## **Encyclopedia Of Apocalyptic Literature:**

Encyclopedia of Apocalyptic Literature Valerie P. Zimbaro, 1996 This text which is by no means inclusive of all of the world's apocalyptic writings is intended both as an introduction to this timely literary genre as well as a tribute to the world's major authors whose prose and poetry reflect their respective hopes, dreams and fears for the world's last days. Although the book is intended to address apocalyptic literature across cultures, there is a significant dearth of material related to works by writers from Eastern cultures. This omission is an obvious one inasmuch as the concept of an apocalypse or a singular cataclysmic ending is essentially antithetical to most cyclical Eastern philosophies. In an attempt to analyze such apocalyptic themes of either non-Western primitive or pre-literate cultures, a list of entries pertaining to significant apocalyptic myths, legends and scriptures has been provided in appendix D.

**The Encyclopedia of Apocalypticism: The origins of apocalypticism in Judaism and Christianity** John Joseph Collins, Bernard McGinn, Stephen J. Stein, 1998 **End of Days** Wendell G. Johnson, 2017-07-14 Covering religious traditions ranging from Buddhism to Christianity to Zoroastrianism and modern apocalyptic movements such as Arun Shinrikyo and the Branch Davidians, this book addresses prophesied end of days from a breadth of perspectives and includes material on often neglected themes and genres. **End of Days: An Encyclopedia of the Apocalypse in World Religions** describes apocalyptic writings in the world's major religious traditions including Judaism, Christianity, Islam, Hinduism and Buddhism. The cross-referenced entries address ancient traditions, Zoroastrianism as one example as well as modern apocalyptic movements such as Arun Shinrikyo, the Branch Davidians and the Order of the Solar Temple. This book's broad scope offers coverage of overlooked traditions such as Mayan Apocalyptic, Norse Apocalyptic, Native American eschatological literatures and the Tibetan Book of the Dead. Readers seeking detailed information on the eschatological and apocalyptic movements and proponents of End Times can reference entries about individuals such as Harold Camping, Jerry Falwell, David Koresh of the Branch Davidians and James Jones and the People's Temple. This single volume encyclopedia also contains numerous historical entries on subjects such as the Great Disappointment, the Great Awakening, periods of religious revival, Joachim of Flora, the Maccabean Revolt and the Plymouth Brethren. The influence of apocalyptic ideas far outside the realm of religion itself is documented through entries on film, including well-known modern movies such as *The Hunger Games* and *Apocalypse Now*, literature by writers such as Dante and works of fine art like Wagner's *Götterdämmerung*. The inclusion of entries related to literature, film and other art forms further attests to the wide-ranging social influence of belief in the end of days.

**The Continuum History of Apocalypticism** Bernard McGinn, John J. Collins, Stephen Stein, 2003-10-01 Apocalypticism has been the source of hope and courage for the oppressed but has also given rise to many

occasions to fanaticism and intolerance The essays in this volume seek neither to apologize for the extravagance of apocalyptic thinkers nor to excuse the perverse actions of some of their followers Rather they strive to understand a powerful perhaps even indispensable element in the history of Western religions that has been the source of both good and evil and still is yet today The Editors The Continuum History of Apocalypticism is a 1 volume select edition of the 3 vol Encyclopedia of Apocalypticism first published in 1998 The main historical surveys that provided the spine of the Encyclopedia have been retained while essays of a thematic nature and a few whose subject matter is not central to the historical development have been omitted The work begins with 8 articles on The Origins of Apocalypticism in the Ancient World extending from ancient Near Eastern myth through the Old Testament to the Dead Sea Scrolls Jesus Paul and the Book of Revelation Next are 7 articles on Apocalyptic Traditions from Late Antiquity to ca 1800 C E including early Christian theology radical movements in the Middle Ages and both Jewish and Islamic apocalypticism in the classic period The final section Apocalypticism in the Modern Age includes 10 articles on apocalypticism in the Americas in Western and Eastern Europe and finally in modern Judaism and modern Islam

