---

By  
**JOHN D. LENTZ**

This informative text offers readers effective and practical tools and techniques designed to deal with manipulation as it happens and a better understanding of the manipulator. The author drawing upon personal experience, counseling approaches and the Bible discloses his five step technique. Each step is clearly defined, highlighting specific manipulative behaviors, identifying common words and phrases and recognizing implied messages, verbal and non-verbal. Although primarily directed toward correctional personnel, focusing on relationships with inmates and staff, any concerned individual interested in discovering how to respond to manipulative and often times self-destructive behavior will find this volume useful and enlightening.
