**Globalization as Evolutionary Process** George Modelski, Tessaleno Devezas, William R. Thompson, 2007-12-20 The term globalization has gained widespread popularity yet most treatments are either descriptive and or focused on changes in economic interconnectivity In this volume the concept is seen in broader terms as leading international experts from a range of disciplines develop a long term analysis to address the problems of globalization The editors and contributors develop a framework for understanding the origins and trajectory of contemporary world trends constructing testable and verifiable models of globalization They demonstrate how the evolutionary approach allows us to view globalization as an enterprise of the human species as a whole focusing on the analytical problem of global change and the rules governing those changes The emphasis is not on broad based accounts of the course of world affairs but selectively on processes that reshape the social of the human species the making of world opinion and the innovations that animate these developments Chapters are clustered into four foci One emphasizes the interpretation of globalization as an explicitly evolutionary process A second looks at historical sequences of such phenomena as population growth or imperial rise and decline as processes that can be modeled and not purely described The third

cluster examines ongoing changes in economic processes especially information technology A final cluster takes on some of the challenges associated with forecasting and simulating the complexities of globalization processes This innovative and important volume will be of interest to students and scholars across the social sciences concerned with the phenomenon of globalization

**Pandemic Influenza in Fiction** Charles De Paolo, 2014-08-11 The influenza pandemic of 1918 1919 the worst widespread outbreak in recorded history claimed an estimated 100 million lives globally Yet only in recent decades has it captured the attention of historians scientists and fiction writers This study surveys influenza research over the last century in original scientific and historical documents and establishes a critical paradigm for the appreciation of influenza fiction Through close readings of 15 imaginative works the author elucidates the contents of and the interaction between the medical and the fictional Coverage extends from Pfeiffer's 1892 bacillus theory to the multidisciplinary effort to isolate the virus 1919 1933 to the reconstruction of the H1N1 viral genome from archival and exhumed RNA 1995 2005 to the emergence of H5N1 and H7N9 avian viruses 1997 2014 This book demonstrates that pandemic fiction has been more than a therapeutic medium for survivors A prodigious resource for the history of medicine it is also a forum for ethical social legal national defense and public health issues

*Sonallah Ibrahim* Paul Starkey, 2016-06-02 This volume is designed as an introduction to the contemporary Egyptian author Sonallah Ibrahim one of the most important Arabic novelists of the modern era with an unrivalled reputation for independence and integrity among contemporary Egyptian writers The first study in any language devoted exclusively to Sonallah Ibrahim the volume discusses each of the author's novels individually beginning with the seminal *Tilka al ra iha That Smell* 1966 and ending with *al Jalid Ice* 2011 Each work is discussed individually in its literary social historical and political context The volume traces the evolution of Sonallah Ibrahim's work in terms both of their themes and of their literary technique and concludes with an attempt at an overall evaluation of the author's contribution to the contemporary Egyptian novel Paul Starkey's account shows how innovative and stylistically rich the Arabic novel has become over a period of some fifty years beyond the better known work of writers such as Naguib Mahfouz and Yusuf Idris As such the volume will serve as an introduction not only to the individual author but also to the development of Egyptian and more generally Arabic literature over the last half century

clear and engaging introduction to the history of Western civilization      *Lucius Verus and the Roman Defence of the East* M.C. Bishop, 2018-03-30 The first biography of Marcus Aurelius adopted brother and co emperor a valuable read for anyone with an interest in Roman history The NYMAS Review Lucius Verus is one of the least regarded Roman emperors despite the fact that he was co ruler with his adoptive brother Marcus Aurelius for nine years until his untimely death The later sources were strangely hostile to him and modern writers tend to dismiss him but contemporary writings shine a more favorable light on his accomplishments His handling of military affairs particularly the conflict with Parthia after their invasions of Armenia and Syria deserves a new consideration in the light of a careful reassessment of all the available source material This volume looks at the upbringing of the boy who lost two fathers acquired a brother had his name changed twice became a general overnight and commanded the army that defeated one of Rome s greatest foes in the 2nd century AD His rise to power is placed in the context of Rome s campaigns in the East and the part played by all from the ordinary soldiers up to the aristocracy who commanded them in making Lucius Verus s Parthian Wars a success Bishop s background is in Roman military archaeology and where the details of Roman warfare are concerned he knows his subject matter backwards and forwards For those who wish to understand how the Roman commanders fighting under Verus achieved success in the East Bishop s book can be heartily recommended Bryn Mawr Classical Review      *10th Anniversary of Water* Arjen Y. Hoekstra†, 2020-07-03 First issued in 2009 Water is celebrating our 10th anniversary this year Thanks to all the dedicated researchers reviewers and editors Water has become a popular outlet for cutting edge research in the broad field of water science technology management and governance The open access format has proven to be attractive and authors highly value the quick handling of papers higher visibility and citations as well as free and unlimited access to the new papers After 10 years Water has become an established journal in the field This Special Issue is set up to mark the 10th anniversary of Water It is devoted to the publication of comprehensive reviews encompassing the most significant developments in the realm of water sciences in the last decade      **The Early Modern World, 1450-1750** John C. Corbally, Casey J. Sullivan, 2022-01-27 The Early Modern World 1450 1750 Seeds of Modernity takes a distinctive approach to global history and enables a holistic view of the world during this period without prioritizing any one nation or region It guides students towards an understanding of how different empires nations communities and individuals constructed contested and were touched by major trends and events Its thematic structure covers politics technology economics the environment and intellectual and religious worldviews In order to connect global trends and events to human experiences each chapter is underpinned by a social and cultural history focus enabling the reader to gain an understanding of the lived human experience and make sense of various perspectives and worldviews The Legacy feature also discusses connections between early modern history and the contemporary world looking at how the past is contested or memorialized today The result is a textbook that helps the 21st century student gain a rich and nuanced understanding of the global history of the early modern

period      **Genocide** William D. Rubinstein, 2014-07-10 Genocide is a topic beset by ambiguities over meaning and double standards In this stimulating and gripping history William Rubinstein sets out to clarify the meaning of the term genocide and its historical evolution and provides a working definition that informs the rest of the book He makes the important argument that each instance of genocide is best understood within a particular historical framework and provides an original chronology of these distinct frameworks In the final part of the book he critically examines a number of alleged past and recent genocides from native Americans slavery the Irish famine homosexuals and gypsies in the Nazi concentration camps Yugoslavia Rwanda through to the claims of pro lifers and anti abortionists
