Egyptian Peasant:

The Egyptian Peasant Henry Habib Ayrout, 2005-02-01 Egypt has changed enormously in the last half century and nowhere more so than in the villages of the Nile Valley Electrification radio and television have brought the larger world into the houses Government schools have increased educational horizons for the children Opportunities to work in other areas of the Arab world have been extended to peasants as well as to young artisans from the towns Urbanization has brought many families to live in the belts of substandard housing around the major cities But the conservative and traditional world of unremitting labor that characterizes the lives of the Egyptian peasants or fellahen also survives and nowhere has it been better described than in this classic account by Father Henry Habib Ayrout an Egyptian Jesuit sociologist who dedicated most of his life to creating a network of free schools for rural children at a time when there were very few First published in French in 1938 the book went through several revisions by the author before being translated and published in English in 1963 The often poetic yet factual and deeply empathetic description Father Ayrout left of fellah life is still reliable and still poignant a measure by which the progress of the countryside must always be gauged *The Egyptians* Sergio

Mahmoud, 2023-12-28 This book offers a nuanced analysis of the ways in which Egyptian and British novels represent the Egyptian nationalist project in its struggle against British hegemony in the aftermath of two revolutions the 1881 82 Urabi Revolution known for inaugurating the British occupation of Egypt and the 1919 Revolution celebrated in Egyptian national memory as the classic Egyptian revolution par excellence Reading the novels against the grain the study recovers female voices that are multiply marginalized due to their gender and or ethnicity whether by colonial imperial powers the nation their immediate regional community or finally by the works under discussion themselves Using a comparative lens the study foregrounds the ways in which the authors confirm critique rewrite revise or reject developmental narratives Female Voices and Egyptian Independence pays particular attention to women that range from the uneducated black slave to the uneducated rural Siwan woman with artistic talent to the wealthy cultured Coptic housewife to the rising late nineteenth century British female professional and finally to the eclipsed twentieth century Egyptian female national intellectual all of whom play crucial roles in the journeys of the respective male protagonists and by extension the Egyptian national project

The Egyptian Revolution of 1919 H.A. Hellyer, Robert Springborg, 2022-08-11 The 1919 Egyptian revolution was the founding event for modern Egypt's nation state So far there has been no text that looks at the causes consequences and legacies of the 1919 Egyptian Revolution This book addresses that gap with Egyptian and non Egyptian scholars discussing a range of topics that link back to that crucial event in Egyptian history Across nine chapters the book analyzes the causes and course of the 1919 revolution its impacts on subsequent political beliefs practices and institutions and its continuing legacy as a means of regime legitimation The chapters reveal that the 1919 Egyptian Revolution divided the British while uniting

Egyptians However the revolutionary moment was superseded by efforts to restore Britain's influence in league with a reassertion of monarchical authority Those efforts enjoyed tactical but not long term strategic success in part because the 1919 revolution had unleashed nationalist forces that could never again be completely contained The book covers key issues surrounding the 1919 Egyptian Revolution such as the role played by Lord Allenby internal schisms within the British government struggling to cope with the revolution Muslim Christian relations and divisions among the Egyptians

Whatever Happened to the Egyptians? Galal Amin, 2001-03-01 Based on both academic research and the author's own personal experiences and impressions this delightful and informative book examines the underlying causes of some of the more disturbing social political economic and cultural phenomena that characterize Egyptian society in the 1990s Egypt's

crisis of culture and other woes are often attributed to the open door policy Infitah initiated under President Sadat in the mid 1970s and to the large scale migration of Egyptian workers to the oil rich states of the Gulf that began around the same time Galal Amin contends however that these factors alone are insufficient to explain the fundamental changes in behavior and attitudes that characterize modern Egyptian life The missing link Amin argues lies in the social mobility unleashed by the July Revolution of 1952 which was later accelerated by Infitah and workers migration The sudden upward mobility and attendant prestige self confidence and purchasing power of a large segment of Egyptian society and the desire to display this new found social position as conspicuously as possible have had an enormous effect on the attitudes and allegiances of these groups Through a fascinating and often highly entertaining examination of issues ranging from the middle class religious fanaticism and attitudes to the West and Western culture to the Egyptian institution of the summer holiday by the sea and the performing arts and entertainment Amin posits that social mobility has changed the customs and habits moral and material values and patterns of consumption and investment of the aspiring classes and has furthermore induced the Egyptian people to ignore national and ideological issues of grave importance This insightful book will prove a thought provoking read for those concerned with emerging economies international development and privatization and will intrigue anyone with an interest in the social history of Egypt The Arabic edition of this book was awarded the Cairo International Book Fair Prize for the best book in Social Studies in 1998 Comments on the Arabic edition A rare example of combining social theory with concrete observation and intimate personal experience A very perceptive account of Egyptian social development with almost the impact of a dramatic creation Abd al Qader al Qutt al Ahram 2000 A very valuable and highly important contribution to social thought and to Egypt s social history A highly original and enjoyable book Faruq Shusha al Ahram 1999

