Historical Dictionary of World War II Anne Sharp Wells, 2023-12-15 World War II was the largest and most costly conflict in history the first true global war Fought on land on sea and in the air it involved numerous countries and killed maimed or displaced millions of people both civilian and military around the world In spite of the alliances that bound many of the same participants the war was essentially two separate but simultaneous conflicts one involved Japan as the major antagonist and took place mostly in Asia and the Pacific and the other initiated by Germany and Italy was contested mainly in Europe North Africa the Mediterranean and the Atlantic This book focuses on the lesser known war the war with Japan It begins with Japan s seizure of Manchuria from China in 1931 and covers Japan s ambitious attacks on Pearl Harbor and other territories ten years later the use of atomic bombs on Japan s cities and the end of the Allied occupation of Japan in 1952 Although Japan renounced war in its 1947 constitution conflict continued across Asia as former colonies fought for independence and civil war engulfed other areas Historical Dictionary of World War II The War Against Japan Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on the military diplomatic political social economic and scientific aspects of the war in addition to the lives of the people who participated in and directed the war This book is an excellent resource for students researchers and

anyone wanting to know more about the war against Japan during World War II [The A to Z of World War II](#) Anne Sharp Wells, 2009-09-28 World War II dominates world history today as it dominated world attention over 60 years ago In spite of the alliances that bound many of the same participants the war was essentially two separate but simultaneous conflicts one involved Japan as the major antagonist and took place mostly in Asia and Pacific and the other initiated by Germany and Italy was contested mainly in Europe North Africa the Mediterranean and the Atlantic The A to Z of World War II The War Against Japan traces the brutal conflict from Japan's seizure of Chinese territory in 1931 through the onset of war with the Western Allies in 1941 to the use of atomic weapons by the United States in 1945 It also addresses the aftermath of the war including the formation of the United Nations and the American occupation of Japan As the first of two volumes covering World War II this volume concentrates on the war in Asia and the Pacific so the user benefits from the comprehensive explanations of the people places and events that shaped much of that region's 20th century history **World War II in Europe** David T. Zabecki, 2015-05-01 World War II defined the 20th century and shaped many events from the decolonization of Africa to the rise and fall of the Berlin Wall This encyclopedia offers a focused overview of this complex and volatile era the circumstances that led up to war the underlying causes its unfolding and consequences Organized for quick and precise access More than 1300 entries by 150 experts are arranged in six sections for easy reference and consultation All the key ideas events actions weapons individuals and organizations that played vital roles in the war are covered from the Axis Pact to the Arab League from the OSS to the Africa Korps from the Chetniks to the Jedburghs from the battle of Kursk to Operation Mincemeat from Bill Donovan to Otto Skorzeny from Gestapo to SMERSH from Georgi Zhukov to Jean Leclerc from the 88 gun to the Norden Bombsight Covers important neglected subjects The Encyclopedia puts special emphasis on the often neglected operations in Eastern Europe and Russia A key section inspects and rates all the major weapons with handy tables for easy comparison And in recognition of the first large scale participation of women in the war the volume thoroughly documents their individual and unit contributions to the Allied effort Finally the encyclopedia discusses battlefield realities that explain for example why the airborne drops at Normandy succeeded and the ones at Arnheim failed A bibliography glossary maps photographs and weapons and data tables enhance the coverage Also includes 16 maps **The Routledge Atlas of the Second World War** Martin Gilbert, 2013-04-03 In The Routledge Atlas of the Second World War Martin Gilbert graphically charts the war's political military economic and social history through 257 illuminating maps The atlas covers all the major events from the German invasion of Poland in September 1939 to the defeat of Japan in August 1945 Focusing on the human and inhuman aspects of the war The Routledge Atlas of the Second World War includes examination of military naval and air campaigns on all the war fronts the war on land at sea and in the air the economic and social aspects of the war the global nature of the war in armed combat and in suffering the impact of the war on civilians both under occupation and as deportees and refugees the aftermath of the war post war political and national boundaries war graves and the human cost of

the war on every continent This paperback edition includes several updates to existing maps as well as ten new maps specially drawn for this edition The new maps include examinations of Japanese American and African American soldiers serving with the United States Army British women special agents Belgium at War and the German occupation of the Channel Islands

