Live by the Sword Gus Russo,1998-11-25 Humiliated at the Bay of Pigs John and Robert Kennedy sought desperately to eliminate Castro Their strategies for overthrowing the Cuban leader were so elaborate and bizarre they could only engender paranoia Castro openly threatened to retaliate Pro Castro agitator Lee Harvey Oswald learned that Robert Kennedy was personally supervising groups plotting against the Cuban leader Filled with rage and a sense of destiny Oswald went to the Cuban embassy in Mexico announcing he would kill America s president in exchange for sanctuary in Havana Live By the Sword forces the conclusion that members of the Cuban regime accepted the troubled American s offer Russo shows that Oswald was indeed JFK s lone assailant but that after the president s murder a devastated Robert Kennedy and key officials launched a comprehensive coverup to hide its true causes Gus Russo based in Baltimore Maryland has reported for acclaimed ABC and PBS documentaries on JFK and done research for authors Gerald Posner Seymour Hersh and Anthony Summers Exhaustively researched Live by the Sword ends 35 years of public mistrust and confusion over the Kennedy assassination On-line English 4' 2005 Ed. , *Advances in Parasitology* ,1976-01-20 Advances in Parasitology **A**

Zeleny,2005-09-01 Human Systems Management is an important work that integrates knowledge management and systems into a unified world of thinking and action in business decision making and economics It presents a modern synthesis of the fields of knowledge management systems science and human organization A biological rather than mechanistic perspective pervades the text New and original ideas and approaches are presented with the simplicity and clarity typical of the well known author *Annals of Theoretical Psychology* Joseph R. Royce,Leendert Mos,1984-11-30 As such things happen several

manuscripts in the present volume were under review prior to the ones that appeared in Volume I of the Annals A major difficulty encountered in the preparation of these volumes apart from working up to three years in advance of publication is eliciting appropriate commentary If this format is to succeed the commentary must be both engaging to the reader and satisfying to the author It is not yet clear how successful we have been in this regard and indeed we do not feel bound to publish commentary with each manuscript that is accepted for publication Nevertheless we do invite readers commentaries on published materials The contributions by Jan Smedslund and Benjamin Wolman in this volume have been through an inordinately long publication lag We have been in receipt of both manuscripts since early in 1981 and Dr Smedslund especially has since clarified and advanced his views elsewhere in print K B Madsen and Joseph Rychlak submitted their manuscripts in the fall of 1981 while Michael Hyland and J Philippe Rushton had first drafts of their manuscripts accepted for publication in the fall of 1982 We are grateful to our contributors for their expressed commitment to the Annals and assure potential contributors that the delay in publication is a mere matter of getting the series off the ground **Good**

Laehn, 2013-07-18 Despite perennial interest in Pliny the Elder's Natural History the world's first encyclopedia as a record of the prodigious the quotidian and the useful in Rome in the first century AD for centuries Pliny has been derided as little more than an inept compiler of facts and marvels intellectually incapable of formulating a cogent argument supported

through the selective marshaling of his materials In Pliny s Defense of Empire Laehn offers a radical reinterpretation of the architecture of Pliny s encyclopedia exposing fundamental errors in the inherited understanding of the text traceable to its initial reception in ancient Rome Recognition of the text s true structure reveals that Pliny s encyclopedia is in fact a first rate work of political philosophy constituting an apology for Roman imperial expansionism grounded in a sophisticated account of human nature Correcting the accreted errors and prejudices of nearly 2 000 years of faulty Plinian scholarship Laehn critically examines one of the most persuasive apologies for the Roman Empire ever written and succeeds in rehabilitating the Elder Pliny as one of the world s greatest political thinkers An excellent resource and a must read for scholars in political theory philosophy and classical studies
