Enchanted Glass Britain And Its Monarchy:

The Enchanted Glass Tom Nairn, 2011-11-07 In this acclaimed study of British statehood identity and culture Tom Nairn deftly dispels the conviction that the Royal Family is nothing more than an amusing relic of feudalism or a mere tourist attraction Instead he argues that the monarchy is both apex and essence of the British state the symbol of a national backwardness In this fully updated edition Nairn's powerful and bitterly comic prose lays bare Britain's peculiar pseudo modern national identity which remains stubbornly fixated on the Crown and its constitutional framework the parliamentary sovereignty of Westminster The Making of English National Identity Krishan Kumar, 2003-03-13 Why is English national identity so enigmatic and so elusive Why unlike the Scots Welsh Irish and most of continental Europe do the English find it so difficult to say who they are The Making of English National Identity first published in 2003 is a fascinating exploration of Englishness and what it means to be English Drawing on historical sociological and literary theory Krishan Kumar examines the rise of English nationalism and issues of race and ethnicity from earliest times to the present day He argues that the long history of the English as an imperial people has as with other imperial people like the Russians and the Austrians developed a sense of missionary nationalism which in the interests of unity and empire has necessitated the repression of ordinary expressions of nationalism Professor Kumar's lively and provocative approach challenges readers to reconsider their pre conceptions about national identity and who the English really are Sources and Debates in Modern British History Ellis Wasson, 2012-01-17 Designed to complement the author's A History of Modern Britain this collection of primary sources illuminates and augments the study of modern Britain with coverage of political imperial and economic history as well as class and cultural issues Features a broad range of documents in a well structured and easy to use format including important well known documents and lesser known excerpts from memoirs and private correspondence Provides up to date balanced coverage of political imperial social economic and cultural history with over 180 documents Offers a thorough rendering of social class and national identity including coverage of changes in British society over the last 20 years Includes discussion questions for each document as well as lists of historical debates and extensive bibliographies of both on line and traditional sources for students further research **The Enchanted Glass** Tom Nairn, 1990 First Comes Love Shellev Cobb, Neil Ewen, 2015-08-27 Examines media treatment of power couples and celebrity relationships Passion and Paradox Joan Cocks, 2009-01-10 From Kosovo to Qu bec Ireland to East Timor nationalism has been a recurrent topic of intense debate It has been condemned as a source of hatred and war yet embraced for stimulating community feeling and collective freedom Joan Cocks explores the power danger and allure of nationalism by examining its place in the thought of eight politically engaged intellectuals of the nineteenth and twentieth centuries the antagonist of capital Karl Marx the critics of imperialism Rosa Luxemburg Hannah Arendt and Frantz Fanon the liberal pluralist Isaiah Berlin the neonationalist Tom Nairn and the post colonial writers V S Naipaul and Edward Said Cocks not only sheds new light on the complexities of

nationalism but also reveals the tensions that have inspired and troubled intellectuals who have sought to lead lives between detached criticism and political passion In lively conversational prose Cocks assesses their treatment of questions such as the mythology of national identity the right to national self determination and the morality of nationalist violence While ultimately critical of nationalism she engages sympathetically even with its defenders By illuminating the links that distinguished minds have drawn between thought and action on nationalism in politics this stimulating work provides a rich foundation from which we ourselves might think or act more wisely when confronting a phenomenon that in fundamental and perplexing ways has shaped our world Young Elizabeth Kate Williams, 2015-11-15 We can hardly imagine a Britain without Elizabeth II on the throne It seems to be the job she was born for And yet for much of her early life the young princess did not know the role that her future would hold She was our accidental Queen Elizabeth s determination to share in the struggles of her people marked her out from a young age Her father initially refused to let her volunteer as a nurse during the Blitz but relented when she was 18 and allowed her to work as a mechanic and truck driver for the Women's Auxiliary Territorial Service It was her forward thinking approach that ensured that her coronation was televised against the advice of politicians at the time Kate Williams reveals how the 25 year old young gueen carved out a lasting role for herself amid the changes of the 20th century Her monarchy would be a very different one to that of her parents and grandparents and its continuing popularity in the 21st century owes much to the intelligence and elusive personality of this remarkable The Politics of the British Constitution Michael Foley, 1999 The Politics of the British Constitution provides the first major assessment of the properties dynamics and implications of the new area of political exchange Century Prose, 1997 The Rise of Victorian Caricature Ian Haywood, 2020-03-17 This book serves as a retrieval and reevaluation of a rich haul of comic caricatures from the turbulent years between the Reform Bill crisis of the early 1830s and the rise and fall of Chartism in the 1840s With a telling selection of illustrations this book deploys the techniques of close reading and political contextualization to demonstrate the aesthetic and ideological clout of a neglected tranche of satirical prints and periodicals dismissed as ineffectual by historians or distasteful by contemporaries. The prime exhibits are the work of Robert Seymour and C J Grant giving acerbic comic edge to the case for reform against class and state oppression and the excesses of the monarchical regime under the young Queen Victoria The National Question in Europe in Historical Context Mikuláš Teich, Roy Porter, 1993-05-06 The historical impact of national movements in Europe has been dramatic and continues to be an issue of major importance Leading historians authoritatively discuss European nationalism in its historical Adaptation, Intermediality and the British Celebrity Biopic Márta Minier, Maddalena context Pennacchia, 2016-03-23 Beginning with the premise that the biopic is a form of adaptation and an example of intermediality this collection examines the multiplicity of source texts and the convergence of different media in this genre alongside the concurrent issues of fidelity and authenticity that accompany this form The contributors focus on big and small screen