World War II in Europe, Africa, and the Americas, with General Sources Loyd Lee, 1997-08-21 A broadly interdisciplinary work this handbook discusses the best and most enduring literature related to the major topics and themes of World War II Military historiography is treated in essays on the major theaters of military operations and the related themes of logistics and intelligence while political and diplomatic history is covered in chapters on international relations resistance movements and collaboration The volume analyzes themes of domestic history in essays on economic mobilization the home fronts and women in the military and civilian life The book also covers the Holocaust This handbook approaches each topic from a global viewpoint rather than focusing on individual national communities Except for nonprint material the literature research and sources surveyed are primarily those available in English The volume is aimed at both experts on the war and the general academic community and will also be useful to students and serious laymen interested in the war

The Library of Congress World War II Companion David M. Kennedy, 2007-10-02 An indispensable reference on World War II produced by the Library of Congress and edited by Pulitzer Prize winning historian David M Kennedy With hundreds of illustrations and quotations from contemporary documents this will be the most authoritative popular reference on World War II The noted historian John Keegan called World War II the largest single event in human history More than sixty years after it ended that war continues to shape our world Going far beyond accounts of the major battles The Library of Congress World War II Companion examines in a unique and engaging manner this devastating conflict its causes conduct and aftermath It considers the politics that shaped the involvement of the major combatants military leadership and the characteristics of major Allied and Axis armed services the weaponry that resulted in the war's unprecedented destruction as well as debates over the use of these weapons the roles of resistance groups and underground fighters war crimes daily life during wartime the uses of propaganda and much more Drawn from the unparalleled collections of the institution that has been called America's Memory The Library of Congress World War II Companion includes excerpts from contemporary letters journals pamphlets and other documents as well as first person accounts recorded by the Library of Congress Veterans History Project The text is complemented by more than 150 illustrations Organized into topical chapters such as The Media War War Crimes and the Holocaust and two chapters on Military Operations that cover the important battles the book also includes readers to navigate through the rich store of information in these pages Filled with facts and figures information about unusual aspects of the war and moving personal accounts this remarkable volume will be indispensable to anyone who wishes to understand the World War II era and its continuing reverberations

Second World War Lives James Goulty, 2012-10-24 The Second World War was a momentous event in twentieth century history and it is a fascinating

period for family historians to explore Numerous records are available to researchers whose relatives served in the war and James Goultys book is an accessible guide on how to locate and understand these sources and get the most out of them Using evidence gleaned from a range of sources archives official records books libraries oral history and the internet he reconstructs the wartime records of a revealing and representative group of ordinary men and women a signaler an infantryman a doctor an artillery officer a woman serving with anti aircraft units a commando a Royal Navy bomb disposal officer RAF fighter and bomber pilots and others He describes their wartime careers and experiences and demonstrates how they fitted into contemporary military organizations and operations He looks at their backgrounds their wartime training and duties their front line service and the conditions they endured In each case he shows how the research was conducted and explains how the lives of such individuals can be explored highlighting methods that can be used and sources that can be consulted James Goultys informative book will be essential reading and reference for anyone who wants to find out about the Second World War and is keen to understand the part an ancestor played in it *Encyclopedia of War and American Society* Peter Karsten,2006 Publisher description **Routledge Library Editions: World War II in Asia** Timothy Hall,John J. Sbrega,2021-03-11 The 4 volumes in this set originally published between 1980 and 1983 bring to light and focus on the conflict between Japan and Australia and Japan and the USA Timothy Hall s volumes richly illustrated with black white photographs used highly contentious documents as their sources and give fascinating insights into a period of Australian history which is sometimes less than glorious John J Sbrega s tour de force is not only one of the most extensive annotated bibliographies on the USA and Japan in World War 2 ever published but it also provides invaluable information on lesser known but no less important aspects of the conflict **World War II: the Encyclopedia of the War Years, 1941-1945** Norman Polmar,Thomas B. Allen,2012-08-15 This authoritative and comprehensive survey features over 2 400 entries Subjects range from battles soldiers and military activities to politics culture and the Holocaust Enlivened by 85 illustrations its panoramic perspective encompasses WWII s enduring influences on the American way of life A unique and valuable look at the war General James Doolittle [The War in North Africa, 1940-1943](#) Colin F. Baxter,1996-03-30 Few of the major campaigns of World War II aroused as much controversy as the War in North Africa 1940 1943 Figures such as Rommel Montgomery and Eisenhower would become world famous because of the fighting in North Africa This book opens with seven historiographical essays that evaluate and critically assess the major contributions to the literature on the War in North Africa It then includes an alphabetically arranged bibliography of the 504 entries cited in the essays The material is easily accessible with cross references between the text and the bibliography and a full index The volume includes chapters on the Desert War 1940 42 the Axis Powers in North Africa Montgomery Alam Halfa and El Alamein TORCH the Landings in French North Africa and the Tunisian Campaign Full attention is given to questions and issues historians have raised on such controversies as the Auchinleck Montgomery dispute the debate over Operation TORCH and the Darlan affair Emphasis is on

