Encounters With Bigfoot

Gary Swanson

Encounters With Bigfoot:

Encounters with Bigfoot John Green, 1994 On the Track of the Sasquatch and Encounters With Bigfoot together give a very full account of what is happening in most of western North America but either book taken by itself tells many fascinating stories Copies left are not in new condition Book One On the Track of the Sasquatch and Two Encounters With Bigfoot replace the old volume of On the Track of the Sasquatch and also Year of the Sasquatch published in 1968 and 1970 making the many revisions and additions that are needed after a decade of activity The two volumes together give a very full account of what is happening in most of western North America but either book taken by itself tells many fascinating stories **On the Trail of Sasquatch** Gary Swanson, 2020-07-15 This collection of Sasquatch encounters includes several reports that took longer than usual to complete due to additional correspondence to confirm through additional witnesses and other sources some heretofore unreported instances of questionable relationships between our story submitters and their Bigfoot acquaintances An example of the necessity we felt to confirm some of the more unusual reports was the person who purchased a rural property and from the outset he experienced an encounter with some resident Sasquatch which was quite unpleasant According to the submitter he was pestered and harassed by these creatures until it came down to a violent confrontation causing him to use a firearm There were no injuries but he learned too late how to relate to these resident Sasquatch and he sold the home and property and returned to the city Another couple had back to back encounters with Sasquatch and they report how the clever Bigfoot actually changed their methods of disguising their presence by using tree branches to erase their own tracks to their secret fishing hole in the Washington state mountains Forced to abandon their second excursion by a sudden forest fire our reports had the experience of a lifetime Another submitter inherited a lakeshore cabin in Michigan and once again was reunited with Sasquatch he had first met as a child when visiting his grandfather Both human and Sasquatch were reunited over the gravesite of the grandfather's golden Labrador companion whom both human and Sasquatch shared memories This collection seems to share a common thread of closer involvement between species than most and even though the research required more checks and balances we thoroughly enjoyed sharing our submitters excitement **Bigfoot** Tom King, 2017-08-07 Many people across the world believe in an ape like humanoid creature who is covered with hair and walks on two legs Those who claim to have seen this creature generally say that he has reddish brown hair is approximately seven to 10 feet tall has a conical shaped head emits a powerfully obnoxious stench and has enormous human like feet In the United States this creature is known as the Sasquatch or Bigfoot He is attested to in Native American myths and legends that speak of giants as well as in eyewitness accounts that predate the birth of the country Bigfoot has relatives all across the world In the Himalayan countries of Nepal Tibet and Bhutan the local people believe in and even revere a creature that they call the Yeti known to many Westerners as the Abominable Snowman Many Chinese believe in the Yeren or Wild Man who is said to inhabit mountainous areas of the country The Yowie is attested to by the aborigines of

Australia and the Orang Pendek or short man is believed to live on the island of Sumatra in Indonesia The fact that so many cultures attest to the existence of an ape like bipedal humanoid who lives on the outskirts of society is seen by many as evidence that such a creature does in fact exist Bigfoot is generally believed by the scientific community to be something known as a cryptid or a legendary animal whose existence has not been proven However thousands of people every year claim to see the creature known as Bigfoot The number of eyewitnesses grows each year as more and more people profess to have seen Bigfoot Some have presented photographic and video evidence of him and some have even given hair skin and other DNA samples Still there is no consensus between the scientific community and Bigfoot eyewitnesses as to whether or not the creature actually does exist If you are reading this you are probably interested in Bigfoot and want to know more about the mysterious creature Maybe you have had an eyewitness encounter with the beast yourself or want to visit an area known to be inhabited by Bigfoot in the hopes of seeing the elusive creature You are not alone People all over the world are searching for their own opportunity to see him This book contains valuable easy to understand information about the cryptid including what he is and different theories some more believable than others that attempt to explain his existence It talks about early Native American stories about Bigfoot as well as the role that he played in the people s spiritual life From there it discusses numerous Bigfoot sightings across the United States including Alaska as well as some in Canada It also contains information about other cryptids such as the Loch Ness monster Yeti and the giant squid By the time you finish this book you will have gained immense knowledge about the creature known as Bigfoot If you are a sideline believer unsure of whether or not he actually does exist you will surely have come to your own opinion by the time you finish reading Hopefully this book will make a believer out of you It may even lead you to seek out Bigfoot for yourself Scroll to the top of the page and click Add To Cart to learn more

