Readers' Guide to Periodical Literature Anna Lorraine Guthrie,Bertha Tannehill,Neltje Marie Tannehill Shimer,1919 An author subject index to selected general interest periodicals of reference value in libraries **Lifting the Lid on a baby boomer's memory box** Bob Perry,2024-08-28 Journey back to the post war Black Country with Bob Perry as he recalls his childhood in a changing world Born into a typical estate Bob s story mirrors that of countless Baby Boomers From his close knit community to the bustling town streets Bob navigates a world rebuilding itself after war Amid historic events Bob s narrative intertwines his journey with the broader tapestry of his time showcasing the events that shaped his generation As the world evolves Bob and his peers confront challenges within and beyond their community navigating uncertainty with resilience Through Bob Perry s memoir readers revisit pivotal moments in history where echoes of the past resonate on every page This reflection depicts a generation shaped by change and enduring community ties The Saddam Tapes Kevin M. Woods,David D. Palkki,Mark E. Stout,2011-09-26 During the 2003 war that ended Saddam Hussein s regime coalition forces captured thousands of hours of secret recordings of meetings phone calls and conferences Originally prepared by the Institute for Defense Analyses for the Office of the Undersecretary of Defense for Policy this study presents annotated transcripts of Iraqi audio recordings of meetings between Saddam Hussein and his inner circle The Saddam Tapes along with the much larger digital collection of captured records at the National Defense University s Conflict Records Research Center will provide researchers with important insights into the inner workings of the regime and it is hoped the nature of authoritarian regimes more generally The collection has implications for a range of historical questions How did Saddam react to the pressures of his wars How did he manage the Machiavellian world he created How did he react to the signals and actions of the international community on matters of war and peace Was there a difference between the public and the private Saddam on critical matters of state A close examination of this material in the context of events and other available

evidence will address these and other questions *Browned Off and Bloody-Minded* Alan Allport, 2015-03-01 More than three and a half million men served in the British Army during the Second World War the vast majority of them civilians who had never expected to become soldiers and had little idea what military life with all its strange rituals discomforts and dangers was going to be like Alan Allport's rich and luminous social history examines the experience of the greatest and most terrible war in history from the perspective of these ordinary extraordinary men who were plucked from their peacetime families and workplaces and sent to fight for King and Country Allport chronicles the huge diversity of their wartime trajectories tracing how soldiers responded to and were shaped by their years with the British Army and how that army however reluctantly had to accommodate itself to them Touching on issues of class sex crime trauma and national identity through a colorful multitude of fresh individual perspectives the book provides an enlightening deeply moving perspective on how a generation of very modern minded young men responded to the challenges of a brutal and disorienting conflict

Imprisoning the Enemy Nikolaos Theotokis, 2024-11-30 Offers a vivid examination of Axis prisoners of war during World War II detailing their experiences circumstances and the complexities of their captivity in various theatres from 1940 to 1945 Prisoners of war POWs are an important part in the history of the Second World War Nikolaos Theotokis in this vividly written book examines the subject taking a closer look at the hundreds of thousands of Axis military personnel including women mostly German who were held in POW camps POW cages prisons or forced labor camps after being captured by or surrendering to Allied forces between 1940 and 1945 in the North African European and Pacific theaters of operations Hundreds of cases of officers of the Wehrmacht and the SS as well as of the Royal Italian and the Imperial Japanese Armies have been grouped by the author in two main categories those who were taken prisoner by Allied forces and those who surrendered to them This is not a book about military might but about people many of whom were proven innocent victims of circumstance Officers who committed suicide to avoid capture and others who were charged and punished as war criminals are separately presented along with a great number of foreign volunteers who were captured by or surrendered to Allied forces during the war after joining units of the German or the Japanese Armies Members of the military and secretarial staff of Adolf Hitler who were imprisoned after the German capitulation are also highlighted in the book along with cases of high ranking officers in co belligerent Romania who were harshly punished by their country's post war communist authorities for being anti communists and for having fought against the Red Army Another category also examined by the author are the German prisoners who were handed over to Joseph Stalin by the western Allies in May 1945 as a gesture of friendship although the Soviet Union had not signed the Geneva Convention This book is a concise authoritative account of the Axis POWs being also an unrivaled source of information on the subject Monty's Functional Doctrine Charles Forrester, 2015-08-19 Using a combination of new perspectives and new evidence this book presents a reinterpretation of how 21st Army Group produced a successful combined arms doctrine by late 1944 and implemented this in early 1945

Historians professional military personnel and those interested in military history should read this book which contributes to the radical reappraisal of Great Britain's fighting forces in the last years of the Second World War with an exploration of the reasons why 21st Army Group was able in 1944-45 to integrate the operations of its armor and infantry. The key to understanding how the outcome developed lies in understanding the ways in which the two processes of fighting and the creation of doctrine interrelated. This requires both a conventional focus on command and a cross level study of Montgomery and a significant group of commanders. The issue of whether or not this integration of combat arms a guide to operational fighting capability had any basis in a common doctrine is an important one. Alongside this stands the new light this work throws on how such doctrine was created. A third interrelated contribution is in answering how Montgomery commanded and whether and to what extent doctrine was imposed or generated. Further it investigates how a group of effervescent commanders interrelated and what the impact of those interrelationships was in the formulation of a workable doctrine. The book makes an original contribution to the debate on Montgomery's command style in Northwest Europe and its consequences and integrates this with tracking down and disentangling the roots of his ideas and his role in the creation of doctrine for the British Army's final push against the Germans. In particular the author is able to do something that has defeated previous authors to explain how doctrine was evolved and especially who was responsible for providing the crucial first drafts and the role Montgomery played in revising codifying and disseminating it. *The Saturday Magazine ...*, 1842

The Saturday Magazine. Published Under the Direction of the Committee of General Literature and Education Appointed by the Society for Promoting Christian Knowledge, 1844 *Cumulated Index Medicus*, 1984 **Forgotten Captives in Japanese-Occupied Asia** Kevin Blackburn, Karl Hack, 2007-12-14 Using archival oral and literary sources Blackburn and Hack along with an impressive team of international contributors rectify the obscured picture of the Japanese captive by bringing together for the first time a collection of essays covering an extremely broad range of forgotten captives. **New York Magazine**, 1985-06-10 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea. The Normandy Campaign 1944 John Buckley, 2006-07-29 With essays from leading names in military history this new book re-examines the crucial issues and debates of the D Day campaign. It tackles a range of core topics placing them in their current historiographical context to present new and sometimes revisionist interpretations of key issues such as the image of the Allied armies compared with the Germans the role of air power and the lessons learned by the military from their operations. As the Second World War is increasingly becoming a field of revisionism this book sits squarely within growing debates shedding new light on topics and bringing current thinking from our leading military and strategic historians to a

wider audience This book will be of great interest to students of the Second World War and of military and strategic studies in general