English language works but the most significant Italian German and French works are cited and assessed The book has been written for use in public college university and institutional libraries and to serve general readers and military historians

The War Against Japan, 1941-1945 John J. Sbrega, 2015-06-12 With over 5 200 entries this volume remains one of the most extensive annotated bibliographies on the USA's fight against Japan in the Second World War Including books articles and declassified documents up to the end of 1987 the book is organized into six categories Part 1 presents reference works including encyclopedias pictorial accounts military histories East Asian histories historiographies Part 2 covers diplomatic political aspects of the war against Japan Part 3 contains sources on the economic and legal aspects of the war against Japan Part 4 presents sources on the military aspects of the war embracing land air and sea forces Religious aspects of the war are covered in Part 5 and Part 6 deals with the social and cultural aspects including substantial sections on the treatment of Japanese minorities in the USA Hawaii Canada and Peru

Cushing's Coup Dirk Jan Barreveld, 2015-07-19 The little known story of one of the most important intelligence triumphs of World War II and a record of the heroism of a forgotten man Naval Historical Foundation This is the story of the capture of Japan's Plan Z the Empire's fully detailed strategy for prosecuting the last stages of the Pacific War It's a story of happenstance mayhem and intrigue that resulted directly in the spectacular US victory in the Philippine Sea and MacArthur's early return to Manila doubtless shortening WWII by months One night in April 1944 Adm Koga commander in chief of Japanese forces in the Pacific took off in a seaplane to establish new headquarters For security reasons he had his chief of staff Rear Adm Fukudome fly separately But both aircraft ran into a typhoon and were knocked out of the skies Koga did not survive Fukudome's plane crash landed into the sea off Cebu the Philippines and both the admiral and the precious war plans floated ashore Lt Col James M Cushing was an American mining engineer who happened to be in Cebu when war broke out in the Pacific He soon took charge of the local guerrillas and became a legendary leader But his most spectacular exploit came when he captured Fukudome and Plan Z The result was a ferocious cat and mouse game between Cushing's guerrillas and the Japanese occupation forces While Cushing desperately sent messages to MacArthur to say what he'd found the Japanese scoured the countryside killing hundreds of civilians in an attempt to retrieve it Cushing finally traded the admiral for a cessation of civilian deaths but secretly retained the Japanese war plans Naturally both Tokyo and Washington tried to cover up what was happening neither wanted the other to know what they'd lost or what they'd found Now in this book we finally learn of the intelligence coup by Lt Col Cushing that helped shorten the war Every once in a while there is a book about a forgotten or neglected aspect of World War II history that makes a reader wonder why this story has not been turned into a movie Cushing's Coup is one of those books Naval Historical Foundation

Proceedings of the Technology and the Mine Problem Symposium Albert M. Bottoms, Barbara Honegger, 1996

Encyclopedia of the Cold War Ruud van Dijk, William Glenn Gray, Svetlana Savranskaya, Jeremi Suri, Qiang Zhai, 2013-05-13 Between 1945 and 1991 tension between the USA its allies and a group of nations led by the

