Encounters With Eternity:

Encounters with Eternity Tara Singh, 1999-05-01 **Spinoza-Machiavelli Encounter** Morfino Vittorio Morfino, 2018-11-14 Vittorio Morfino draws out the implications of the dynamic Spinoza Machiavelli encounter by focusing on the concepts of causality temporality and politics This allows him to think through the relationship between ontology and politics leading to an understanding of history as a complex and plural interweaving of different rhythms *Ethics and Time* Nimi Wariboko, 2010-10-14 Ethics and Time attempts to locate ethical thinking within the response to the questions raised by temporal orientation Time is the matrix and Moloch of social life and for the purpose of this book the starting point for ethical reflection Nimi Wariboko boldly attempts to reconceptualize temporal orientation and begin a new discussion of time and ethics using the creative synthesis of ethology political philosophy sociological and intercultural perspectives Most academic discourse contextualizes temporal orientation in terms of either times of origin and time preference Wariboko identifies a third option developing the theory and methodology that render it an object of ethical analysis and liberatory thought He suggests that temporal orientation is the production of new temporalities that allow humans to manifest their potentialities and creatively resist obstacles that impede their thriving Wariboko liberates the notion and habit of temporal orientation from excessive concern with conservatism and utilitarianism showing how ethicists can use the theory of temporal orientation to question all present temporal conditions in the name of freedom *A History of Medicine: Byzantine and Islamic medicine* Plinio Prioreschi, 1996 Close Encounters with God Dr. Reginald O. Crosley, 2014-07-09 Close Encounters with God presents a study of multiple close encounters with Yahweh the name of God in Hebrew Scripture These encounters enable us to have a clearer portrayal of the self revealed God one who is different from the conceptualized deity envisioned through such means as transcendental meditation vision quest or mystical rapture By rediscovering the true personality of the self revealed God we will be able to understand the great mysteries of the universe that have baffled mankind for millennia Why do the blameless suffer Why does evil persist in the world Why do the wicked prosper Must the chosen people suffer the destiny of martyrdom And why should Yahweh remain the hidden God **Killing Atheism** Kenneth L. Fredrickson, 2021-01-28 Are you struggling with your faith or trying to help others but cannot get around the problem of If there is a God why is he hidden Killing Atheism bypasses traditional apologetics and powerfully shows that God is not hidden It describes irrefutable secular evidence showing that the story of Christ must be true This is not an academic endeavor but a spiritual and evidentiary journey written for the layman with only a few digressions into the world of traditional apologetics We have been given free will to ignore reject or accept Jesus If your inclination is to ignore or reject you must deal with the points made in this book *Everyday Encounters with the Lord* Tony Elder, 2018-09-11 This inspiring daily devotional will challenge you to grow in your relationship with the Lord while allowing Him to transform you into the Christlike person He calls you to be Enhance your personal moments with God each day by being reminded of vital biblical truths which can be

found imbedded in our everyday experiences Hear God speaking through interactions with grandchildren nature the day s headlines holiday gatherings and all the other common occurrences in life Let these readings point you to further study in God s Word lead you to seeking God in prayer and guide you into greater service for His kingdom Here s an excerpt from one of those daily messages Last weekend when I first saw a news report about a missing husband and wife I thought it was an unfortunate and potentially tragic situation But when I realized I actually knew the couple that we had been fellow church members with this nice lady many years ago the story really hit home So I kept checking the news throughout the day to receive updates on the search for these missing persons Isn t that the way it often goes We may hear about certain people their situations and predicaments We may respond with some degree of slight interest to genuine concern But when it involves somebody we know our own family or ourselves it really gets our attention and has a bigger impact on us It reminds me of the time the prophet Nathan told King David about a man who had a great number of flocks and herds Once David realized this story was about him it deeply affected him leading to heartfelt confession and repentance Maybe there are some stories facts and truths in the Bible which we need to take more personally than we do The general statements may affect us to some degree but not as much as they should In many cases we need to realize it s talking about me and you When the Bible declares that God so loved the world that He sent His Son we should take it personally God loves you God cared enough about you to take such action You are the one When God s Word calls believers to love others and be holy He s talking to you When He commissions His followers to be His witnesses to be lights in a dark world and to share the gospel He is sending you You are the one If God s Word isn t moving us and affecting us very deeply maybe it s because we re looking at it as more of a textbook to be studied rather than as a personal letter to be received Read the Bible see yourself in its truths and seek to hear what God wants to say to you

