EDWARD HOPPER, 1988      **Edward Hopper** Edward Hopper, 1988 The auction catalog features Edward Hopper's paintings of American landscapes and his drawing studies      *Light Years* Tom McDonough, 1987 In words worth a thousand pictures *Light Years* makes a palpable reality of an elusive and vivid way of seeing the world and of a way of life equally intense and unpredictable Unlike any other writer on the craft of film Tom McDonough illuminates not only the mysterious alchemy that transmutes light into feelings but also the passions of the movie industry's dreamers and the deft sometimes daft technicians who make the dreams come true Uniquely expert as both a cameraman and a writer McDonough tells us how the masters leave their indelible mark on movies Gordon Willis on Woody Allen's Allen Davideau on Spielberg's Nestor Almendros on Sophie's Choice More importantly with his experience with the day to day complexities of a cinematographer's life with its disruptive exhilarating dislocations and brief but lifeboat intense relationships transforms *Light Years* into a very human and compelling portrait of the world of moviemaking Traditionally the silent man in a garrulous entertainment the invisible vicar of a stunningly visual art the cinematographer at last acquires in these pages an expressive voice and an unforgettable face Written on the set and on the road *Light Years* is in authentic inside look at a profession whose story has never been told with such eloquence or passion      Edward Hopper's New England Carl Little, Edward Hopper, 1993 Edward Hopper 1882-1967 one of the most important American painters of the twentieth century spent nearly every summer of his long artistic career in New England This book presents many of Hopper's finest paintings of the region and examines the crucial role New England played in Hopper's development as an artist Carl Little is author of *Paintings of Maine* and is a regular contributor to *Art New England* and *Art in America*      **Light as Experience and Imagination from Medieval to Modern Times** David S. Herrstrom, 2022-11-21 In *Light as Experience and Imagination from Medieval to Modern Times* David S. Herrstrom synthesizes and interprets the experience of light as revealed in a wide range of art and literature from medieval to modern times The true subject of the book is making sense of the individual's relationship with light rather than the investigation of light's essential nature while telling the story of light seducing individuals from the Middle Ages to our modern times Consequently it is not concerned with the progress of scientific inquiries into the physical properties and behavior of light optical science but rather with subjective reactions as reflected in art architecture and literature Instead of its evolution this book celebrates the complexity of our relation to light's character No individual experience of light being truer than any other      *Edward Hopper - Light Years* Peter Schjeldahl, Hirschl and Adler Galleries. New York, NY., 1988

**The Hydrogen Jukebox** Peter Schjeldahl, 2023-09-01 Baudelaire's famous description of the best criticism as entertaining and poetic not coldly analytic lives in the essays of Peter Schjeldahl Schjeldahl self consciously continues the modern tradition of art criticism crafted by poet critics providing a sharp perspective on individual artists their work art world events and new creative directions He challenges established views and his infectious passion for art continually

engages the reader In essays on Rothko Munch Warhol Dubuffet Nauman Sherman Salle de Kooning Guston Ruscha and Koons Schjeldahl skillfully juggles theory and analysis in exploring cultural context and technique His writings free of the contortions of some critical prose and characterized by a sustained focus on works of art map the contemporary art scene in New York with occasional forays to Los Angeles and elsewhere cataloguing the colorful personalities cultural attractions and ethical hazards of the art world It s a fast fun trip with arguments that fold back upon themselves in surprising revelations and reversals of the author s opinion There is never a dull moment for those with an eye on contemporary art Baudelaire s famous description of the best criticism as entertaining and poetic not coldly analytic lives in the essays of Peter Schjeldahl Schjeldahl self consciously continues the modern tradition of art criticism crafted by poet critics provid     *Art Books*
