Effective Programs For At Risk Adolescents:

Effective Programs for At-risk Adolescents John W. Dougherty,1990 Students considered at risk are defined as students who lack a sense of identity personal connectedness and personal power Another characteristic of at risk students is the role parents play or fail to play in the at risk behavior A case is made for all students being at risk at some point in their lives Four programs were designed and implemented to help at risk and marginal students at one junior high school The four programs include the OK Club the Quest for Success Skills Program the I CANN Individualized Course Alternative Now or Never and the Student Assistance Council The OK Club is designed to build self esteem and to provide after school support and requires a strong parental component The Quest for Success Skills Program is a transition program which prepares at risk sixth graders for junior high school The I CANN Program provides counseling development of self esteem and a hands on curriculum It also has a strong parental component The Student Assistance Council involves a staff team that assesses the needs of at risk students and recommends actions to address those needs A successful program must begin with an attitude of caring This caring attitude must be reflected by the total school staff toward every student and his or her family ABL

Evidence-Based Bullying Prevention Programs for Children and Youth Dagmar Strohmeier,Gil G. Noam,2012-04-17 Bullying is a hot topic at schools across the nation Chronic involvement in bullying is associated with many intrapersonal interpersonal and academic problems and even sporadic experiences of bullying are harmful During the last two decades several prevention and intervention programs have been developed by research teams all over the world Many of these programs have been adopted in the United States This volume introduces five evidence based anti bullying programs developed in European countries where much of the early innovations and adaptations have occurred Based on state of the art knowledge This volume answers How can educators detect that bullying is going on in their school How can educators respond competently in acute bullying situations How can educators prevent bullying in their schools in the long run This is the 133rd volume of New Directions for Youth Development the Jossey Bass quarterly report series dedicated to bringing together everyone concerned with helping young people including scholars practitioners and people from different disciplines and professions **Here's Proof Prevention Works** Center for Substance Abuse Prevention (U.S.),1999

Encyclopedia of Adolescence Roger J.R. Levesque,2014-07-08 The Encyclopedia of Adolescence breaks new ground as an important central resource for the study of adolescence Comprehensive in breath and textbook in depth the Encyclopedia of Adolescence with entries presented in easy to access A to Z format serves as a reference repository of knowledge in the field as well as a frequently updated conduit of new knowledge long before such information trickles down from research to standard textbooks By making full use of Springer s print and online flexibility the Encyclopedia is at the forefront of efforts to advance the field by pushing and creating new boundaries and areas of study that further our understanding of adolescents and their place in society Substantively the Encyclopedia draws from four major areas of research relating to

adolescence The first broad area includes research relating to Self Identity and Development in Adolescence This area covers research relating to identity from early adolescence through emerging adulthood basic aspects of development e g biological cognitive social and foundational developmental theories In addition this area focuses on various types of identity gender sexual civic moral political racial spiritual religious and so forth The second broad area centers on Adolescents Social and Personal Relationships This area of research examines the nature and influence of a variety of important relationships including family peer friends sexual and romantic as well as significant nonparental adults The third area examines Adolescents in Social Institutions This area of research centers on the influence and nature of important institutions that serve as the socializing contexts for adolescents These major institutions include schools religious groups justice systems medical fields cultural contexts media legal systems economic structures and youth organizations Adolescent Mental Health constitutes the last major area of research This broad area of research focuses on the wide variety of human thoughts actions and behaviors relating to mental health from psychopathology to thriving Major topic examples include deviance violence crime pathology DSM normalcy risk victimization disabilities flow and positive youth development