Welcome to the Big Leagues Dan Hettinger, 2012-11-01 Your life matters not because of what you have done or what you possess Even when things go wrong or you make mistakes your life still matters It matters because God says it does There is a tendency for a man to measure his worth with the wrong measurement system to compare his life with others or not like his place on the team But when a man knows who he is in the eyes of God he experiences his significance Every event and relationship has unlimited potential He has made it to the Big Leagues Welcome to the Big Leagues Every Man s Journey to Significance The Darrel Chaney Story shows a utility player s struggle on one of the best baseball teams to ever take the field with ambushes setbacks minimum wage one year contracts and changes beyond his control But he makes his Top 10 list encounters the Eternal and realizes he has his place on the team and in history Through it all he discovered his God given significance and found it was not only the best way to play in the Big Leagues it was the way to live a Big League life Welcome to the Big Leagues tells the baseball story and at the same time it helps every man learn the same lessons He needs to make his Top 10 list encounter the Eternal and know his place on the team and in history Every man can experience his God given significance Many men are changed by the world but the man who knows his

significance that his life matters is a man who will change the world He is in the Big Leagues **Kierkegaard's Theology of Encounter** David James Lappano,2017 This study considers the social and political aspects of Kierkegaard s authorship building upon work over the last couple of decades Dr Lappano focuses on Kierkegaard s writing between 1846 and 1852 the period of Kierkegaard s more explicitly politicized writing Hedwig Conrad-Martius and Edith Stein: Philosophical Encounters and Divides Antonio Calcagno,Ronny Miron,2022-11-03 This book focuses on the unique philosophical relationship between Hedwig Conrad Martius and Edith Stein The two phenomenologists discussed and debated insights and ideas about the nature of the soul phenomenology personhood and individuality animal life nature being and God This book brings together for the first time leading international scholars of phenomenology to explore the philosophical exchange between both Conrad Martius and Stein This is an important book for understanding the development of the phenomenological movement and key phenomenological ideas and methods It provides a critical and comprehensive overview of the key issues that helped frame both phenomenologists philosophical trajectories Additionally the ideas of Conrad Martius and Stein are mined to address contemporary questions surrounding such topics as personal identity animal versus human personhood contemporary atheism and the relationship between religion and science The book will have great appeal to phenomenologists philosophers and historians of philosophy **The Liturgy of the Gospel** Wolfgang Vondey,2025-09-12 Vondey argues that theological hermeneutics in Pentecostal perspective is the interpretation of the world explicitly and specifically informed by the liturgy of the gospel This book identifies the corresponding hermeneutical questions that have dominated the formation of a liturgical Pentecostal horizon of interpretation since the twentieth century Pentecostals are acutely aware that the claim of their interpretive position shows not only a fusion of horizons but also a rejection of the dominant descriptive mechanisms How this tension in the history of Pentecostal theology is resolved and contributes to the emergence of Pentecostalism as a hermeneutical tradition is the subject of three critical inquiries 1 the question of truth in the Pentecostal tradition 2 the extension of the question of truth to hermeneutical experience and 3 the ontological shift of Pentecostal hermeneutics Vondey identifies how Pentecostal hermeneutics emerged not only thematically and historically but experientially and subjectively through the themes of the full gospel This book shows that rather than by the dominance of language the dynamic hermeneutical positioning in the narrative of this gospel originated and continues to be shaped liturgically **God and Nature** Curtis L. Thompson,Joyce M. Cuff,2012-03-29 Two scholars who embrace contemporary insights from science and religion give shape to a compelling account of God s relation to nature Encounter Shawn Bolz,2022-01-04 One of the greatest spiritual battles right now is over perspective the way you see possibilities limitations and what God is doing This book will help you encounter God in such a way that you are able to walk in His original design for you which is to not only commune with Him through conversation but to be aligned with His mind When you share His thoughts and perceptions you will be able to live the abundant supernatural super empowered life God

desires for you Humans are unique in that we were not just made in the image of God we reflect His very nature If we understood our spiritual neurological psychological and even physical connection to God we could bring solutions to every problem humanity faces and many would be practical even scientific solutions In this book Shawn Bolz shares a series of rich divine encounters that have defined his spiritual perspective so others can be released into new ways of thinking and experience an expansion of their spiritual intelligence To walk with God you need to know not only His heart but also His mind As believers we were designed to commune with God sharing not only conversation with Him but also His thoughts and perceptions to know His mind through His Spirit When Adam and Eve walked with God in the cool of the day they didn't always need the verbal communication that so limits humanity today They had inner communication from their connectedness This is the kind of connectedness Solomon Joseph Daniel Esther and the apostle Paul experienced and this is what God wants to restore to His people today This book will help readers gain a fresh vision of their faith so they can walk out their spirituality exactly as God intended and take their place in the coming move of God

