Institutional Engineering and Hybrid Power-sharing in Divided Societies Krzysztof Trzciński,2024-08-12 Many societies are strongly divided especially in ethnic religious racial and ideological terms Such divisions are usually related to the existence of divergent interests that may lead to serious conflicts between groups and or between them and state authorities In order to limit them participation in decision making processes by members of different groups is needed However it is extremely difficult to establish and maintain effective power sharing arrangements This book examines the cases of Indonesia Nigeria Kenya and Burundi where hybrid models of power sharing have emerged combining specific elements of consociational and centripetal types It also explains the specificity life cycle and performance of different hybrid systems

Societies in Transition Martin Leiner,Maria Palme,Peggy Stoeckner,Benoît Bourguine,Francois Dermange,Dennis Doyle,Matthias Gockel,Makoto Mizutani,Arie

Nadler, David Tombs, 2014-07-16 The second volume of the trans disciplinary series Research in Peace and Reconciliation looks at ways of dealing with the past in Sub Saharan Africa in recent decades and highlights the variety of peaceful strategies and processes It asks to what extent this variety fosters the development of alternative methods for the transformation of violent conflict The contributions focus on different African countries and regions as Chad Nigeria Rwanda Uganda Namibia Zimbabwe and South Africa They take into account the influence of particular cultural contexts on processes of reconciliation In doing so they emphasize the importance of religions rites and tribal customs as well as the complex legacy of colonialism They also look at the presentation of the topic in Western media Many thanks go to the Ernst Abbe Foundation Jena for its generous support of the publication *The Purpose of Intervention* Martha Finnemore, 2013-01-14 Violence or the potential for violence is a fact of human existence Many societies including our own reward martial success or skill at arms The ways in which members of a particular society use force reveal a great deal about the nature of authority within the group and about its members priorities In *The Purpose of Intervention* Martha Finnemore uses one type of force military intervention as a window onto the shifting character of international society She examines the changes over the past 400 years about why countries intervene militarily as well as in the ways they have intervened It is not the fact of intervention that has altered she says but rather the reasons for and meaning behind intervention the conventional understanding of the purposes for which states can and should use force Finnemore looks at three types of intervention collecting debts addressing humanitarian crises and acting against states perceived as threats to international peace In all three she finds that what is now considered obvious was vigorously contested or even rejected by people in earlier periods for well articulated and logical reasons A broad historical perspective allows her to explicate long term trends the steady erosion of force s normative value in international politics the growing influence of equality norms in many aspects of global political life and the increasing importance of law in intervention practices **A Farewell to Wars** Hans Blix, 2023-11-23 Analyses different kinds of restraints military legal economic diplomatic to the interstate use of force **Brief History of Social Problems** Frank J. McVeigh, Loreen Therese Wolfer, 2004 In this book Frank McVeigh and Loreen Wolfer take an historical approach to examine the causes and conflicts behind ten major social problems that have existed for nearly 230 years Using a critical thinking perspective of the history sociology politics and economics of the period the authors analyze social problems as a series of conflicts between those with power and those who were at one time virtually powerless Embedded in this analysis is a discussion of how the shift from a Gemeinschaft to Gesellschaft society has influenced how we address these problems Using these themes McVeigh and Wolfer provide thought provoking insight into the ways individuals groups and social institutions change over time gaining or losing power The book contains a preface by Arthur Shostak Drexel University **A Liberian Life** D. Elwood Dunn, 2022-02-22 An account of the author s triple careers in academia and services to two distinct governments of Liberia William R Tolbert s and Ellen Johnson Sirleaf s consultant Situated between

the crisis years of the True Whig Party TWP regime and the hopeful years of the first post civil war government stands more than three decades of teaching research and public intellectual engagement More than an impressionistic account the author employs a rich repertoire of unpublished documents that include his personal cabinet notes and a wide range of government papers His personal research papers acquired from archival research and interviews over the years supplement these It is this rich background material that enables the telling of a fascinating story of the tensions within the TWP regime on the eve of the bloody 1980 coup and in the process paints enlightening portraits of such key players as Tolbert and his finance minister Ellen Johnson Sirleaf among a host of others Included as well are some specifics of the 1979 rice riots and its impact on the politics of change Discoveries are also unearthed about the author's role in racially integrating and internationalizing an American Episcopal Anglican University in rural Tennessee Among the questions explained are Who was President Tolbert What sort of finance minister to Tolbert was Ellen Johnson Sirleaf Who was C Cecil Dennis Who was Jackson Fiah Doe Who was Bacchus Matthews How did the forces for change interact with those of the status quo in the 1970s What were some of the forces at play in the reform attempts in the early 2000s All things considered what are Liberia's prospects going forward

The Craft of International History Marc Trachtenberg, 2009-02-09 This is a practical guide to the historical study of international politics The focus is on the nuts and bolts of historical research that is on how to use original sources analyze and interpret historical works and actually write a work of history Two appendixes provide sources sure to be indispensable for anyone doing research in this area The book does not simply lay down precepts It presents examples drawn from the author's more than forty years experience as a working historian One important chapter dealing with America's road to war in 1941 shows in unprecedented detail how an interpretation of a major historical issue can be developed The aim throughout is to throw open the doors of the workshop so that young scholars both historians and political scientists can see the sort of thought processes the historian goes through before he or she puts anything on paper Filled with valuable examples this is a book anyone serious about conducting historical research will want to have on the bookshelf *Transforming Violent Political Movements* Kevin E. Grisham, 2014-03-21 This book explores the factors that influence violent rebellious political organisations to transform into other entities such as political parties criminal organisations and terrorist organisations From the end of the Second World War until 1990 many events in the world centred on the bipolar struggle between the United States and the USSR Although there were numerous civil wars occurring during the Cold War era many of these conflicts went virtually unnoticed unless they were linked to the Cold War struggle for ideological dominance In the aftermath of the fall of the Soviet Union the number of intra state conflicts was prevalent around the globe Along with the occurrence of civil wars a variety of violent political movements also developed Examining cases from Latin America Africa Europe and Asia this book addresses how violent political movements transform during and after conflict into new types of organisations using the collective political violence transformative CPVT model The study uses a combination of pre-existing literature from the fields

of sociology and political science archival research and interviews with movement members former and active conducted by the author In studying the Provisional IRA and Sinn F in the Spear of the Nation MK and the African National Congress ANC the Abu Sayyaf Group and the Revolutionary Armed Forces of Colombia FARC EP Transforming Violent Political Movements paints a picture of organisations that have to respond to their environments to survive This book will be of much interest to students of political violence terrorism war and conflict studies security studies and IR

The Myth of Mao Zedong and Modern Insurgency Francis Grice, 2018-05-22 Tackling one of the most prevalent myths about insurgencies this book examines and rebuts the popular belief that Mao Zedong created a fundamentally new form of warfare that transformed the nature of modern insurgency The labeling of an insurgent enemy as using Maoist Warfare has been a common phenomenon since Mao's victory over the Guomindang in 1949 from Malaya and Vietnam during the Cold War to Afghanistan and Syria today Yet this practice is heavily flawed This book argues that Mao did not invent a new breed of insurgency failed to produce a coherent vision of how insurgencies should be fought and was not influential in his impact upon subsequent insurgencies Consequently Mao's writings cannot be used to generate meaningful insights for understanding those insurgencies that came after him This means that scholars and policymakers should stop using Mao as a tool for understanding insurgencies and as a straw man against whom to target counterinsurgency strategies
