company *The Ethics Project in Legal Education* Michael Robertson, Lillian Corbin, Kieran Tranter, Francesca Bartlett, 2010-10-06 This book discusses the teaching of legal ethics arguing that the current formal rules governing lawyers are inadequate as true engagement with ethical issues requires lawyers to exercise judgment and therefore there is a need to rethink the aims scope and methodology of legal ethics education The volume presents the views of a number of internationally renowned legal ethicists including Brent Cotter and David Chavkin exploring and questioning the teaching of legal ethics The contributions examine legal ethics teaching in a range of jurisdictions including the USA Canada Australia South Africa and Hong Kong A number of contributors discuss design issues that cover a broad field of methods including simulations the pervasive use of problem solving exercises and real world experiences with some of the essays revealing their empirical findings on the effectiveness of these methods and particularly as they affect the students **Modernizing Legal Education** Catrina Denvir, 2020-01-09 Discusses the skills required by future lawyers and explores innovative and technology driven approaches to modernising legal education *A Student Guide to Clinical Legal Education and Pro Bono* Kevin Kerrigan, Victoria Murray, 2011-03-21 Clinical legal education the participation by law students in the giving of legal advice and representation to actual clients is playing an increasingly important role within UK law schools Pro bono the provision of free legal advice or representation for those who may otherwise have no access to justice is a vital part of the legal profession's commitment to the rule of law This book is written by members of staff at Northumbria University's ground breaking legal clinic the Student Law Office The authors all of whom are qualified solicitors have applied their long experience of clinical legal education into providing an authoritative and practical guide to all aspects of the subject from valuable advice on establishing a law clinic and the professional and ethical issues involved to practical skills such as interviewing drafting and advocacy Accompanying online resources for this title can be found at bloomsburyonlineresources.com a student guide to clinical legal education and pro bono These resources are designed to support teaching and learning when using this textbook and are available at no extra cost *Experimental Legal Education in a Globalized World* Mutaz Qafisheh, Stephen A. Ronenbaum, 2016-06-22 Legal education is currently undergoing a paradigm shift Traditional law instruction lecturing and memorizing have become a fading fashion with legal clinics increasingly cropping up These allow law students to practice while studying and to contribute to social justice as part of the educational process Students no longer accept one way interaction from their professors and demand interaction with their peers in various corners of the globe The Middle East is no exception here Legal clinics can be found in most countries of the region though there is scant literature on legal education in the area particularly with regards to clinical legal education This book fills this gap and offers comparative cases that will benefit legal educators and justice practitioners in the Middle East and beyond The region needs reform in all dimensions including the political economic social religious legal and educational Legal education lies at the heart of securing such long awaited reforms The book examines legal education within selected locations in the region

underscoring successful pedagogical models from various parts of the world This peer reviewed book focuses on practical legal education where learning is student centered particularly clinical legal education field work street law pro bono service legal advice simulations placements internships moot courts and mock trials problem based learning case analysis group work role play and brainstorming The book brings together 28 chapters written by leading legal scholars from across the globe all concerned with the advancement of legal education with making it more interactive and contributing to bridging the gap between powerful and powerless communities *Teaching for Effective Learning in Higher Education* N.

Hativa,2012-12-06 Research on teaching in higher education shows that students who are well taught learn more than students who are poorly taught and there are some teaching behaviors and strategies that are consistently associated with good teaching This book identifies these strategies and presents them within a theoretical framework that explains how they promote students active and meaningful learning By presenting teaching as a logical structure of interconnected behaviors whose contribution to student learning is based on theory and research the book promotes teachers pedagogical knowledge and their perception of teaching as scholarly intellectual work The book provides extensive practical advice that is based on the vast experience of the author as an instructional consultant and on research on accomplished teachers taken from the domains of education psychology and speech communication The practical ideas are separated from the theoretical part in a way that makes them easily identifiable The book also puts forth the voice of the students through authentic comments that they wrote in thousands of instructor evaluation forms that the author collected over many years *Legal Education*

Caroline Strevens,Richard Grimes,Edward Phillips,2016-04-22 The importance of simulation in education specifically in legal subjects is here discussed and explored within this innovative collection Demonstrating how simulation can be constructed and developed for learning teaching and assessment the text argues that simulation is a pedagogically valuable and practical tool in teaching the modern law curriculum With contributions from law teachers within the UK Australia Hong Kong South Africa and the USA the authors draw on their experiences in teaching law in the areas of clinical legal education legal process evidence criminal law family law and employment law as well as teaching law to non law students They claim that simulation as a form of experiential and problem based learning enables students to integrate the classroom experience with the real world experiences they will encounter in their professional lives This book will be of relevance not only to law teachers but university teachers generally as well as those interested in legal education and the theory of law
