## SPELL CRISIS

**A**s incidents of tomb robbery continue to rise, grieving mourners hit out at the poor quality of spells available to protect Egypt's economies and their belongings. "They just don't seem to be doing the trick," said Akhe-mes Amenhotep, 36, widow of Bakenshah Amenhotep, whose grave was robbed last week.

Ferryman

"I mean, my Bakenshah, now he's dead, he's got to persuade the ferryman to take him across the River of Death, then he's got to pass through the Twelve Gates guarded by serpents, then he's got to pass through the Lake of Fire, and then, after all that, if he's judged to have led a sinful life he'll get fed to a monster. That's quite enough to worry about without having your grave robbed. Someone even sniped the sandals he's left for him."

Tomb boxes were unavailable for comment.

comeback," he told temple reporters gathered at his Memphis HQ yesterday.

The news is sure to anger Aten supporters, among them relatives of Tut's

predecessor, or King Akhe-mes, who changed the country's religion in 1353 BC. "Everyone knows the sun god is best," said one Aten devotee. "Without the sun we'd all be in big trouble. If we cease praising Aten, and stop offering him flowers and

fruits, he might not rise in the morning. Then, where would we be?"

But from Theban Palace, Memphis, the message was clear. If your name's Aten then **ON YOUR BIKES** (See Akhe-mes story page 31)

diaspora that remits large amounts of funds has seldom performed to its economic potential during the last sixty years. Indeed economic weakness created political weakness and often exposed the country to foreign dictats. What should the country do to change this state of affairs? Nineteen internationally recognized authorities on the Egyptian economy discuss the critical challenges that the Egyptian economy is likely to face in the next two to three decades: challenges which must be overcome in order to improve the life of Egypt's citizens and to protect the country from external pressures. Their analyses cover population and employment development strategies, principal macroeconomic issues, development of a digital economy, fiscal and monetary matters, the external sector, poverty and income distribution, the enterprise structure, higher education, water availability, urbanization, institutional performance and many others.

*Threat to Ancient Egyptian Treasures*, Jim Whiting, 2020-02-04. Ancient Egypt has always fascinated people. Pyramids from that civilization still tower hundreds of feet into the air. Museums featuring mummies attract large crowds. Countless numbers of tourists flock to Egypt to view historical sites that date back thousands of years. These historical sites are in danger today. Some of the reasons are natural. For example, sandstorms rip across the desert, acting like sandpaper on the stone monuments. Others, such as air pollution and flooding, are the result of human activity. People have also broken into the ancient sites and stolen the treasures inside. Many people are concerned about losing these ancient treasures. Find out what they are doing to stamp out the dangers that threaten the priceless reminders of Egypt's glorious past.
