The New Encyclopedia of Music and Musicians Waldo Selden Pratt, 2001-01-01 **Stokes' Encyclopedia of Music and Musicians** L. J. De Bekker, 2016-09-13 Excerpt from Stokes' Encyclopedia of Music and Musicians: Covering the Entire Period of Musical History From the Earliest Times to the Season of 1908-09. In order to include hundreds of new subjects while giving adequate treatment to the usual topics, it has been necessary to adopt some method of condensation. Abbreviations have been employed, and such useless verbiage as the time and place of his death, are a matter of dispute, has been eliminated. In biographical accounts, the name of the person is invariably followed by an active verb leading into that person's achievements. If the dates or other facts are unknown, they are omitted without comment. This book was written to meet the necessities of students and lovers of music, but it is hoped that professional musicians may find it helpful by reason of its simplicity, compactness, and thorough system of cross-referencing.
