

Egypt As A Woman

Judith E. Tucker

Egypt As A Woman:

Egypt as a woman : nationalism, gender, and politics Beth Baron, 2005

Women in Ancient Egypt Mariam F. Ayad, 2022-11-15

Cutting edge research by twenty four international scholars on female power agency health and literacy in ancient Egypt There has been considerable scholarship in the last fifty years on the role of ancient Egyptian women in society With their ability to work outside the home inherit and dispense of property initiate divorce testify in court and serve in local government Egyptian women exercised more legal rights and economic independence than their counterparts throughout antiquity Yet their agency and autonomy are often downplayed undermined or outright ignored In *Women in Ancient Egypt* twenty four international scholars offer a corrective to this view by presenting the latest cutting edge research on women and gender in ancient Egypt Covering the entirety of Egyptian history from earliest times to Late Antiquity this volume commences with a thorough study of the earliest written evidence of Egyptian women both royal and non royal before moving on to chapters that deal with various aspects of Egyptian queens followed by studies on the legal status and economic roles of non royal women and finally on women s health and body adornment Within this sweeping chronological range each study is intensely focused on the evidence recovered from a particular site or a specific time period Rather than following a strictly chronological arrangement the thematic organization of chapters enables readers to discern diachronic patterns of continuity and change within each group of women

Austria A Woman Tenderfoot in Egypt Grace Gallatin Seton-Thompson,1923 *Women in Nineteenth-Century Egypt* Judith E. Tucker,1985 The book provides a unique account of the very active economic social and political roles of nineteenth century women The Role of Women in Ancient Egypt Omar Khalil, Women in Ancient Egypt held a unique and significant position within the broader social and cultural framework of their civilization Unlike in many ancient societies Egyptian women enjoyed a considerable amount of rights and freedoms especially when compared to their contemporaries in other parts of the world The role of women in Egyptian society was largely defined by a combination of legal rights religious significance and familial responsibilities with many women being able to exercise substantial influence in both public and private spheres Socially women in Ancient Egypt were often portrayed as equals to men and their contributions to society were highly valued While men generally dominated the spheres of politics military and high ranking religious offices women were not excluded from positions of authority especially within the royal family and the religious hierarchy For example queens priestesses and high ranking women could wield political power and influence in matters of state and governance However their roles were primarily centered around the family and domestic life Marriage and motherhood were central to a woman s identity and women were expected to oversee the household and care for children In terms of legal rights women in Ancient Egypt were granted many protections and privileges They had the ability to own property enter into contracts and even initiate divorce if necessary This level of autonomy was relatively rare in the ancient world where women were often considered the property of their fathers or husbands Egyptian women also had the right to inherit property and they could pass on property to their children ensuring that their lineage could maintain wealth and status These legal rights enabled women to participate in economic transactions manage estates and even become wealthy landowners in some cases *The Englishwoman in Egypt: Letters from Cairo* Sophia Lane Poole,1844 **A Wife Out of Egypt** Norma Lorimer,1915

Women and Society in Greek and Roman Egypt Jane Rowlandson,Roger S. Bagnall,1998-11-26 The period of Egyptian history from its rule by the Macedonian Ptolemaic dynasty to its incorporation into the Roman and Byzantine empires has left a wealth of evidence for the lives of ordinary men and women Texts often personal letters written on papyrus and other materials objects of everyday use and funerary portraits have survived from the Graeco Roman period of Egyptian history But much of this unparalleled resource has been available only to specialists because of the difficulty of reading and interpreting it Now eleven leading scholars in this field have collaborated to make available to students and other non specialists a selection of over three hundred texts translated from Greek and Egyptian as well as more than fifty illustrations documenting the lives of women within this society from queens to priestesses property owners to slave girls from birth through motherhood to death Each item is accompanied by full explanatory notes and bibliographical references *Female Voices and Egyptian Independence* Rania M. Mahmoud,2023-12-28 This book offers a nuanced analysis of the ways in which Egyptian and British novels represent the Egyptian nationalist project in its struggle against British hegemony in the

aftermath of two revolutions the 1881-82 Urabi Revolution known for inaugurating the British occupation of Egypt and the 1919 Revolution celebrated in Egyptian national memory as the classic Egyptian revolution par excellence Reading the novels against the grain the study recovers female voices that are multiply marginalized due to their gender and or ethnicity whether by colonial imperial powers the nation their immediate regional community or finally by the works under discussion themselves Using a comparative lens the study foregrounds the ways in which the authors confirm critique rewrite revise or reject developmental narratives Female Voices and Egyptian Independence pays particular attention to women that range from the uneducated black slave to the uneducated rural Siwan woman with artistic talent to the wealthy cultured Coptic housewife to the rising late nineteenth century British female professional and finally to the eclipsed twentieth century Egyptian female national intellectual all of whom play crucial roles in the journeys of the respective male protagonists and by extension the Egyptian national project

