Encyclopedic Dictionary Of Economics:

The Encyclopedic Dictionary of Economics ,1991 **Encyclopedic Dictionary of Economics** Don Cole,1991-01-01

More than 1400 entries provide easy access to a substantial representation of the language and practices unique to the study of economics The structure of this encyclopedia is designed to give the information and background necessary to understand the institutions people decision trends and movements that have defined economics to answer specific questions quickly and easily and to demonstrate the nature of the interrelationships among the elements of economics in America

Encyclopedic Dictionary of Economics ,1985 **A-Z of Economics** Dayānanda Sōmasundara,2016

Encyclopedic Dictionary of Economics ,1981-01-01 The Blackwell Encyclopedic Dictionary of Management Information Systems Gordon B. Davis,1999-06-02 The Blackwell Encyclopedic Dictionary of Management Information Systems provides clear concise up to the minute and highly informative definitions and explanations covering the whole of the fast changing field of management information systems An Encyclopedic Dictionary of Marxism, Socialism and Communism J. Wilczynski,2019-10-08 No detailed description available for An Encyclopedic Dictionary of Marxism Socialism and Communism The Blackwell Encyclopedic Dictionary of Managerial Economics Robert McAuliffe,1966 *Crises and Cycles in Economic Dictionaries and Encyclopaedias* Daniele Besomi,2013-03-01 This book aims at investigating from the perspective of the major economic dictionaries the notions of economic crisis and cycle The project consists in giving an extensive summary of a number of significant entries on this subject with an introductory essay to each entry placing them and the dictionary to which they belong in their context giving some details on the author of the dictionary entry and assessing the entry s and its author s contribution The broad picture including the history of these encyclopedic tools will be examined in the introductory essays A Reconsideration of the Theory of Non-Linear Scale Effects Richard G. Lipsey,2018-03-22 The main thrust of this Element is a critical assessment of the theory and evidence concerning the sources of scale effects It is argued that the analysis of static scale effects is important because scale effects are embedding in our world and new technologies associated with an evolving economy often allow their exploitation when they cannot be exploited in less technically advanced and smaller economies So although static equilibrium theory is not a good vehicle for studying economic growth showing how scale effects operate when output varies with given technology helps us to understand the scale effects that occur when output rises as a result of economic growth even though that is typically driven by technological change The Oxford Guide to Library Research Thomas Mann,1998 Required reading for students scholars information seeking professionals and laypersons **BOOK JACKET** **Economic Methodology, History and Pluralism** Ioana Negru, Penelope Hawkins,2022-12-30 Economic Methodology History and Pluralism Expanding Economic Thought to Meet Contemporary Challenges pays tribute to Emeritus Professor Sheila Dow University of Stirling Scotland This volume focusses on the contributions of Dow to economic methodology pluralism and the history of economic thought These

explorations serve to underpin her ideas and theories on macroeconomics banking and money Bringing together an impressive panel of contributors the chapters in this work examine Dow s writings on structured pluralism and schools of thought meanings of open and closed systems reflections on the relationship between economics and other sciences both social and natural the methodology of behavioural economics as well as the political economy of the Scottish school of thought The book challenges the foundations of the mainstream economics paradigm in a novel and holistic manner seeking to advance thinking across Dow s favoured discipline The essays in this collection provide thought provoking reading for advanced students and scholars of economic methodology the history of economic thought heterodox economics and political economy The book will also be valued by the economics profession at large as it contains important elements and ideas concerning ethics methodology and tolerance within economics as a discipline and as a profession

International Bibliography of the Social Sciences Blpes,1966 First published in 1966 Routledge is an imprint of Taylor Francis an informa company

Subject Encyclopedias Allan Mirwis,1999 This useful two volume set will provide buyers of subject encyclopedias with a substantial amount of valuable information they can use in making their purchasing decisions It will also provide all types of librarians and their patrons with a quick one stop method for locating the appropriate subject encyclopedias for their needs and for locating articles in the 100 encyclopedias Librarians who specialize in bibliographic instruction will also find it to be a useful tool for teaching students how to locate needed information

Thesaurus of ERIC Descriptors ,1977

Manual of Specialised Lexicography Henning Bergenholtz,Sven Tarp,1995-01-01 From 1990 1994 the Danish Research Council for the Humanities granted a research project entitled translation of LSP texts which was initially split up into five part projects one of which has been concerned with LSP lexicography The Manual of Specialised Lexicography is one of the results of the research undertaken by this project The primary purpose of the Manual is to contribute towards an improved basis for practical specialised lexicography which has so far had but a small share in the explosive development that has taken place in general language lexicography since the early 1970s One implication of this is that only to a limited extent has it been possible to build upon existing findings The Manual thus has the twofold aim of offering guidance and direction to authors of specialised dictionaries as well as contributing towards the further development of lexicographical theories

Theory and Practice of Specialised Online Dictionaries Pedro A. Fuertes-Olivera,Sven Tarp,2014-09-23 This book is the first comprehensive monograph on the Function Theory of Lexicography which originated at the Aarhus School of Business Aarhus University Function Theory considers dictionaries to be tools that are constructed for assisting specific users with punctual needs in specific usage situations e g communicative oriented situations and cognitive oriented situations The book s main focus is on defending the independent academic status of lexicography and its corollary The process of designing compiling and updating specialised online dictionaries needs a theoretical framework that addresses general and specific aspects The former are common to all types of information tools the latter are mainly

dependent on the media for which the information tool is constructed and their specific target users This books offers both aspects and moves from the highest level of abstraction to very detailed aspects of lexicographic work e g how to convert an originally conceived polyfunctional online dictionary into several monofunctional usage based ones The book illustrates that the theory and the methodology currently used by advocates of the Function Theory of Lexicography offers better results than other approaches and therefore makes its case for proposing the Function Theory for terminological terminographical work

Everyman's Dictionary of Economics Arthur Seldon,F. G. Pennance,2005 Everyman s Dictionary of Economics provides over nineteen hundred concise desk encyclopedia style articles on economic terms and concepts as well as on significant people working in the field in plain nontechnical English The articles challenge readers acceptance of the conventional wisdom on such subjects as government intervention in economic matters BOOK JACKET *Elgar*

Encyclopedia of Ecological Economics Emilio Padilla Rosa,Jesús Ramos-Martín,2023-09-06 With diverse contributions from over 100 authors around the globe this comprehensive Encyclopedia summarises the developments of ecological economics from the fundamental contributions to the more recent methodological debates in the field It provides an expansive list of topics including sustainable development the limits to growth agroecology implications of thermodynamic laws for economics integrated ecologic economic modelling valuation of natural resources and services and renewable and non renewable resources management This title contains one or more Open Access chapters
