Ward, 2008 The Grove Encyclopedia of Materials and Techniques deals with all aspects of materials techniques conservation and restoration in both traditional and nontraditional media including ceramics sculpture metalwork painting works on paper textiles video digital art and more Drawing upon the expansive scholarship in The Dictionary of Art and adding new entries this work is a comprehensive reference resource for artists art dealers collectors curators conservators students researchers and scholars Similar in design to The Grove Encyclopedia of Decorative Arts this one volume reference work contains articles of various lengths in alphabetical order The shorter more factual articles are combined with larger multi section articles tracing the development of materials and techniques in various geographical locations The Encyclopedia provides unparalleled scope and depth and it offers fully updated articles and bibliography as well as over 150 illustrations and color plates The Grove Encyclopedia of Materials and Techniques offers scholarly information on materials and techniques in art for anyone who studies creates collects or deals in works of art The entries are written to be accessible to a wide range of readers and the work is designed as a reliable and convenient resource covering this essential area in the visual arts

**Encyclopaedia of Oil Painting** Frederick Palmer, 1984

*Painting Materials* R. J. Gettens, G. L. Stout, 2012-09-26 The combined training and experience of the authors of this classic in the varied activities of painting conservation cultural research chemistry physics and paint technology ideally suited them to the task they attempted Their book written when they were both affiliated with the Department of Conservation at Harvard's Fogg Art Museum is not a handbook of instruction It is instead an encyclopedic collection of specialized data on every aspect of painting and painting research The book is divided into five sections Mediums Adhesives and Film Substances amber beeswax casein cellulose nitrate dragon's blood egg tempera paraffin lacquer gum Arabic Strasbourg turpentine water glass etc Pigments and Inert Materials over 100 entries from alizarin to zinnobor green Solvents Diluents and Detergents acetone ammonia carbon tetrachloride soap water etc Supports academy board dozens of different woods esparto grass gesso glass leather plaster silk vellum etc and Tools and Equipment Coverage within each section is exhaustive Thirteen pages are devoted to items related to linseed oil eleven to the history and physical and chemical properties of pigments two to artificial ultramarine blue eleven to wood and so on with hundreds of entries Much of the information physical behavior earliest known use chemical composition history of synthesis refractive index etc is difficult to find elsewhere The rest was drawn from such a wide range of fields and from such a long span of time that the book was

immediately hailed as the best organized most accessible work of its kind That reputation hasn't changed The author's new preface lists some recent discoveries regarding pigments and other materials and the pigment composition chart has been revised but the text remains essentially unchanged It is still invaluable not only for museum curators and conservators for whom it was designed but for painters themselves and for teachers and students as well      **Oil Painting Techniques and Materials** Harold Speed, 2012-04-24 Stimulating informative guide by noted teacher covers painting technique painting from life materials paints varnishes oils and mediums grounds etc a painter's training more 64 photos 5 line drawings