Jacobs, Paul A. Klaczynski, 2006-04-21 In recent years newspaper articles television specials and other media events have focused on the numerous hard decisions faced by today's youth often pointing to teen pregnancy drug use and delinquency as evidence of faulty judgment Over the past 10 years many groups including parents educators policymakers and researchers have become concerned about the decision making abilities of children and adolescents asking why they make risky choices how they can be taught to be better decision makers and what types of age related changes occur in decision making This book serves as a starting point for those interested in considering new ways of thinking about the development of these issues The purpose is to bring together the voices of several authors who are conducting cutting edge research and developing new theoretical perspectives related to the development of judgment and decision making *The Development of Judgment and Decision Making in Children and Adolescents* is divided into three parts Part I presents three distinctive developmental models that offer different explanations of what develops and the relative importance of different cognitive components and experiential components that may be important for developing judgment and decision making skills Part II emphasizes the emotional cultural and social aspects of decision making three topics that

have been influential in the adult literature on judgment and decision making but are just beginning to be explored in the developmental area Part III provides three examples of research that applies developmental and decision making models to practical research questions This book is intended for the professional market or for graduate courses on decision making or cognitive or social development

Encyclopedia of Criminal Justice Ethics Bruce A. Arrigo, 2014-07-17 Federal state county and municipal police forces all have their own codes of conduct yet the ethics of being a police officer remain perplexing and are often difficult to apply in dynamic situations The police misconduct statistics are staggering and indicate that excessive use of force comprises almost a quarter of misconduct cases with sexual harassment fraud theft and false arrest being the next most prevalent factors The ethical issues and dilemmas in criminal justice also reach deep into the legal professions the structure and administration of justice in society and the personal characteristics of those in the criminal justice professions The Encyclopedia of Criminal Justice Ethics includes A to Z entries by experts in the field that explore the scope of ethical decision making and behaviors within the spheres of criminal justice systems including policing corrections courts forensic science and policy analysis and research This two volume set is available in both print and electronic formats Features Entries are authored and signed by experts in the field and conclude with references and further readings as well as cross references to related entries that guide readers to the next steps in their research journeys A Reader's Guide groups related entries by broad topic areas and themes making it easy for readers to quickly identify related entries A Chronology highlights the development of the field and places material into historical context a Glossary defines key terms from the fields of law and ethics and a Resource Guide provides lists of classic books academic journals websites and associations focused on criminal justice ethics Reports and statistics from such sources as the FBI the United Nations and the International Criminal Court are included in an appendix In the electronic version the Reader's Guide index and cross references combine to provide effective search and browse capabilities The Encyclopedia of Criminal Justice Ethics provides a general non technical yet comprehensive resource for students who wish to understand the complexities of criminal justice ethics

Social Programs that Work Jonathan Crane, 1998-05-07 Many Americans seem convinced that government programs designed to help the poor have failed *Social Programs That Work* shows that this is not true Many programs have demonstrably improved the lives of people trapped at the bottom of the social and economic ladder *Social Programs That Work* provides an in depth look at some of the nation's best interventions over the past few decades and considers their potential for national expansion Examined here are programs designed to improve children's reading skills curb juvenile delinquency and substance abuse and move people off welfare into the workforce Each contributor discusses the design and implementation of a particular program and assesses how well particular goals were met Among the critical issues addressed Are good results permanent or do they fade over time Can they be replicated successfully under varied conditions Are programs cost effective and if so are the benefits seen immediately or only over the long term How can public support be

garnered for a large upfront investment whose returns may not be apparent for years Some programs discussed in this volume were implemented only on a small experimental scale prompting discussion of their viability at the national level An important concern for social policy is whether one shot programs can lead to permanent results Early interventions may be extremely effective at reducing future criminal behavior as shown by the results of the High Scope Perry preschool program Evidence from the Life Skills Training Program suggests that a combination of initial intervention and occasional booster sessions can be an inexpensive and successful approach to reducing adolescent substance abuse Social Programs That Work also acknowledges that simply placing welfare recipients in jobs isn t enough they will also need long term support to maintain those jobs The successes and failures of social policy over the last thirty five years have given us valuable feedback about the design of successful social policy Social Programs That Work represents a landmark attempt to use social science criteria to identify and strengthen the programs most likely to make a real difference in addressing the nation s social ills
