The Baptist Encyclopedia - Vol. 3 William Cathcart, 2001-04

Encyclopedia Of Freemasonry And Its Kindred Sciences, Volume 3: M-R Albert G. Mackey, Dr Albert G Mackey appears as author of this Encyclopedia of Freemasonry and its Kindred Sciences which being a library in itself superseded most of the Masonic works which have been tolerated by the craft chiefly because none better could be obtained. Here is a work which fulfils the hope which sustained the author through ten years literary labor that under one cover he would furnish every Mason who might consult its pages the means of acquiring a knowledge of all matters connected with the science, the philosophy and the history of his order. Up to the present time the modern literature of Freemasonry has been diffuse, lumbering, unreliable and out of all reasonable proportions. There is in Mackey's Encyclopaedia of Masonry well digested, well arranged and confined within reasonable limits all that a Mason can desire to find in a book exclusively devoted to the history, the arts, science and literature of Masonry. This is volume three out of four and covering the letters M to R.

[The Cambridge Translations of Medieval Philosophical Texts: Volume 3, Mind and Knowledge](#) Robert Pasnau, 2002-03-18 This volume contains English translations of texts on mind and knowledge at the centre of medieval philosophy.

[World Religions and Cults Volume 3](#) Bodie Hodge, Roger Patterson, 2016-11-30 This final book in the series focuses on the atheistic or humanistic type of religions. It would be one of the most valuable for the church in the Western World where anti-god and pro-evolution religions are beginning to explode for it was written to refute those religions and show how they fail. Unlike most books on world religions, this title dives into the secular humanistic religions. The book starts with God's Word as the absolute authority. In doing so, God becomes our guide to refute false religions. Humanistic religions are all around us and we need to be able to spot their tenets and oppose them instead of allowing them to subtly infiltrate our Christianity and undermine us from within. We need to know how to refute these humanistic religions. We need to know how to effectively present the gospel to people who have been deceived by humanistic religions.
