Encountering The Divine:

Encountering the Divine Gretchen Rodriguez, 2025-02-16 Tucked within every human soul is the longing to encounter the Divine. If you desire a deeper relationship with God, take heart. He created you for connection with Him. When you set aside the prayer to do lists and simply draw near, Jesus meets you there, leading you into His presence. Encountering the Divine invites you to trade striving for surrender and discover the beauty of a life deeply connected to God. This book will guide you beyond surface level prayers into true intimacy with the Father. As you embrace the simplicity of being with Him, you will uncover a new depth of peace that flows from a heart surrendered to God's love. In the stillness, you will find Him waiting, ready to draw you close and reveal His heart to yours. I drew them with gentle cords, with bands of love. And I was to them as those who take the yoke from their neck. Hosea 11:4

Divine Encounter Brian Guerin, 2019-04-08 Dive deep into the depths and realities of encountering God. Through a biblical foundation as well as real life application and testimonies, Brian Guerin breaks down the powerful world of divine encounters.

Encountering the Divine George Savran, 2005-05-30 An examination of the literary and theological dynamics of the divine human encounter as reflected in theophany narratives in the Hebrew Bible. The point of departure for this study is a type scene analysis which reveals a common structure to theophany narratives. Beginning with the separation of the protagonist from human society, the text moves to a visual and verbal revelation by the Deity and records a range of human reactions to the experience. Each of the texts concludes with a description of a more externalized reaction which marks the carrying over of the experience into a larger societal framework. The analysis develops the underlying structural and contentual similarity among texts which have traditionally been understood as belonging to different literary genres. The discussion offers a nuanced treatment of the range of literary strategies employed by the narrative for addressing these elements. In addition to a detailed analysis of each of the above components of the type scene, there is discussion of issues such as the idea of the lethal nature of the encounter and intertextual relations between the narratives.
