Encounters With Paradise Views Of Hawaii And Its People 17781941:

Representing the South Pacific Rod Edmond, 1997-11-20 This book examines how the South Pacific was represented by explorers missionaries travellers writers and artists between 1767 and 1914 by drawing on history literature art history and anthropology Edmond engages with colonial texts and postcolonial theory criticising both for their failure to acknowledge the historical specificity of colonial discourses and cultural encounters and for continuing to see indigenous cultures in essentially passive or reactive terms The book offers a detailed and grounded reading back of these colonial discourses into the metropolitan centres which gave rise to them while resisting the idea that all representations of other cultures are merely self representations Among its themes are the persistent myth making around the figure of Cook the western obsession with Polynesian sexuality tattooing cannibalism and leprosy and the Pacific as a theatre for adventure and as a setting for Europe's displaced fears of its own cultural extinction

Photographing Papua Max Quanchi, 2009-03-26 Photographing Papua is a study of photography in the public domain in the late nineteenth and early twentieth centuries It argues that southeastern New Guinea known as British New Guinea and then as Papua when it became an Australian colony was created as a geographical place through visual representation in illustrated magazines and newspapers lavishly illustrated travelogues and mission hagiography serial encyclopedia lantern slides and postcards Readers knew Papua because many thousands of black and white photographs of Papuans villages and material culture rapidly swamped the reading public once the process of halftone newsprint reproduction became possible In an innovative and breakthrough fashion Photographing Papua switches attention from a few well known prints in museums and archives in some cases repeatedly reproduced but mostly rarely seen outside of scientific and scholarly circles It deals instead with thousands of photographs often used in ways not intended when the photograph was taken but which editors and publishers and subsequent photographers gradually made conform to an iconographic imperative a sort of abbreviated visual gallery of natives and a quick access pathway to the actual and imagined lives of Papuans in the last Unknown as New Guinea was titled It is a study of representation colonialism cross cultural encounters and the early world of illustrated media and photo journalism

A History of the World in 100 Objects Neil MacGregor, 2011-10-27 An enthralling and profoundly humane book that every civilized person should read The Wall Street Journal The blockbuster New York Times bestseller and the companion volume to the wildly popular radio series When did people first start to wear jewelry or play music When were cows domesticated and why do we feed their milk to our children Where were the first cities and what made them succeed Who developed math or invented money The history of humanity is one of invention and innovation as we have continually created new things to use to admire or leave our mark on the world In this groundbreaking book Neil MacGregor turns to objects that previous civilizations have left behind to paint a portrait of mankind's evolution focusing on unexpected turning points Beginning with a chopping tool from the Olduvai Gorge in Africa and ending with a recent innovation that is

transforming the way we power our world he urges us to see history as a kaleidoscope shifting interconnected constantly surprising A landmark bestseller A History of the World in 100 Objects is one of the most unusual and engrossing history books to be published in years None could have imagined quite how the radio series would permeate the national consciousness Well over 12.5 million podcasts have been downloaded since the first programme and more than 550 museums around Britain have launched similar series featuring local history MacGregor's voice comes through as distinctively as it did on radio and his arguments about the interconnectedness of disparate societies through the ages are all the stronger for the detail afforded by extra space A book to savour and start over The Economist *Robert Louis Stevenson's Pacific Impressions* Carla Manfredi, 2018-11-11 This book tackles photography's role during Robert Louis Stevenson's travels throughout the Pacific Island region and is the first study of his family's previously unpublished photographs Cutting across disciplinary boundaries the book integrates photographs with letters non fiction and poetry and includes much unpublished material The original readings of photographs and non fiction highlight Stevenson's engagement with colonial ideology and reality and advance new arguments about Victorian travel settlement and colonialisms in the Pacific Like the Stevensons the book moves from the Marquesas to the atolls of the Gilbert Islands in Micronesia from the Kingdom of Hawaii's political ambitions to Samoan plantations and the Stevensons settlement at Vailima Central to this study is the notion that Pacific history and Pacific Island cultures matter to the interpretation of Stevenson's work and a rigorous historical and cultural contextualization ensures that local details structure literary and photographic interpretation The book's historical grounding is key to its insightful conclusions regarding travel settlement photography and colonialism [Lonely Planet Kauai](#) Lonely Planet, Adam Karlin, Greg Benchwick, Adam Skolnick, 2017-09-01 Lonely Planet The world's leading travel guide publisher Lonely Planet Kauai is your passport to the most relevant up to date advice on what to see and skip and what hidden discoveries await you Kayak through sea caves along the Na Pali Coast absorb the grand vistas of the Waimea Canyon or surf the breaks at beautiful Hanalei Bay all with your trusted travel companion Get to the heart of Kauai and begin your journey now Inside Lonely Planet Kauai Travel Guide Full color maps and images throughout Highlights and itineraries help you tailor your trip to your personal needs and interests Insider tips to save time and money and get around like a local avoiding crowds and trouble spots Essential info at your fingertips hours of operation phone numbers websites transit tips prices Honest reviews for all budgets eating sleeping sight seeing going out shopping hidden gems that most guidebooks miss Cultural insights give you a richer more rewarding travel experience learn about history art crafts hula music architecture politics landscapes wildlife cuisine customs Covers Lihue Kapa'a Hanalei Poipu Waimea Canyon and more eBook Features Best viewed on tablet devices and smartphones Downloadable PDF and offline maps prevent roaming and data charges Effortlessly navigate and jump between maps and reviews Add notes to personalise your guidebook experience Seamlessly flip between pages Bookmarks and speedy search capabilities get you to key pages in a flash Embedded links to

