**Art and Drama on a Late Medieval Rood Screen** Michael Calder, 2024-12-02 With little scholarly attention having been given to the late medieval iconography that features on rood screens in the southwest of England the significance of the figures painted at Berry Pomeroy has long been underappreciated The unlocking of their meaning by the author has led to the discovery of a unique iconographic program The gestures adopted by many of these figures belong to a common visual culture in the art and drama of the medieval church The iconography which reflects a Gothic Mannerist style of the early sixteenth century displays a marked theatricality giving expression to the mysteries of the faith in the form of a drama The narrative recorded has notable similarities to that found in a dramatic trilogy which was once performed in Cornwall called the Ordinalia This book makes an important contribution to scholarship in the genre of mysticism in art and to our understanding of popular devotional practices on the eve of the Reformation

*Butler's Lives of the Saints: February* Alban Butler, Paul Burns, 1998-01-01 For more than two centuries Butler's has been one of the best known most widely consulted hagiographies In its brief and authoritative entries readers

can find a wealth of knowledge on the lives and deeds of the saints as well as their ecclesiastical and historical importance since canonization Anne's Bohemia Alfred Thomas,1998 Ten chapters examine aspects of medieval Czech literature with particular emphasis on women readers and subjects and the influence of the church Individual manuscripts examined include The Dalimil Chronicle The Ointment Seller The Legend of Saint Procopius The Life of St Catherine The New Council and The Weaver The Wycliffite Woman and The Dispute between Prague and Kutn Hora Butler's Lives of the Saints Alban Butler,Paul Burns,1995-01-01 For more than two centuries Butler's has been one of the best known most widely consulted hagiographies In its brief and authoritative entries readers can find a wealth of knowledge on the lives and deeds of the saints as well as their ecclesiastical and historical importance since canonization The York Mystery Cycle and the Worship of the City Pamela M. King,2006 An investigation into the connections between the York Plays religious observance and the role played by the city itself WINNER of the 2007 David Bevington Prize The York Play is the earliest near complete English civic mystery cycle It evolved constantly throughout its long performance history but the text that was recorded in the YorkRegister shows that it was already a mature and elaborate civic festival by the time it was written down This study uncovers the Cycle's connection with worship in York in the sense both of devotional practice and of civic honour informing a particular period in the cultural history of the city The pageants in the Register show in their different ways how the community which devised and performed the Cycle regarded the celebration of the great summer feast of Corpus Christi Moreover the principles of selection that give the Cycle its structure reflect the broader pattern of the liturgical calendar with its other feasts and fasts The Cycle bears witness not only to the practices of religious observance in York but also to the ecclesiastical politics in which the city was caught up from the very beginning of the fifteenth century PAMELA KING is Professor of Medieval Studies at the University of Bristol *Butler's Lives of the Saints: April* Alban Butler,Paul Burns,1999-01-01 For more than two centuries Butler's has been one of the best known most widely consulted hagiographies In its brief and authoritative entries readers can find a wealth of knowledge on the lives and deeds of the saints as well as their ecclesiastical and historical importance since canonization *Sacramental Theology and the Decoration of Baptismal Fonts* Frances Alvater,2017-06-23 Baptismal fonts were necessary to the liturgical life of the medieval Christian Baptism marked the entrance of the faithful into the right relation with the Catholic Church representing the main cultural institution of medieval society In the period between ca 1050 and ca 1220 the decoration of the font often had an important function to underscore the theology of baptism in the context of the sacraments of the Catholic Church This period witnessed a surge of concern about sacraments Just as religious thinkers attempted to delineate the sacraments and define their function in sermons and Sentence collections sculptural programs visualized the teaching of orthodox ideas for the lay audience This book looks at three areas of primary concern around baptism as a sacrament incarnation initiation and the practice of baptism within the institution of the Church and the images that embody that religious discussion Baptismal fonts have been

recognized as part of the stylistic production of the Romanesque period and their iconography has been generally explored as moral and didactic Here the message of these fonts is set within a very specific history of medieval Catholic sacramental theology connecting erudite thinkers and lay users through their decoration and use      *A Corrupt Tree: An Encyclopaedia of Crimes committed by the Church of Rome against Humanity and the Human Spirit* A.S.,2014-01-13 *A Corrupt Tree* is a unique extensively researched four volume expos of the dark side of the Church of Rome It reveals that for nearly two thousand years the Church s fundamental characteristic has been its self serving abuse of religio corporate power A large proportion of this first volume provides a detailed catalogue of the multitude of unholy popes Included are those who were immature capricious corrupt lascivious fanatical senile truly mad megalomaniac tyrannical murderous and wholesale killers It confirms that for many many centuries the popes were corrupt cruel inhumane and despotic In an age of savagery they were the leaders in barbarity in the subsequent age of enlightenment they have persistently resisted the march of progress Additionally the popes were wholesale killers who made the principle of assassination a law of the Christian Church Accordingly the Church has shed more innocent blood than any other institution that has ever existed among mankind Here also are presented the cupidity corruption and sexual misconducts of lesser ecclesiastics including cardinals bishops priests monks and nuns Pope Honorius III for example described his priests as worse than beasts wallowing in their dung The Church s ruthless stranglehold on knowledge and learning is catalogued in detail Mathematics philosophy and science were repressed Selected applied theology ruled the world Everything was explained but nothing was understood The chapters on censorship reveal that even works of considerable literary or philosophical merit did not escape A large number of writings which eventually became classics of European culture were condemned and prohibited The Church also exhibited a vitriolic hatred of those who translated the Bible into the vernacular Many of these men were annihilated Holy books were burned in large numbers particularly the Jewish Talmud It is clearly demonstrated that the Church held back civilisation for over fifteen hundred years Century after century passed away and left the peasantry but little better than the cattle in the fields Finally the unholy behaviours of the numerous popes cardinals and lesser ecclesiastics are shown to establish unequivocally that the Church of Rome is neither holy nor apostolic The ultimate message of these volumes is that to become an exemplary institution and to play a truly humane role in the world s future the Catholic Church must change      **Larousse**
