Last Train to Memphis (Enhanced Edition) Peter Guralnick,2014-12-30 Written with grace humor and affection Last Train to Memphis has been hailed as the definitive biography of Elvis Presley It is the first to set aside the myths and focus on Elvis humanity in a way that has yet to be duplicated A New York Times Notable BookWinner of the Ralph J Gleason Music Book Award Elvis steps from the pages You can feel him breathe This book cancels out all others Bob Dylan From the moment that he first shook up the world in the mid 1950s Elvis Presley has been one of the most vivid and enduring myths of American culture Last Train to Memphis The Rise of Elvis Presley is the first biography to go past that myth and present an Elvis beyond the legend Based on hundreds of interviews and nearly a decade of research it traces the evolution not just of the man but of the music and of the culture he left utterly transformed creating a completely fresh portrait of Elvis and his world This volume tracks the first twenty four years of Elvis life covering his childhood the stunning first recordings at Sun Records That s All Right Mystery Train and the early RCA hits Heartbreak Hotel Hound Dog Don t Be Cruel These were the years of his improbable self invention and unprecedented triumphs when it seemed that everything that Elvis tried succeeded wildly There was scarcely a cloud in sight through this period until in 1958 he was drafted into the army and his mother died shortly thereafter The book closes on that somber and poignant note Last Train to Memphis takes us deep inside Elvis life exploring his lifelong passion for music of every sort from blues and gospel to Bing Crosby and Mario Lanza his compelling affection for his family and his intimate relationships with girlfriends mentors band members professional associates and

friends It shows us the loneliness the trustfulness the voracious appetite for experience and above all the unshakable almost mystical faith that Elvis had in himself and his music Drawing frequently on Elvis own words and on the recollections of those closest to him the book offers an emotional complex portrait of young Elvis Presley with a depth and dimension that for the first time allow his extraordinary accomplishments to ring true Peter Guralnick has given us a previously unseen world a rich panoply of people and events that illuminate an achievement a place and a time as never revealed before Last Train To Memphis Peter Guralnick,2020-04-30 This is the first of two volumes that make up what is arguably the definitive Elvis biography Rich in documentary and interview material this volume charts Elvis early years and his rise to fame taking us up to his departure for Germany in 1958 Of all the biographies of Elvis this is the one you will keep coming back to *Research Materials in Music* Phillip R. Rehfeldt,1990-01-01 This text was developed for use in a standard college level introduction to graduate studies course in musicology that I taught for thirty three years at the University of Redlands *Bob Dylan* Joseph Charles Hickerson,1970
