference includes more than 2 000 entries spanning the colonial period to the present A wealth of information covers virtually every aspect of education from the evolution of school curriculum education funding and church state controversies to the latest debates on multiculturalism prayer in school and sex education Author Harlow G Unger one of the country s foremost education experts has substantially updated existing entries and added more than 40 new entries Appendixes include significant federal legislation important U S Supreme Court decisions and lists of undergraduate majors and graduate school programs More than 10 new photographs have been added and more than half a dozen experts in education served as editorial consultants The Encyclopedia of American Education Donald Paneth, 1991

Encyclopedia of African-American Education Charles A. Asbury, D. Kamili Anderson, Michael Fultz, Sylvia M. Jacobs, Faustine C. Jones-Wilson, Margo Okazawa-Rey, 1996-08-28 This indispensable reference is a comprehensive guide to significant issues policies historical events laws theories and persons related to the education of African Americans in the United States Through several hundred alphabetically arranged entries the volume chronicles the history of African American education from the systematic long term denial of schooling to blacks before the Civil War to the establishment of the Freedmen s Bureau and the era of Reconstruction to Brown v Board of Education and the civil rights reforms of the last few decades Entries are written by expert contributors and contain valuable bibliographies while a selected bibliography of general sources concludes the volume The African American population is unique in that its educational history includes as law and public policy the systematic long term denial of the acquisition of knowledge In the 18th century African Americans were initially legally forbidden to be taught academic subjects in the South where most African Americans lived This period which ended around 1865 with the conclusion of the Civil War and the establishment of the Freedmen s Bureau was followed by the introduction of laws policies and practices providing for rudimentary education for 69 years under the dual school separate but equal policies established by Plessy v Ferguson 1896 These policies did not end until the Brown v Board of Education decisions of 1954 and 1955 were reinforced by the passage of civil rights and equal opportunity legislation in the mid 1960s The education of African Americans has been a continuing moral political legal economic and psychological issue throughout this country s history It continues to consume time and attention and it remains an unresolved dilemma for the nation Through several hundred alphabetically arranged entries this indispensable reference offers a comprehensive overview of significant issues policies historical events laws persons and theories related to African American education from the early years of this country to the present day The entries are written by expert contributors and each entry includes a bibliography of works for further reading A selected general bibliography concludes the volume

Encyclopedia of Educational Research Harold E. Mitzel, 1982 **Encyclopedia of Educational Research** Chester

William Harris,1960 Encyclopedia of Educational Research American Educational Research Association,1941

Encyclopedia of Education James W. Guthrie,2003 This fully revised second edition offers a complete view of the institutions people processes roles and philosophies found in educational practice in the United States and throughout the world Features include 121 biographies of influential educators profiles of historic colleges and universities profiles of organizations active in the field and an appendix of full text primary source documents including education related legislation international treaties and testing methods *Encyclopedia of the Social and Cultural Foundations of Education* Eugene F. Provenzo, Jr.,2008-10-29 More than any other field in education the social and cultural foundations of education reflect many of the conflicts tensions and forces in American society This is hardly surprising since the area focuses on issues such as race gender socioeconomic class the impact of technology on learning what it means to be educated and the role of teaching and learning in a societal context The Encyclopedia of the Social and Cultural Foundations of Education provides a comprehensive introduction to the social and cultural foundations of education With more than 400 entries the three volumes of this indispensable resource offer a thorough and interdisciplinary view of the field for all those interested in issues involving schools and society Key Features Provides an interdisciplinary perspective from areas such as comparative education educational anthropology educational sociology the history of education and the philosophy of education Presents essays on major movements in the field including the Free School and Visual Instruction movements Includes more than 130 biographical entries on important men and women in education Offers interpretations of legal material including Brown v Board of Education 1954 and the GI Bill of Rights Explores theoretical debates fundamental to the field such as religion in the public school curriculum rights of students and teachers surveillance in schools tracking and detracking and many more Contains a visual history of American education with nearly 350 images and an accompanying narrative Key Themes Arts Media and Technology Curriculum Economic Issues Equality and Social Stratification Evaluation Testing and Research Methods History of Education Law and Public Policy Literacy Multiculturalism and Special Populations Organizations Schools and Institutions Religion and Social Values School Governance Sexuality and Gender Teachers Theories Models and Philosophical Perspectives A Visual History of American Education Higher Education in the United States James J. F. Forest,Kevin Kinser,2002-06-21 Surveys the changing landscape of American higher education from academic freedom to virtual universities from campus crime to Pell Grants from the Student Privacy Act to student diversity In the years following World War II college and university enrollment doubled students revolted faculty unionized and community colleges evolved Tuition and technology soared as did the number of first generation minority and women students These changes radically transformed the American system of postsecondary education Today that system is in trouble Its aging professoriate prepares for retirement but low academic salaries can no longer attract the best minds to replace them A flood of corporate dollars funds commercial research but money for basic research the seedbed of American scientific preeminence has dried