Sufism in Late Mamlūk Cairo Sheridan Polinsky, 2025-08-04 This book examines the life and thought of Ibn Mughayzil fl 895 1490 a Sh dhil Sufi of late Maml k Cairo It offers a portrait of the Sufi as an aspiring Sh dhil master and talented author whose two known writings reflect major themes of Maml k era Sufism such as the desire to unite the exoteric sciences ilm al hir and the esoteric science ilm al b in or Sufism At the same time his works are distinguished by a number of features Most notable is his treatment of the waking vision of Prophet Mu ammad after death an experience that many Sufis claimed to have underwent The study suggests that Ibn Mughayzil was the first author to produce a systematic and comprehensive examination of the topic and argues that he makes an important contribution by defending its authenticity and orthodoxy Furthermore his engagement with other key issues of his time such as God's oneness and religious diversity reveal that while often driven by the aim of defending Sufis from accusations of error he was a creative synthesizer drawing from a wide range of Sufi and other sources to develop and demonstrate his positions Study of Ibn Mughayzil sheds light on the nature and quality of Maml k Sufi literature as well as the reception of earlier ideas such as those of Ibn Arab d 638 1240 and Ibn al F ri d 632 1235

Allison, 2022-07-26 Despite widespread skepticism on the matter a significant number of people today have stories of religious experience moments of inexplicable terror or rapturous joy visions near death experiences of the afterlife encounters with angels heavenly voices and premonitions How should rationally minded people respond What would your reaction be if someone told you that one night while sitting alone she saw through the window a brilliant light descend from the sky until it was so large that it filled the room and that it radiated a feeling of pure love And what would you say if a friend confided that one night he woke up and could not move felt he was being suffocated and sensed an evil spirit in the room By default in the secular age we are skeptical about anything mysterious or supernatural More likely than not most people would respond to the stories above with embarrassment and concern about the person's grasp of reality or they would attempt to explain them away through rational or scientific means But the truth is that religious experiences like these are not as uncommon as they seem although talking about such experiences often is This is the case even in a faith tradition such as Christianity despite the Bible's numerous accounts of miraculous and mysterious happenings In *Encountering Mystery* noted biblical scholar Dale Allison makes the argument that stories of religious experience are meaningful and not to be marginalized and that we have a moral

prerogative to lovingly engage with such stories regardless of whether we have had similar experiences Through a close look at phenomena such as moments of inexplicable terror or rapturous joy visions near death experiences of the afterlife encounters with angels heavenly voices and premonitions Allison shows how ordinary practices of faith need not be at odds with individual religious experiences Above all he enjoins us to be honest about the persistence of religious experience in a secular age and to make space for those who encounter mystery in their lives Encounter Between Eastern Orthodoxy and Radical Orthodoxy Christoph Schneider,2017-03-02 This book presents the first debate between the contemporary movement Radical Orthodoxy and Eastern Orthodox theologians Leading international scholars offer new insights and reflections on a wide range of contemporary issues from a specifically theological and philosophical perspective The ancient notion of divine Wisdom Sophia serves as a common point of reference in this encounter Both Radical and Eastern Orthodoxy agree that the transfiguration of the world through the Word is at the very centre of the Christian faith The book explores how this process of transformation can be envisaged with regard to epistemological ontological aesthetical ecclesiological and political questions Contributors to this volume include Rowan Williams John Milbank Antoine Arjakovsky Michael Northcott Nicholas Loudovikos Andrew Louth and Catherine Pickstock *Preaching in Judaism and Christianity* Alexander Deeg,Walter Homolka,Heinz-Günther Schöttler,2008 Main description It is a widespread idea that the roots of the Christian sermon can be found in the Jewish Derasha But the story of the interrelation of the two homiletical traditions Jewish and Christian from New Testament times to the present day is still untold This book offers the papers of the first international conference Bamberg Germany 6th to 8th March 2007 which brought together Jewish and Christian scholars to discuss Jewish and Christian homiletics in their historical development and relationship and to sketch out common homiletical projects