USSR dominated world politics This period was called the Cold War a conflict that stopped short of a full blown war Benefiting from the recent research of newly open archives the Encyclopedia of the Cold War discusses how this state of perpetual tensions arose developed and was resolved This work examines the military economic diplomatic and political evolution of the conflict as well as its impact on the different regions and cultures of the world Using a unique geopolitical approach that will present Russian perspectives and others the work covers all aspects of the Cold War from communism to nuclear escalation and from UFOs to red diaper babies highlighting its vast ranging and lasting impact on international relations as well as on daily life Although the work will focus on the 1945-1991 period it will explore the roots of the conflict starting with the formation of the Soviet state and its legacy to the present day *The Second World War* John D.

Cantwell, Great Britain. Public Record Office, 1993 The vast amount of World War II material to be found in the Public Record Office particularly among the records of the Cabinet Office the Foreign Office and the three Service Departments is analyzed The text describes the classes of the records and places them in their administrative context

Reference Guides Library of Congress. Humanities and Social Sciences Division, 1992 Allies in War: Britain and America against the Axis Powers, 1940-1945 Mark Stoler, 2022-10-24

Some historians are great because they write great books others because they write books that need to be written Mark A Stoler has done both *Allies in War* offers an accessible and gracefully written synthesis of the wealth of new and important scholarship addressing American and British grand strategy during World War II *Allies in War* presents a global overview of Anglo American cooperation against the Axis powers with a chronological account of the major diplomatic and military events It begins with a brief summary of World War I and the interwar years continues through the capitulation of Japan in September 1945 and concludes with a short discussion of the origins of the Cold War Stoler's story also covers the world war like a world war Each chapter covers major developments in every theater Stoler makes particular effort to recognize the critical role of the Soviet Union in winning World War II and its impact on Anglo American strategy *Allies in War* is a versatile work with a lot of uses Both students and professionals will find rewards This volume will be an excellent tool for teaching survey and elective history courses It will also aid in understanding the dynamics that attend coalition warfare *The Journal of American History* A decided tour de force Stoler provides an excellent and readable overview on a global scale of the interrelated wartime military strategic and diplomatic decisions and contributions of the United States and Great Britain Stoler's forte is elegantly concise syntheses of massive outpourings of scholarship in both military and diplomatic history and judicious balanced and stimulating assessments of often controversial issues Lucid balanced nuanced and acute giving equal space to the wars in both Europe and Asia Stoler's interpretive overview is a valuable and welcome addition to its field *The Journal of Military History* This is the work of a mature historian comfortably in command of his material using his considerable experience to construct a tightly controlled narrative that carries the reader forward with little effort on his or her part a sure sign of considerable effort on the part of the writer Stoler's book is much more than the

synthesis it might appear to be It is a masterly summary of existing scholarship but one enriched by his own knowledge of the archival and secondary material this book shines when it comes to grand strategy the reader wanting a potted and accurate evolution of Anglo American grand strategy will find all he or she will need here The International History Review Mark Stoler is supremely well qualified to undertake this volume Previous studies of Anglo American relations during the Second World War tend to focus on either the war in Europe or the war in the Pacific The originality of Stoler s approach is that he wants to cover both He seeks as well to incorporate the results of relatively recent publications on the Second World War The results are impressive Stoler s writing is a major strength of this book Stoler provides admirable surveys of the major historical controversies of the Anglo American war against the Axis powers such as the efficacy of the Allied strategic bombing campaign the utility of the Italian campaign and the continuing debate over the dropping of the atomic bombs on Hiroshima and Nagasaki Anyone who teaches courses on the history of the Second World War will find this volume a valuable resource The Journal of Modern History Allies in War is a solid survey of the war an effective synthesis of the most troublesome aspects of the special Britain US relationship Naval History Magazine An important new study by one of the leading scholars in the field David Reynolds University of Cambridge

Thank you very much for reading **Encyclopedia Of Codenames Of World War Two**. Maybe you have knowledge that, people have search hundreds times for their favorite books like this Encyclopedia Of Codenames Of World War Two, but end up in harmful downloads.
