Encounters With Israeli Authors:

Close Encounters with Twenty Israeli Writers Eilat Negev, 2003 This collection of biographies is the first of its kind as Israeli literature is almost devoid of author biographies They are arranged chronologically and cover a hundred years of Israeli literature the change of style and subject matter hints at the demographical and historical transformations that have occurred during this span of time The profiles are based on interviews carried out with all the living writers or in the case of deceased ones with family members biographers and researchers In the early days of the State Jaffa oranges were the pride export of Israel and then came diamonds and nowadays it is books Israelis are going through dramatic turbulent events experiencing an existential social and religious crisis This intense life means that Israelis occupy several layers of existence which create many kinds of personal experiences that writers in other countries seldom experience Thus a reading of the writers profiles offers a different way of viewing Israel since each writer has taken a part in events outside his or her own personal scope All this becomes their subject matter and Israel writing provides a wide panorama not just of literature but also of Israeli life

Games of Inheritance Yitzhak Lewis, 2025-05-13 Games of Inheritance explores the thought of Argentine author and public intellectual Jorge Luis Borges 1899-1986 on questions of authorship and literary tradition The

book focuses on Borges's engagement with Jewish literary and intellectual traditions highlighting the role of this engagement in developing and expressing his views on these questions The book argues that the primary relevance of Borges's persistent reference to the Judaic is not for understanding his attitude toward Jews and Judaism but for understanding his position in contemporary Argentinian debates about nationalism and literature empire and postcolonialism and populism and aesthetics By broadening the frame of Borges and the Judaic this book shifts the scholarly focus to the poetic utility of Borges's engagement with Jewish literary and intellectual traditions This allows a better understanding of the nuance of his views on the issues that most animate his oeuvre authorship and writing literature and tradition *Reader's Guide to Judaism*

Michael Terry, 2013-12-02 The Reader's Guide to Judaism is a survey of English language translations of the most important primary texts in the Jewish tradition The field is assessed in some 470 essays discussing individuals Martin Buber Gluckel of Hameln literature Genesis Ladino Literature thought and beliefs Holiness Bioethics practice Dietary Laws Passover history Venice Baghdadi Jews of India and arts and material culture Synagogue Architecture Costume The emphasis is on Judaism rather than on Jewish studies more broadly **Jews and Arabs in Israel Encountering Their Identities** Maya

Kahanoff, 2016-04-13 Jews and Arabs in Israel Encountering their Identities reveals the powerful potential of inter group dialogues to transform identities and mutually negating relations Using meetings with Israeli Jewish and Palestinian Arabian students who attend the Hebrew University of Jerusalem as case studies Kahanoff examines the hidden psychological dimensions of the Israeli Palestinian conflict and illustrates how each participant's sense of identity shifted in response to encounters with conflicting perspectives Kahanoff contends that an awareness of the limitations of dialogue without the renunciation of its value is the most realistic basis upon which to build a sustainable agreement This book is recommended for scholars of psychology sociology religious studies political science and communication studies [Resource Guide](#),
[Update 1986](#), 1987 **Israel in Exile** Ranen Omer-Sherman, 2010-10-01 Israel in Exile is a bold exploration of how the

ancient desert of Exodus and Numbers as archetypal site of human liberation forms a template for modern political identities radical skepticism and questioning of official narratives of the nation that appear in the works of contemporary Israeli authors including David Grossman Shulamith Hareven and Amos Oz as well as diasporic writers such as Edmund Jab's and Simone Zelitch In contrast to other ethnic and national representations Jewish writers since antiquity have not constructed a neat antithesis between the desert and the city or nation rather the desert becomes a symbol against which the values of the city or nation can be tested measured and sometimes found wanting This book examines how the ethical tension between the clashing Mosaic and Davidic paradigms of the desert still reverberate in secular Jewish literature and produce fascinating literary rewards Omer Sherman ultimately argues that the ancient encounter with the desert acquires a renewed urgency in response to the crisis brought about by national identities and territorial conflicts *Voices of Israel* Joseph
