look at Jung as he presents his ideas candidly and in English before a rapt American audience *The Unfolding God of Jung and Milton* James P. Driscoll, 2021-10-21 In this first extensive Jungian treatment of Milton's major poems James P. Driscoll uses archetypal psychology to explore Milton's great themes of God, man, woman, and evil and offers readers deepened understanding of Jung's profound thoughts on Godhead. The Father, the Son, Satan, Messiah, Samson, Adam, and Eve gain new dimensions of meaning as their stories become epiphanies of the archetypes of Godhead. God and Satan of *Paradise Lost* are seen as the ego and the shadow of a single unfolding personality whose anima is the Holy Spirit and Milton's muse Samson carries the Yahweh archetype examined by Jung in *Answer to Job* and Messiah and Satan in *Paradise Regained* embody the hostile brothers archetype. Anima, animus, and the individuation drive underlie the psychodynamics of Adam and Eve's fall. Driscoll draws on his critical acumen and scholarly knowledge of Renaissance literature to shed new light on Jung's psychology of religion. *The Unfolding God of Jung and Milton* illumines Jung's heterodox notion of Godhead as a quaternity rather than a trinity, his revolutionary concept of a divine individuation process, his radical solution to the problem of evil, and his wrestling with the feminine in Godhead. The book's glossary of Jungian terms written for literary critics and theologians rather than clinicians is exceptionally detailed and insightful. Beyond enriching our understanding of Jung and Milton, Driscoll's discussion contributes to theodicy, to process theology, and to the study of myths and archetypes in literature.

Knowledge in a Nutshell Carl Jung introduces psychologist Jung's ideas in an engaging and easy-to-understand format. Jungian psychology expert Gary Bobroff breaks down the concepts of the psyche, collective unconscious, archetypes, personality types, and more in this concise book.
