Funny, interesting and full of useful information, this series answers questions such as: Why can't unicorns exist? What makes an animal taste delicious? What's the most powerful creature in the ocean and Bird versus snake: who would win? You won't believe it's a manga series when you read up on the featured animals in the included encyclopedia entries. Heavenly Design Team will make your next trip to the zoo or aquarium 100 times more fun. *Heaven's Own* Diane Taylor, 2001-11 *Heaven's Own* is a suspense story about the next stage in human evolution about a young man in a useless body who is swiftly and methodically being pulled into its dark mental undertow and the evil man who purports to own his soul. It is about a sister who he loves more than life itself and a mystical neighbor who searches him out, then starts him on a road towards enlightenment. It includes a hard-nosed detective who begins to waver towards believing in the unknown, a planned and purposeful murder attacks on innocent lives in a plot that has only begun to thicken, and a dangerous evil that needs to be stopped or else. *The Encyclopaedia of Death and Life in the Spirit-world* John Reynolds Francis, 1900

Encyclopedia of American Gospel Music W. K. McNeil, 2013-10-18 The Encyclopedia of American Gospel Music is the first comprehensive reference to cover this important American musical form. Coverage includes all aspects of both African American and white gospel from history and performers to recording techniques and styles as well as the influence of gospel on different musical genres and cultural trends. *The Cultic Milieu* Jeffrey S. Kaplan, Heléne Löw, 2002-07-31 In 1999 a seemingly incongruous collection of protestors converged in Seattle to shut down the meetings of the World Trade Organization. Union leaders, environmentalists, dressed as endangered turtles, mainstream Christian clergy, violence advocating anarchists, gay and lesbian activists, and many other diverse groups came together to protest what they saw as the unfair power of a nondemocratic elite. But how did such strange bedfellows come together? And can their unity continue? In 1972 another period of social upheaval, sociologist Colin Campbell posited a cultic milieu: An underground region where true seekers test hidden, forgotten, and forbidden knowledge. Ideas and allegiances within the milieu change as individuals move between loosely organized groups, but the larger milieu persists in opposition to the dominant culture. Jeffrey Kaplan and Helene Loow find Campbell's theory especially useful in coming to grips with the varied oppositional groups of today. While the issues differ, current subcultures often behave in similar ways to deviant groups of the past. *The Cultic Milieu* brings together scholars looking at racial, religious, and environmental oppositional groups as well as looking at the watchdog groups that oppose these groups in turn. While providing fascinating information on their own subjects, each essay contributes to a larger understanding of our present-day cultic milieu. For classes in the social sciences or religious studies, *The Cultic Milieu* offers a novel way to look at the interactions and ideas of those who fight against the powerful in our global age.
