strengths and with this rooting they were then able to reach out to others Rather than looking for differences participants sought ways to express a shared vision for an inclusive functional peace building future for themselves their families and Ukraine as a whole Peacebuilding with Women in Ukraine is a model for emancipatory social action and social change while the women s stories offer a window into the formative years and present day lives of eighteen women born and raised in the Soviet Union This study is a unique contribution to peace studies and to the history and building of a country that has most often had its history written for it

*Historical Dictionary of Ukraine* Ivan Katchanovski,Zenon E. Kohut,Bohdan Y. Nebesio,Myroslav Yurkevich,2013-07-11 Although present day Ukraine has only been in existence for something over two decades its recorded history reaches much further back for more than a thousand years to Kyivan Rus Over that time it has usually been under control of invaders like the Turks and Tatars or neighbors like Russia and Poland and indeed it was part of the Soviet Union until it gained its independence in 1991 Today it is drawn between its huge neighbor to the east and the European Union and is still struggling to choose its own path although it remains uncertain of which way to turn Nonetheless as one of the largest European states with considerable economic potential it is not a place that can be readily overlooked The problem is or at least was where to find information on this huge modern Ukraine and since 2005 the answer has been the Historical Dictionary of Ukraine in its first edition and now even more so with this second edition It now boasts a dictionary section of about 725 entries these covering the thousand years of history but particularly the recent past and focusing on significant persons places and events political parties and institutions as well as more broadly international relations the economy society and culture The chronology permits readers to follow this history and the introduction is there to make sense of it It also features the most extensive and up to date bibliography of English language writing on Ukraine
