sigma the ultimate sense of connectedness between God himself and the universe Hadrian hopes that even a pale facsimile of the symmetry glimpsed by saints and magi would in that instant of insight free him from his dread of death and that he would achieve the serenity that some men seemed to possess by nature But the ultimate moment that Hadrian dubs the sigma experience from the mathematical sign meaning a sum or a total this elemental flash eludes him He wanders for years in search of sigma ending up among a tribe of Indians called the Gigantes where he transforms himself into their enchanter One day Hadrian's old enemies from the Lord Institute find themselves in the gardens of the enchanter Hadrian seeking revenge puts them on trial for judgment and sentencing
