The Letter from Rome to Corinth from the Era of Domitian Adolf Von Harnack, 2022-08-25 Das Schreiben der römischen Kirche an die korinthische aus der Zeit Domitians Harnack s farewell gift on 1 Clement to his students was

formative for several decades after its publication and remains an influential work even in contemporary discussions of this ancient letter Harnack contends that 1 Clement is the most important witness to early Christianity and that a close study of this work will equip the reader better to understand its later developments Now translated into English for the first time it is presented alongside four influential essays pertaining to 1 Clement that Harnack wrote throughout his career as well as a historical introduction and assessment of Harnack's work by Larry Welborn

Performance Criticism of the Pauline Letters Bernhard Oestreich, 2016-10-28 Receiving a letter from Paul was a major event in the early churches Given the orally oriented culture of the time a letter was designed to be read out loud in front of an audience The document was an intermediate state for the local transport of the message but the actual medium of communication was the performance event This event was embedded in the written text in a manner comparable to a theater script After careful preparation because of high expectations from ancient audiences a presenter embodied the message with his voice gazes and gestures and made it not only understood but jointly experienced After presenting a short history of performance criticism this book clarifies what is meant by the highly ambiguous term performance and develops steps to analyze ancient texts in order to find and understand the embedded signals of performance This leads to a critical assessment of the potential of performance criticism as a method Then the method is

applied to the Pauline Epistles and other early Christian letters It proves to be highly rewarding difficult passages become comprehensible new aspects come to light the text's impact on the audience is felt in short the texts come alive *Biblical Women in Patristic Reception / Biblische Frauen in patristischer Rezeption* Agnethe Siquans, 2017-09-11 Biblische Frauen spielen eine bedeutende Rolle in verschiedenen Genres patristischen Schrifttums und in rabbinischen Texten Etwa als Vorbilder für Frauen manchmal auch für Männer als Repräsentantinnen bestimmter Tugenden oder Laster als Autoritäten in Streitfragen als Ausgangspunkt für bestimmte Praktiken Die Bilder die die fast immer männlichen Autoren von den biblischen Frauen zeichnen spiegeln stets den zeitgenössischen sozialen kulturellen und religiösen Kontext wider besonders im Hinblick auf weit verbreitete antike Vorstellungen über Frauen und über das Verhältnis der Geschlechter zueinander Der Sammelband fragt nach der Präsenz und Sichtbarkeit bzw. Hebarkeit und nach dem Bild biblischer Frauen in den spätantiken Texten Er enthält Beiträge zu Rahab zur ägyptischen Frau des Salomo zur Geliebten des Hoheliedes zu Judit den vier Töchtern des Philippus und den Myrophoren der Evangelien die Salben zu Jesu Grab bringen und untersucht die Rezeption dieser biblischen Frauen in verschiedenen patristischen und rabbinischen Texten **Persuading Shipwrecked Men** Lyn M. Kidson, 2020-09-15 In this work Lyn M Kidson moves away from the traditional interpretation of 1 Timothy as a church manual and argues that the coordinating purpose of the letter is to command certain men and women not to teach an educational program that is being promoted by factional leaders Hymenaeus and Alexander *Justification in the Second Century* Brian J. Arnold, 2017-02-20 This book seeks to answer the following question how did the doctrine of justification fare one hundred years after Paul's death c AD 165 This book argues that Paul's view of justification by faith is present in the second century a thesis that particularly challenges T F Torrance's long held notion that the Apostolic Fathers abandoned this doctrine *The Doctrine of Grace in the Apostolic Fathers* 1948 In the wake of Torrance's work there has been a general consensus that the early fathers advocated works righteousness in opposition to Paul's belief that an individual is justified before God by faith alone but second century writings do not support this claim Each author examined Clement of Rome Ignatius of Antioch Epistle to Diognetus Odes of Solomon and Justin Martyr contends that faith is the only necessary prerequisite for justification even if they do indicate the importance of virtuous living This is the first major study on the doctrine of justification in the second century thus filling a large lacuna in scholarship With the copious amounts of research being conducted on justification it is alarming that no work has been done on how the first interpreters of Paul received one of his trademark doctrines It is assumed wrongly that the fathers were either uninterested in the doctrine or that they misunderstood the Apostle Neither of these is the case This book is timely in that it enters the fray of the justification debate from a neglected vantage point *The Reception of the New Testament in the Apostolic Fathers* Andrew Gregory, Christopher Tuckett, 2005-12-02 The two volume work *The New Testament and the Apostolic Fathers* offers a comparative study of two collections of early Christian texts the New Testament and the texts from immediately after the

New Testament period which are conventionally referred to as the Apostolic Fathers The first volume The Reception of the New Testament in the Apostolic Fathers presents a comprehensive and rigorous discussion of the extent to which the writings later included in the New Testament were known to and used by each of the Apostolic Fathers Contemporary research on the textual traditions of both collections is used to address the questions of textual transmission and reception

Assembling Early Christianity Cavan W. Concannon, 2017-09-07 The story of a forgotten early Christian bishop and his emergent network of churches along ancient Mediterranean trade routes The Remembered Peter Markus N. A.