Women and Men in Late Eighteenth-century Egypt Afaf Lutfi

Sayyid-Marsot, 1995-01-01 In the late eighteenth century decentralized and chaotic government in Egypt allowed women a freedom of action that has not been equaled until recent times Delving extensively into archival sources Afaf Marsot presents the first comprehensive picture of women's status and opportunities in this period Marsot makes important connections between forms of government economic possibilities and gender relations showing how political instability allowed women to acquire property independent of males as a hedge against political uncertainty She traces the linkages that women formed among themselves and with the ulama non Ottoman native elites who aided and supported them The book concludes with a comparison of women's status in the nineteenth century when the introduction of European institutions that did not recognize their legal existence marginalized women causing them to have to rely on men as major breadwinners These important findings about the relationship between forms of government and the status of women will be of interest to a wide audience

British Women Writers and the Reception of Ancient Egypt, 1840-1910 Molly Youngkin, 2016-04-29 Focusing on

British women writers knowledge of ancient Egypt Youngkin shows the oftentimes limited but pervasive representations of ancient Egyptian women in their written and visual works Images of Hathor Isis and Cleopatra influenced how British writers such as George Eliot and Edith Cooper came to represent female emancipation

Routledge Handbook on Women in the Middle East Suad Joseph, Zeina Zaatari, 2022-12-30 The Routledge Handbook on Women in the Middle East provides an overview of the key historical social economic political religious and cultural issues which have shaped the conditions and status of women in the region The book is divided into eleven thematic sections providing a comprehensive guide to understanding the current and historical contexts of women in the Middle East each giving ground breaking insights into various aspects of women's movements The importance of historical context including pre Islamic through post colonial histories The importance of politics and the state in understanding women in the ME Women's roles in political and social movements The impacts of the formal and informal economies and education on women of the region Women's spaces and

the creation of publics and counterpublics The effects of war displacement and other forms of gendered violence Women family and the state Discourses and practices of religion Women and health practices Bodies and sexualities Women and sites of cultural production A unique overview of cutting edge research in the key arenas of pre Islamic to post colonial histories this Handbook will affect the way future generations of scholars engage with and add to the vast repository of socio political studies of the Middle East It will thus be of interest to researchers in gender studies women s studies pre Islamic and post colonial studies feminist studies and socio political and socio economic studies

Women in Revolutionary Egypt

Shereen Abouelnaga, 2016 The 25 January 2011 uprising and the unprecedented dissent and discord to which it gave rise shattered the notion of homogeneity that had characterized state representations of Egypt and Egyptians since 1952 It allowed for the eruption of identities along multiple lines including class ideology culture and religion long suppressed by state control Concomitantly a profusion of women s voices arose to further challenge the state managed feminism that had sought to define and carefully circumscribe women s social and civic roles in Egypt Women in Revolutionary Egypt takes the uprising as the point of departure for an exploration of how gender in post Mubarak Egypt came to be rethought reimagined and contested It examines key areas of tension between national and gender identities including gender empowerment through art and literature particularly graffiti and poetry the disciplining of the body and the politics of history and memory Shereen Abouelnaga argues that this new cartography of women s struggle has to be read in a context that takes into consideration the micropolitics of everyday life as well as the larger processes that work to separate the personal from the political She shows how a new generation of women is resisting both discursively and visually the notion of a fixed or authentic notion of Egyptian womanhood in spite of prevailing social structures and in face of all gendered politics of imagined nation

Doria Shafik Egyptian Feminist : A Woman apart Cynthia Nelson, 1996 Cynthia Nelson brings to life a bold and gifted Egyptian of the mid twentieth century who helped define what it means to be a modern Arab woman Doria Shafik 1908 1975 an Egyptian feminist poet publisher and political activist participated in one of her country s most explosive periods of social and political transformation During the 40s she burst onto the public stage in Egypt openly challenging every social cultural and legal barrier that she viewed as oppressive to the full equality of women As the founder of the Daughters of the Nile Union in 1948 she catalyzed a movement that fought for suffrage and set up programs to combat illiteracy provide economic opportunities for lower class urban women and raise the consciousness of middle class university students She also founded and edited two prominent women s journals wrote books in both French and Arabic lectured throughout the world married and raised two children For a decade she ignited the imagination of the press where she was variously described as the perfumed leader a danger to the Muslim nation a traitor to the revolution and the only man in Egypt Then in 1957 following her hunger strike in protest against the populist regime of Gamal Abdul Nasser she was placed under house arrest Within months her magazines folded her name was officially banned from the press and she entered a

long period of seclusion that ended with her suicide in 1975 With the cooperation of Shafik s daughters who made available her three impressionistic unpublished and sometimes contradictory memoirs Nelson has uncovered Shafik s story and brings the life and achievements of this remarkable woman to a Western audience Brilliantly re creates the untold story of Doria Shafik the most impressive exponent of liberal Egyptian feminism Magically the delicately sketched background gives the reader a wonderful sense of the sweep of modern Egyptian history The effect is mesmerizing Raymond W Baker Williams College A compelling story beautifully written Jacqueline S Ismail University of Calgary

