The Mormon Delusion. Volume 1. Paperback Version Jim Whitefield, 2012-08-01 The first in a series of books comprising an expos of the Mormon Church The Church of Jesus Christ of Latter Day Saints This volume concentrates on polygamy and little known polyandry which is hidden from rank and file Mormons Historical evidence proves the Mormon Church has rewritten its own history through lies suppression omission and interpolation such that the truth is so well hidden from members unless they look outside the Church for information they will never know of the continued conspiracy to deceive them Contains over 120 pages of appendices including complete lists and analysis of all the wives and families of Joseph Smith Brigham Young and Heber C Kimball highlighting polyandrous relationships and children born into those unions plus details of over a hundred children born post 1890 to polygamous wives of General Authorities who violated their own canonised Manifesto after they had covenanted to stop the practice Visit www.themormondelusion.com for further information

The Mormon Delusion. Volume 3. Discarded Doctrines and Nonsense Revelations. Jim Whitefield, 2012-10-01 This is the third in a series of books exposing the truth behind Mormonism In this volume we review doctrines that have been discarded To early Mormons Adam was God and blood atonement was a stark reality These were accepted doctrines which survived for several decades throughout the leadership of several successive prophets Today the Church denies they even existed The origin of the Mormon temple ceremony is established and explained An analysis of changes over the years shows that the rites now enacted bear no resemblance to the original ceremonies Joseph Smith lifted from late eighteenth century Masonic ritual claiming they were restored from the time of Solomon The psychology of a Mormon testimony is explored and explained Sections of the Doctrine and Covenants are exposed as completely unfulfilled nonsense that Mormons simply cannot see through as long as blind faith precludes

rational thinking Visit www.themormondelusion.com for further information on this and other volumes *The Mormon Delusion. Volume 4. The Mormon Missionary Lessons - A Conspiracy to Deceive.* Jim Whitefield, 2011-02-09 The fourth in The Mormon Delusion series tracks the Mormon Missionary Lesson Manual as taught to investigators and lesson by lesson exposes and explains the truth behind the false teachings At every stage unsuspecting investigators are taught a fictional account of Mormon history and teachings by faithful missionaries who themselves have no idea they are teaching provable fiction This book exposes the underlying truth behind Joseph Smith's original fraudulent claims and modern day fictional Mormon teachings Evidence from within Mormon Church history and Mormon so called scripture proves conclusively that the Mormon Church continues in a conspiracy to deceive its own members missionaries and their investigators alike At the end of a journey through this book there will be nothing left for an investigator to take to the Lord in prayer in order to obtain an answer as to whether what the Mormon Church teaches is true Common sense and reason alone will be enough to determine the truth of the matter

Understanding New Religious Movements John A Saliba, 2004-09-08 Discussions of any religion can easily raise passions But arguments tend to become even more heated when the religion under discussion is characterized as new Divisions around the study of new religious movements NRMs or cults or nontraditional or alternative or emergent religions are so acute that there is even controversy over what to call them John Saliba strives to bring balance to these discussions by offering perspectives on new religions from different academic perspectives history psychology sociology law theology and counseling This approach provides rich descriptions of a broad range of movements while demonstrating how the differing aims of the disciplines can create much of the controversy around NRMs The new second edition has been updated and revised throughout and includes a new foreword by noted historian of religion J Gordon Melton For classes in religion or the social sciences or for interested individuals Understanding New Religious Movements offers the most objective introduction possible

Miracles and Malice Shell B Abegglen, 2018-11-19 The story of Joseph Smith the man and the early history of the LDS church are inextricably intertwined The boy Joseph's first vision and the establishment of the new church that would become the Church of Jesus Christ of Latter Day Saints is a sacred event to more than sixteen million people around the world This is a fascinating story of visions angels gold Bibles exotic ancient records persecutions discrimination false charges sham trials and the massacre of innocent Mormon settlers Joseph Smith and the Mormons as a people were relentlessly persecuted for sixteen years from 1830 to 1846 and ran out of four different states ending in the valley of the Great Salt Lake To the faithful members of the Church of Jesus Christ of Latter Day Saints who have never had any ill will against anyone this unjustified persecution and blind prejudice was and still is a mystery