Bockmuehl, 2010 Collection of texts partly published previously all rev and updated **Paul and the Citizen Body** Janelle Peters, 2025-02-17 In this study Janelle Peters argues Paul's construction of an individual body and communal body in 1 Corinthians serves as an alternative to Roman and Greek models of citizenship She situates the athletics and veiling of 1 Corinthians within ancient authority and citizenship which prioritized having control over one's body and head Contrary to scholarly assumptions that these citizenship indicators would have restricted the previous freedom of all women in order to present conformity with Roman norms the author contends that the elements of bodily control Paul imposes on the Christian body construct a new citizen body that appeals to Roman and Greek notions of prestige in order to transform the experience of the Christian both in the present world and in the heavenly politeuma Unlike civic honors within Roman and Greek secular polities this citizen body is accessible to all regardless of social status **Jude on the Attack** Alexandra

Robinson, 2017-12-14 Alexandra Robinson examines the letter of Jude in the light of repeated scholarly references to this source as an invective a polemic and an attack speech with a dependence on both Jewish and Greco Roman sources Moving beyond the Hellenism Judaism divide Robinson specifies what these elements are and how they relate to the harsh nature of the discourse This study shows how where and why Jude borrows from these contemporary genres with a detailed survey of Greco Roman invectives and Jewish judgement oracles comparing and contrasting them to the epistle of Jude with

consideration of structure aims themes and style Robinson argues that Jude has constructed a Jewish invective and that his epistle is a polemical text which takes the form structure aims and style of a typical Greco Roman invective but is filled with Jewish content themes and allusions drawing on Israel s heritage for the benefit of his primarily Jewish Christian audience

Schellenberg, Heidi Wendt, 2022-05-05 The T T Clark Handbook to the Historical Paul gathers leading voices on various aspects of Paul s biography into a thorough reconsideration of him as a historical figure The contributors show how recent trends in Pauline scholarship have invited new questions about a variety of topics including his social location his mode of subsistence his cultural formation his place within Judaism his religious experience and practice and his affinities with other religious actors of the Roman world Through careful attention to biographical detail social context and historical method it seeks to describe him as a contextually plausible social actor The volume is structured in three parts Part One introduces sources methods and historiographical approaches surveying the foundational texts for Paul and the early Pauline tradition Part Two examines key biographical questions pertaining to Paul s bodily comportment the material aspects of his career and his religious activities Part Three reconstructs the biographical portraits of Paul that emerge from the letters associated with him presenting a series of micro biographies pieced together by leading Pauline scholars

Paul's Political Strategy in 1 Corinthians 1-4 Bradley J. Bitner, 2015-06-25 This volume examines 1 Corinthians 1-4 within first century politics offering insight into Paul s pastoral strategy among nascent Gentile Jewish assemblies

The Christian Moses Phillip Rousseau, Janet A. Timbie, 2019-08-09 As it developed an increasingly distinctive character of its own during the first six centuries of the common era Christianity was constantly forced to reassess and adapt its relationship with the Jewish tradition The process involved a number of preoccupations and challenges the status of biblical and parabiblical texts several of them already debatable in Jewish eyes the nature and purposes of God patterns of prayer both personal and liturgical ritual practices ethical norms the acquisition and exercise of religious authority and the presentation of a religious face to the very different culture that surrounded and in many ways dominated both Christians and Jews The essays in this volume were developed within that broad field of inquiry and indeed make their contribution to it For among the many issues already mentioned there was also that of persons What was Christianity to do not just with Adam or Noah say but with Abraham David and Solomon the great prophetic figures of Jewish history and of course with Moses As we move chapter by chapter across the early Christian centuries we see Moses gradually changing in Christian eyes and at the hands of Christian exegetes and theologians until he becomes the philosopher par excellence the forerunner of Plato the archetype of the lawgiver the model shepherd of the people of God yet all on the basis of a scriptural record that Jews would still have been able to recognize Written by a range of established scholars younger and older many of them highly distinguished The Christian Moses will appeal to graduate and senior students to those rooted in a range of disciplines literary historical art historical as well in theology and exegesis and to everyone interested in Jewish Christian