Amos,2013-10-22 Arab Israeli Military Political Relations Arab Perceptions and the Politics of Escalation examines the escalatory patterns of Israel s relations with Arab countries paying particular attention to the preconditions conditions and ultimate precipitants of wars that have broken out with some repetitiveness in the Middle East The impact of the October 1973 War known as the Yom Kippur War in the West and the Ramadan War in Arab countries on the United States interests in the Middle East is also assessed This book is comprised of seven chapters and opens with an overview of the October War those Arab states actually involved in the war especially Egypt and Syria and those Arab states having geographical access to either the Mediterranean or Indian Oceans including the oil producing states The wider political and military implications of the war are discussed with specific reference to super power interests The following chapters discuss the perceptual context of Arab politics the wars of 1967 and 1973 and the impact of Arab conflict imagery on an inherently escalatory situation the consequences and lessons of the June 1967 war or Six Day War and Arab coalition politics between 1970 and 1973 The final two chapters focus on the combined Egyptian Syrian battle plan code named Operation Badr and the historical and political implications of the 1973 war This monograph will be of interest to diplomats policymakers and government officials concerned with the politics of war and in international relations more generally **Field of Reeds** James B. Mayfield,2012-11-14 Have you ever wondered 1 Who built the Pyramids of Egypt and who are their descendents today 2 Why does the author challenge the great Greek historian Herodotus by auguring that Egypt is more a gift from the Fellahin than a gift of the Nile 3 What great event happened in the early 1960s that completely changed the life of the peasants of Egypt 4 Why did the peasants fellahin of Egypt not engage in a massive revolt in the 1990s when the Government allowed landowners to reclaim their land that the peasants had been cultivating for over 30 years 5 Do you know the story of the village of Dinshaway that precipitated a national crisis and that eventually forced Great Britain to leave Egypt after over fifty years of colonial rule 6 Are the villagers of Egypt prone to violence or to submissiveness and what does that tell us about the future of Egypt 7 Which farmers in the world have the highest yields in wheat rice and corn 8 Are the villagers of Egypt favorable to the Islamic extremist or more favorable to some form of democracy based upon moderate Islam 9 Where do villagers say they want to live if they could live any place in the world 10 Why did a friend email the author on September 12 2012 and tell him Please tell the American people that the Egyptians they see storming the American embassy do not represent the people of Egypt They are mostly a misguided minority of people who see the world through clouded glasses of hatred and bigotry provoked and misinformed by extremists who share an agenda that is unIslamic violent and destructive for Egypts future Dr James Mayfield professor of Middle East Studies since 1967 has been studying the villages of Egypt as a student professor researcher trainer manager and consultant for over 40 years This is a very comprehensive multi disciplinary study of the rural Egypt This book presents chapters on the history the culture the local government system village schools and health care systems the agricultural

systems causes and solutions for extreme poverty the challenge of establishing a civil society in Egypt and what prospects there are or democracy in Egypt Each chapter includes a short narration story that brings the existence and culture of the Egyptian villagers to life through short but rich examples of how the Egyptian peasants fellahin live work and survive in a world filled with challenges problems but also opportunities and hope for the future

Occidentalism and the Egyptian Novel Lorenzo Casini, 2024-12-26 This book examines Occidentalism or the set of cultural literary and political uses of the West in the works of canonical 20th and 21st century Egyptian novelists Beginning with the writings of Muhammad Husayn Haykal Lorenzo Casini here traces the way that imaginaries and representations of the West became bound up with the notions of modernity and national identity with which Egyptian novelists grappled from the works of Tawfiq al Hakim to those of Taha Husayn The book also explores the trope of the European woman as an embodiment of the free modern seductive West as an essential facet of Occidentalism in this formative period The second part of the book examines the ways in which later novelists from Latifa al Zayyat and Yusuf Idris to Radwa Ashur and Ahdaf Soueif subverted dominant Occidentalist themes as a way of re examining concepts of personal political and national identity The author argues that these later novelists reacted to the changing political circumstances in Egypt from Nasser's rule and the slide to authoritarianism to the 2011 Revolution to envisage different kinds of Egyptian political community with a more complicated and less binary relationship with the imagined West