Sasquatch Encounters Gary Swanson, Wendy Swanson, 2017-01-24 The encounters and sightings in Sasquatch Encounters have never been published in print or online before These incidents came to us from many states and they are in the words of those who met the Bigfoot The events and sightings in this book include a well accredited professor of anthropology offering his confirmation of the probability of the existence of these creatures and a fellow professor who had an actual encounter with Sasquatch before he ever met the other doctor The encounter by Evel Knievel s father as was told to the author by his personal friend Nic Knievel brother of the famed motorcycle stuntman Al Capone s shooting incident was found in a very old article that was prepared for printing in the Chicago Sun Times newspaper but for reasons unknown was never submitted Possibly due to fear of retaliation by the Capone gang There are several incidents that came from the personal journals of early gold miners that were submitted by their descendants proof that the Bigfoot has been there all along We did not start out belonging to the Bigfoot believers camp but as we were researching for our hiking book Hiking Sasquatch Country Tails and Trails in Bigfoot s Backyard we had some incidents that we couldn t explain until we came in contact with people in our Southern Oregon home that were able to shed light on our mysterious adventures and

it made Sasquatch more than just theory Neither of us had before lived outside larger cities and we found profound enjoyment in hiking so we felt that a detailed hiking book would enable others to enjoy what we had Then after meeting so many people who had also had close encounters with the mysterious Sasquatch we decided to collect these experiences to add to our book The authors of these happenings are from all over the U S and it is amazing how much similarity there is in the descriptions of our mysterious Sasquatch which certainly lends credence to the existence of this wild being that seems to have the same senses of hearing and seeing as humans however magnified a hundred times Welcome to Bigfoot country

They Saw Sasquatch Gary Swanson, Wendy Swanson, 2016-09-01 The majority of the encounters in They Saw Sasquatch were submitted by residents of the Southern Oregon area where we spent years hiking the beautiful and rugged mountains We personally had several mysterious events which can only be logically attributed to the actual existence of a creature the likes of which is so human like that we now are able to accept the many reports as likely Included are encounters reported by a U S Forestry Service agent two Bureau of Land Management agents a fireman a sheriff s deputy a doctor ranchers rural property owners an accredited Sasquatch hunter hikers and full time goldminers as well as some tourists and river rafters Some of our contributors have chosen to remain anonymous so we have protected their identities We hope you enjoy reading about these interesting and sometimes frightening encounters as much as we did The Ohio Monster David Walker, 2018-07-11 Do you believe in Bigfoot Or are you one of them people who snicker every time you hear the subject mentioned There is no in between You either believe in the Big Hairy Man or you dont The author of this book not only believes but is also willing to stake his name and reputation on it as well In this book entitled The Ohio Monster be prepared to set aside your personal beliefs and take a closer look at the circumstances surrounding the authors encounters with the creature Skeptics will be hard pressed to rationalize away the belief that this could be nothing more than a man dressed in a monkey suit out to play tricks on somebody Hailing from the backwoods of the State of Ohio the author came face to face at an early age with his greatest fear a large hairy monster For the longest time he tried his best to keep away from the Thing as he called it but he simply couldnt outrun destiny Now with the passage of time he feels the thing Bigfoot may have singled him out continued to appear to him because he knew that one day this man would end up defending him Crazy right Well welcome to the world of the supernatural where everything is possible Its a world wherein the elites of science cannot prove or disprove these kind of things Its a world where the average citizen is encouraged to think for themselves without the added baggage of the scientific world telling them otherwise No body or bones to prove Bigfoot exists No problem With a thousand or more verifiable sighting reports within the last fifty years or so somebody is seeing something They cant all be lying And if so for what purpose Some even have long standing careers on the line and still have felt obligated to come forward with their encounters People from all over the world and from all walks of life have claimed to have seen monstrous types of beings before If true what do we have Ill tell you what we have we have an honest to gosh monster on our hands