E. Ikemoto, 2017-07-06 *Antebellum American Pendant Paintings* New Ways of Looking marks the first sustained study of pendant paintings discrete

images designed as a pair It opens with a broad overview that anchors the form in the medieval diptych religious history and aesthetic theory and explores its cultural and historical resonance in the 19th century United States Three case studies examine how antebellum American artists used the pendant format in ways revelatory of their historical moment and the aesthetic and cultural developments in which they partook The case studies on John Quidor's Rip Van Winkle and His Companions at the Inn Door of Nicholas Vedder 1839 and The Return of Rip Van Winkle 1849 and Thomas Cole's Departure and Return 1837 shed new light on canonical antebellum American artists and their practices The chapter on Titian Ramsay Peale's Kilauea by Day and Kilauea by Night 1842 presents new material that pushes the geographical boundaries of American art studies toward the Pacific Rim The book contributes to American art history the study of a characteristic but as yet overlooked format and models for the discipline a new and productive framework of analysis focused on the fundamental yet complex way images work back and forth with one another *Mooring the Global Archive* Martin

Artistic Responses to Travel in the Western Tradition Sarah J. Lippert, 2018-04-17 In an era when ease of travel is greater than ever, it is also easy to overlook the degree to which voyages of the body and mind have generated an outpouring of artistry and creativity throughout the ages. Exploration of new lands and sensations is a fundamental human experience. This volume in turn provides a stimulating and adventurous exploration of the theme of travel from an art historical perspective. Topical regions are covered, ranging from the Grand Tour and colonialism to the travels of Hadrian in ancient times and Georgia O'Keeffe's journey to the Andes from Vasari's Neoplatonic voyages to photographing nineteenth-century Japan. The scholars assembled consider both imaginary travel as well as factual or embellished documentation of voyages. The essays are far-reaching spatially and temporally but all relate to how art has documented the theme of travel in varying media across time and as illustrated and described by writers, artists, and illustrators. The scope of this volume is far-reaching both chronologically and conceptually, thereby appropriately documenting the universality of the theme to human experience.

South Sea Maidens Michael Sturma, 2002-03-30 From the first European contact with Tahiti in 1767 the myth of the South Sea maiden has endured through many incarnations Although the maiden frequently provided an idealized antidote to Western women's self assertion the South Pacific also afforded a space where boundaries between the sexes could be relaxed and transgressed From James Cook and Captain Bligh to James Michener and Margaret Mead the Island girl has occupied a special place in the erotic imagination of the West In a sweeping study that embraces history literature visual arts

anthropology and film this study gives fresh insight into the myths and reality of a Western icon While women from far off lands have always been presented as exotic and alluring the South Sea maiden has come to symbolize feminine sexuality as an integral part of the adventure sensuality and romance of the South Pacific Everyone from early explorers to 19th century writers and artists to latter day anthropologists film makers and tourism promoters have extolled their virtues and their bodies Sturma looks behind the popular cliché to reveal how the myth making process reflected not only Western desires but the cut and thrust of changing sexual politics The result is an intriguing look at both South Sea image makers and the women whom they found so seductive