The Women's Awakening in Egypt Beth Baron,1997-01-01 Between 1892 and 1920 nearly thirty Arabic periodicals by for and about women were produced in Egypt for circulation throughout the Arab world This flourishing women s press provided a forum for debating such topics as the rights of woman marriage and divorce and veiling and seclusion and also offered a mechanism for disseminating new ideologies and domestic instruction In this book Beth Baron presents the first sustained study of this remarkable material exploring the connections between literary culture and social transformation Starting with profiles of the female intellectuals who pioneered the women s press in Egypt the first generation of Arab women to write and publish extensively Baron traces the women s literary output from production to consumption She draws on new approaches in cultural history to examine the making of periodicals and to reconstruct their audience and she suggests that it is impossible to assess the influence of the Arabic press without comprehending the circumstances under which it operated Turning to specific issues argued in the pages of the women s press Baron finds that women s views ranged across a wide spectrum The debates are set in historical context with elaborations on the conditions of women s education and work Together with other sources the journals show significant changes in the activities of urban middle and upper class Egyptian women in the decades before the 1919 revolution and underscore the sense that real improvement in women s lives the women s awakening was at hand Baron s discussion of this extraordinary trove of materials highlights the voices of the female intellectuals who championed this awakening and broadens our understanding of the social and cultural history of the period

Egypt ,1994 **20 Fun Facts About Women in Ancient Egypt** Kristen Rajczak Nelson,2015-07-15 Women in ancient Egypt weren t that unlike women today They wore makeup had their hair done and even enjoyed near equality with men In this volume surprising and amusing facts about the women of ancient Egypt give readers a new perspective on a noteworthy historical era Full color photographs include images of ancient Egyptian paintings and other primary sources showing how the Egyptians themselves portrayed women The main content s format along with detailed graphic organizers engages readers with the social studies curriculum in a fun high interest way

Women, War, and Violence Mariam M. Kurtz,Lester R. Kurtz,2015-08-28 This set of original articles probes the breadth of vital issues surrounding the impact of war and violence on women globally and examines what is being done to mitigate their effects The story of men s roles in war and violence fills headlines and history books but the women s narrative too often goes unnoticed This two volume work brings

women's voices to the fore highlighting new scholarship and journalism to offer a realistic understanding of this timely topic Including both historical context and contemporary issues the volumes explore types of violence affecting women and girls as victims of war and as combatants in and perpetrators of war Equally important it provides an in depth look at resistance movements and peacemaking efforts examining how these issues can and should be addressed The two volumes bring together a wide range of articles by experts from various fields and backgrounds to provide the first all inclusive overview of women war and violence Other works on the subject tend to be focused on Western nations offering a narrow view of a global issue This compendium in contrast takes a truly international approach It provides general readers policymakers students and scholars with a compelling collection of insights from around the world exposing the varied experiences women have had and continue to have with violence and war

A Companion to Global Gender History Teresa A. Meade, Merry E. Wiesner-Hanks, 2020-11-19 Provides a completely updated survey of the major issues in gender history from geographical chronological and topical perspectives This new edition examines the history of women over thousands of years studies their interaction with men in a gendered world and looks at the role of gender in shaping human behavior It includes thematic essays that offer a broad foundation for key issues such as family labor sexuality race and material culture followed by chronological and regional essays stretching from the earliest human societies to the contemporary period The book offers readers a diverse selection of viewpoints from an authoritative team of international authors and reflects questions that have been explored in different cultural and historiographic traditions Filled with contributions from both scholars and teachers A Companion to Global Gender History Second Edition makes difficult concepts understandable to all levels of students It presents evidence for complex assertions regarding gender identity and grapples with evolving notions of gender construction In addition each chapter includes suggestions for further reading in order to provide readers with the necessary tools to explore the topic further Features newly updated and brand new chapters filled with both thematic and chronological geographic essays Discusses recent trends in gender history including material culture sexuality transnational developments science and intersectionality Presents a diversity of viewpoints with chapters by scholars from across the world A Companion to Global Gender History is an excellent book for upper level undergraduate and graduate students involved in gender studies and history programs It will also appeal to more advanced scholars seeking an introduction to the field