that's what. And that's exactly what this book is about: the author's experiences with just one of these type of beings dubbed the Ohio monster. Nightmare in the Woods A. H. Verge, 2017-01-14 Life was good for a young boy and his family living in northern New Jersey during the summer of 1976. Yet their world was about to be turned upside down with the discovery of an unknown creature lurking on the edge of their property. Throughout that long summer the family would continue to have terrifying encounters with the creature known as Bigfoot. Not only would they see the creature on multiple occasions but would have terrifying close encounters and make a cast of its footprints. NIGHTMARE IN THE WOODS is the true story of one family's frightening encounter with the unknown right in their own back yard. **Bigfoot** Ursula Vega, 2022-06-13 This book was made from a few reports and some commentary and analysis of what was reported. The reports are what people said they saw. In this book the reports are relayed as they were reported and accompanied by the comments and notes my father wrote down pertaining to each report he was given. Was it a bigfoot? Was it a dogman? Was it something else altogether? That will be left up to you to decide. A passionate team of bigfoot enthusiasts is bringing you eight brand new and true bigfoot stories that have never been covered before. Find out what happens when an investigative journalist accidentally ends up on a tiny bigfoot infested island. Immerse yourself in the history of a once beautiful resort that had to close after decades of bigfoot encounters. Explore a journal entry of a Polish woodsman that slowly realizes that what he saw in a deep forest has changed him forever. Read about methods that modern bigfoot surveillance groups use to track the ever evasive legend. Many people across the world believe in an ape-like humanoid creature who is covered with hair and walks on two legs. Those who claim to have seen this creature generally say that he has reddish brown hair, is approximately seven to 10 feet tall, has a conical shaped head, emits a powerfully obnoxious stench, and has enormous human-like feet. In the United States this creature is known as the sasquatch or bigfoot. *In Search of Giants* Thomas Steenberg, 2000 The puzzle of Bigfoot has been ongoing since the first white men settled the West and heard stories from the Native population about strange and elusive large hairy creatures. These stories have endured to present day and eyewitnesses continue to come forward. Unfortunately, no hard physical evidence has been produced. *In Search of Giants* gives accounts of sightings that have occurred over the last twenty years throughout western Canada and the US. Many of these encounters have never been written about before and all offer insight into this lasting mystery. This book is sure to interest and intrigue even the most skeptical. **True Bigfoot Stories** Roger P. Mills, 2016-08-14 Horrifying Encounters Of Bigfoot: Horror. What Would You Do? What's The Truth? Claim Your FREE Bonuses After the Conclusion. Ghosts and alien stories: those are much easier to dismiss as made up. But is a humanoid-like creature living in the woods really that impossible to imagine? More than extraterrestrials or ghostly beings. Whatever your opinion on them may be, I have found myself more and more sucked into this world of seemingly insane stories and have found it hard to get them out of my head. Humans are incredibly strange beings. I would say more so than Bigfoots. In most stories they scare people off and wonder the woods that's simple. It's easy to understand. But us humans: Where to

even begin This book takes you from America to the battlefields of a ravaged land but I d just like to say one last thing in this intro That Bigfoot stories tell us more about ourselves than they do about the elusive creature Here Is A Preview Of What s Inside True Bigfoot Stories Bigfoot on Fire True Bigfoot Stories Lost and Hunted by the Unknown True Bigfoot Stories Inside a Broken City of Terror True Bigfoot Stories Night Time Visits from Bigfoot True Bigfoot Stories The Bosnian War Yeti Stories True Bigfoot Stories Lost and Tormented by Bigfoot Much much more Scroll up and download this book now [Nightmare in the Woods](#) Andre Verge,2017-01-14 One family s strange and terrifying encounter with Bigfoot in the northeastern United States [Hidden Encounters](#) Doug Waller,2015-08-01 **The Paranormal and Popular Culture** Darryl Catherine,John W. Morehead,2019-02-18 Interest in preternatural and supernatural themes has revitalized the Gothic tale renewed explorations of psychic powers and given rise to a host of social and religious movements based upon claims of the fantastical And yet in spite of this widespread enthusiasm the academic world has been slow to study this development This volume rectifies this gap in current scholarship by serving as an interdisciplinary overview of the relationship of the paranormal to the artefacts of mass media e g novels comic books and films as well as the cultural practices they inspire After an introduction analyzing the paranormal s relationship to religion and entertainment the book presents essays exploring its spiritual significance in a postmodern society its post modern representation in literature and film and its embodiment in a number of contemporary cultural practices Contributors from a number of disciplines and cultural contexts address issues such as the shamanistic aspects of Batman and lesbianism in vampire mythology Covering many aspects of the paranormal and its effect on popular culture this book is an important statement in the field As such it will be of utmost interest to scholars of religious studies as well as media communication and cultural studies [20 TERRIFYING SCARY Bigfoot Sightings Horror Stories](#) Harry Hammond,2022-08-30 This is a fifth book in our series of scary REAL sasquatch short horror stories All accounts of individuals described on each page are authentic and real as they experienced it **The Department of Truth - The Complete Conspiracy** , Some fictions manifest in reality as dangerous half formed things The Department of Truth relies on hunters to track down and contain these wild tulpas before they become too real In these case files from the Department of Truth Field Office discover the truths hoaxes and lore of some of the most dangerous cryptids the rangers have ever catalogued Designed as in world reports on beings like Mothman Bigfoot the Flatwoods Monster and more each entry features stunning art from some of the most renowned illustrators in comics including James Stokoe Bill Sienkiewicz Yuko Shimuzu Erica Henderson DEPARTMENT OF TRUTH co creator Martin Simmonds and more Collects THE DEPARTMENT OF TRUTH WILD FICTIONS entries as well as exclusive additional materials from the acclaimed series by multiple Eisner Award winning writer James Tynion IV WORLDTR33 The Nice House on the Lake and acclaimed artist Martin Simmonds [Female Bigfoot Encounters](#) Melissa George,Cari George,Tye Chapman,2016-07-19 23 Stories of True Bigfoot Encounters told exclusively by Females Frightening nighttime encounter Family camping trip turns dangerous Rent a secluded cabin with