up Colleges and universities also face heated competition with for profit education providers for students faculty and external financial support along with the costs of providing remedial education to growing numbers of students who are unprepared for postsecondary education Higher Education in the United States provides a comprehensive analysis of these issues and others that scholars and practitioners of higher education study discuss and grapple with on a daily basis *Encyclopedia of the Social and Cultural Foundations of Education: A-H ; 2, I-Z ; 3, Biographies, visual history, index* Eugene F. Provenzo, John P. Renaud, Asterie Baker Provenzo, 2009 The Encyclopedia provides an introduction to the social and cultural foundations of education The first two volumes consist of A Z entries featuring essays representing the major disciplines including philosophy history and sociology and a third volume is made up of documentary photographic and visual resources

Historical Dictionary of American Education Richard J. Altenbaugh, 1999-10-30 The history of American education is a vital and productive field of study This reference book provides factual information about eminent people and important topics related to the development of American public private and parochial schools covering elementary and secondary levels In addition to major state and regional leaders and reformers it includes biographies of significant national educators philosophers psychologists and writers Subjects embrace important ideas events institutions agencies and pedagogical trends that profoundly shaped American policies and perceptions regarding education The more than 350 entries are arranged alphabetically and written by expert contributors Each entry closes with a brief bibliography and the volume ends with a list of works for further reading Entries were drawn from a review of leading history of education textbooks and the History of Education Quarterly These topics were further refined by comments from leading authorities and the contributors Most of the contributors are established scholars in the history of education curriculum and instruction school law educational administration and American history a few also work as public and private school teachers and thus bring their practical experience to their entries The period covered begins in the colonial period and continues through the 1990s

Rethinking the History of American Education W. Reese, J. Rury, 2007-12-25 This collection of original essays examines the history of American education as it has developed as a field since the 1970s and moves into a post revisionist era and looks forward to possible new directions for the future Contributors take a comprehensive approach beginning with colonial education and spanning to modern day while also looking at various aspects of education from higher education to curriculum to the manifestation of social inequality in education The essays speak to historians educational researchers policy makers and others seeking fresh perspectives on questions related to the historical development of schooling in the United States Encyclopedia of Diversity in Education James A. Banks, 2012-05-17 The diversity education literature both nationally and internationally is broad and diffuse Consequently there needs to be a systematic and logical way to organize and present the state of research for students and professionals American citizens need to understand the dynamics of their increasingly diverse communities and institutions and the global world in which we live work and lead With continually

evolving information on diversity policies practices and programs it is important to have one place where students scholars teachers and policymakers can examine and explore research policy and practice issues and find answers to important questions about how diversity in U S education enriched with theories research and practices in other nations are explained and communicated and how they affect institutional change at both the K 12 and postsecondary levels With about 700 signed entries with cross references and recommended readings the Encyclopedia of Diversity in Education 4 volumes in both print and electronic formats will present research and statistics case studies and best practices policies and programs at pre and postsecondary levels Diversity is a worldwide phenomenon and while most of the entries in the Encyclopedia will focus on the United States diversity issues and developments in nations around the world including the United States are intricately connected Consequently to illuminate the many aspects of diversity this volume will contain entries from different nations in the world in order to illuminate the myriad aspects of diversity From A to Z this Encyclopedia will cover the full spectrum of diversity issues including race class gender religion language exceptionality and the global dimensions of diversity as they relate to education This four volume reference work will be the definitive reference for diversity issues in education in the United States and the world

American Educational History William H. Jaynes, 2007-01-18 American Educational History School Society and the Common Good is an up to date contemporary examination of historical trends that have helped shape schools and education in the United States Author William H Jaynes places a strong emphasis on recent history most notably post World War II issues such as the role of technology the standards movement affirmative action bilingual education undocumented immigrants school choice and much more