**The Encyclopedia Americana** ,1918    *The Oxford Handbook of Apocalyptic Literature* John J. Collins,2014-03-17 Apocalypticism arose in ancient Judaism in the last centuries BCE and played a crucial role in the rise of Christianity It is not only of historical interest there has been a growing awareness especially since the 2001 terrorist attacks on the United States of the prevalence of apocalyptic beliefs in the contemporary world To understand these beliefs it is necessary to appreciate their complex roots in the ancient world and the multi faceted character of the phenomenon of apocalypticism The Oxford Handbook of Apocalyptic Literature is a thematic and phenomenological exploration of apocalypticism in the Judaic and Christian traditions Most of the volume is devoted to the apocalyptic literature of antiquity Essays explore the relationship between apocalypticism and prophecy wisdom and mysticism the social function of apocalypticism and its role as resistance literature apocalyptic rhetoric from both historical and postmodern perspectives and apocalyptic theology focusing on phenomena of determinism and dualism and exploring apocalyptic theology s role in ancient Judaism early Christianity and Gnosticism The final chapters of the volume are devoted to the appropriation of apocalypticism in the modern world reviewing the role of apocalypticism in contemporary Judaism and Christianity and more broadly in popular culture addressing the increasingly studied relation between apocalypticism and violence and discussing the relationship between apocalypticism and trauma which speaks to the underlying causes of the popularity of apocalyptic beliefs This volume will further the understanding of a vital religious phenomenon too often dismissed as alien and irrational by secular western society

**Secularism and the Pursuit of Transcendence, Volume II** Stanley E. Porter, Wendy J. Porter, 2025-02-19 We live in a secular age or so we have been told Nevertheless the Christian church strongly believes that we still experience and in fact are surrounded by acts of transcendence encounters with God that often defy imagination and explanation And yet we do try to explain such phenomena whether theologically experientially biblically historically philosophically literarily or even or

especially artistically These two volumes are more than just papers from a major conference on secularism and the pursuit of transcendence held at McMaster Divinity College in Hamilton Ontario They contain genuine attempts by people deeply engaged with their secular surroundings to explain what we mean by transcendence Transcendence has been a longstanding topic among the best thinkers of this and previous ages and the same is true for these volumes which include contributions by Charles Taylor Robert Wuthnow Merold Westphal and Christina Gschwandtner but also by a wide range of others who address the question from divergent vantage points The responses vary as much as the orientations of those involved in the pursuit of defining not only what it means to live in our secular age but to be involved in the pursuit of transcendence or even to perceive the Transcendent's pursuit of us

Walford's Guide to Reference Material: Generalia, language and literature, the arts Albert John Walford, Marilyn Mullay, Priscilla Schlicke, Library Association, 1996 From its first edition the purpose of Walford has been to identify and evaluate the widest possible range of reference materials No rigid definition of reference is applied In addition to the expected bibliographies indexes dictionaries encyclopaedias and directories a number of important textbooks and manuals of general practice are included While the majority of the items are books Walford is a guide to reference material Thus periodical articles microforms online and CD ROM sources are all represented In this volume a particular effort has been made to improve coverage of the latter two categories

*The Messages of the Apocalyptic Writers* Frank Chamberlin Porter, 1905

**Jewish Apocalypticism in Late First Century Israel** Matthias Henze, 2011 The Syriac Apocalypse of Baruch or Second Baruch is a Jewish work of the late first century C E written in Israel in the aftermath of the Jewish War against Rome It is part of a larger body of post 70 C E Jewish literature The authors of these works had a difficult charge They needed to re imagine Judaism and its central symbols take count of a thriving Diaspora and articulate how Jewish life was to be lived from then on without the benefit of a temple Written at a time of religious reconstruction and mental reorientation Second Baruch occupies a unique place in the history of early Jewish thought In this highly original work the author of Second Baruch developed an apocalyptic program that was intended for post 70 C E Judaism at large and not for a small dissident community only The program incorporates various theological strands chief among them the

Deuteronomic promise of a prosperous and long life for those keeping the Torah and the apocalyptic promise of a new heaven and a new earth In this book Matthias Henze offers a close reading of some of the central passages in Second Baruch exposes its main themes explains the apocalyptic program it advocates draws some parallels with other texts Jewish and Christian and locates Second Baruch s intellectual place in the rugged terrain of post 70 C E Jewish literature and thought For modern readers interested in Judaism of the late Second Temple period in the Jewish world from which early Christianity emerged and in the origins of rabbinic Judaism Second Baruch is an invaluable source