Bigfoot Bigfoot terrifies partying teenagers Buy a house with a Bigfoot attached Turkey hunting reveals more than Turkeys And much more You don't want to miss any of these frightening encounters *Bigfoot and Dogman Sightings 2* Richard Hunt, Officer Hunt didn't believe his eyes but the impossible creature was there glaring back at him It wasn't the first or last time Hunt or local townsfolk came face to face with the terrifying legendary beasts Now choosing to break years of enforced silence Hunt anonymously reveals the most unbelievable shocking and true encounters with cryptids like Bigfoot and Dogman in the Pacific Northwest by law enforcement the communities they serve and others across the continent This is volume one of the Bigfoot and Dogman Sightings series Get it now Haunted War Tales R.C. Bramhall, 2024-04-02 Some battlefields such as Gettysburg are known to be haunted This book focuses on multiple tales of truly odd and often bizarre paranormal events on the battlefields of the world Some popular stories are debunked but most of these reports all documented in one place for the first time in this engaging and informative collection are not easily explained and remain a mystery to be pondered becoming modern canon in the centuries long history of strange and unusual war stories *Tales from the Heart of Florida* Pasquale De Marco, 2025-08-09 Tales from the Heart of Florida is a captivating exploration of the rich and diverse folklore of Florida the Sunshine State Through a collection of captivating stories and legends this book unveils the mysteries and magic that have shaped Florida's culture and identity From the haunting tales of the Everglades to the spooky stories of the coast from the enchanting legends of the Keys to the mysterious encounters in Central Florida this book takes readers on a journey through the Sunshine State's rich tapestry of folklore Readers will encounter legendary creatures and cryptids uncover the mysteries of haunted lighthouses and shipwrecks and listen to the whispers of Seminole legends They will discover the origins of Florida's most famous landmarks learn about the folklore surrounding its wildlife and explore the supernatural phenomena that have captured the imaginations of Floridians for centuries Tales from the Heart of Florida is a celebration of Florida's unique spirit its vibrant history and the people who have called it home Through these stories readers will gain a deeper understanding of the Sunshine State and the magic that makes it a truly special place Whether you're a lifelong Floridian a curious visitor or simply a lover of folklore Tales from the Heart of Florida is an essential read Immerse yourself in the Sunshine State's rich storytelling tradition and discover the tales that have shaped its past and continue to inspire its present If you like this book write a review *British Columbia, Our Land* Paul St. Pierre, 2017-09-15 This astounding work brings professional investigative abilities and forensic artistry to the field of Bigfoot studies This astounding work brings professional investigative abilities and forensic artistry to the field of Bigfoot studies David Paulides a former police investigator has applied his skills to questioning Bigfoot witnesses The results he has achieved in gaining access to witnesses and getting detailed information from them is both remarkable and intriguing Furthermore he commissioned a forensic police artist to meet with witnesses and sketch the creatures they saw These drawings provide insights into the creature's nature never before realized The result of this team's work is by far one of the most convincing

accounts ever written on Bigfoot The conclusion reached that this creature long revered by the Hoopa people definitely inhabits the forested regions of Humboldt County in Northern California is so convincing that those people who doubt Bigfoot's existence will be forced to think again
