Encountering New Testament Manuscripts Jack Finegan, 1980-07-02 This is a print on demand book and is therefore non returnable The field of textual criticism remains an exciting one Thousands of manuscripts have been recovered in recent years Using the methods of textual criticism translators have been able to discern from these manuscripts a probably reading of the original New Testament text a difficult but important task Several scholarly books describing the process of textual criticism have already been written but

Encountering New Testament Manuscripts is uniquely different in its approach. Here students have an opportunity to see and read portions of the chief manuscripts for themselves and to learn firsthand the principles of textual criticism. Included are twenty-four photographs of some of the oldest and most important manuscripts including papyri, parchment, and paper texts with both uncial and miniscule script. Through the steps of transcribing the original manuscripts and organizing the various evidences presented, the student learns to develop conclusions about the reading of the original text. A comprehensive introductory chapter surveying the nature and history of textual criticism and a concluding chapter on the question of methodology make this book a complete course on the subject. Helpful indices and lists of important New Testament manuscripts make it an excellent resource volume as well.

New Testament Survey Merrill C. Tenney, 1985-08-28. Written in a clear, non-technical style, *New Testament Survey* is an analytical and historical survey which sets forth the message of the New Testament against a fully integrated picture of the world of the first century.

Encountering the Manuscripts Philip Wesley Comfort, 2005. *Encountering the Manuscripts* focuses on the most significant New Testament manuscripts from the perspective of paleography and textual criticism.

The Making of the New Testament Arthur G. Patzia, 2025-11-04. The story of the making of the New Testament is one in which scrolls bumped across cobbled Roman roads and pitched through rolling Mediterranean seas, finally finding their destinations in stuffy, dimly lit Christian house churches in Corinth or Colossae. There they were read aloud and reread, handled and copied, forwarded and collected, studied and treasured. And eventually they were brought together to make up our New Testament. This revised and expanded edition of *The Making of the New Testament* is a textbook introduction to the origin, collection, copying, and canonizing of the New Testament documents. Like shrewd detectives reading subtle whispers of evidence, biblical scholars have studied the trail of clues and pieced together the story of these books. Arthur Patzia tells the story, answering our many questions: How were books and documents produced in the first century? What motivated the early Christians to commit teaching and narrative and vision to papyrus? How were the stories and sayings of Jesus circulated, handed down, and shaped into Gospels? What do we know about ancient letter writing, secretaries, and copy shops? Why were four Gospels included instead of just one? How were Paul's letters sent here and there, gathered into a single collection? Who decided, and by what criteria, which documents would be included in the New Testament? Explore these questions and more about these Scriptures whose everyday, gritty story rings true to their extraordinary message: the palpable mystery of the Word made flesh.

The Unexpected Teachings of Jesus John Coleman, 2002-01-14. *The Unexpected Teachings of Jesus* presents the Gospels not as simplistic solutions to everyday problems but as a collection of sacred stories that are challenging and can teach us all how to live in today's world. Filled with wise, wonderful, and sometimes quirky stories from John Coleman's own life and experiences as a father, teacher, and minister, the book delves into the Gospels to uncover the essence of what it means to believe in and follow the radical, compassionate, generous love of Jesus. Reading this collection of reflections is like putting on a new pair of glasses. It offers all Christians a

new way of knowing Jesus words and shows us teachings are sometimes the opposite of what we thought we understood
